Thank God It's Monday! Larry Dickman, 2021-01-12 Monday = A God-given opportunity to begin again. The message is worth keeping top of mind as every single Monday gives us a chance for new opportunities. But strangely, everyone celebrates the end of the workweek by exclaiming, "TGIF!" Larry Dickman, a salesman, former part-time pastor, and motivational speaker turns that logic on its head with this homage to taking pride in work. He highlights how every Monday gives each of us one more opportunity to do better and be better. Learn how to: • overcome last week's mistakes; • appreciate life's blessings; • decide what you want out of life; • leave a lasting legacy. Throughout the book, Dickman looks

to the lives of legends from all walks of life, such as Martin Luther King Jr., Lou Holtz, Elvis Presley, and Gen. Douglas MacArthur to highlight important lessons. He also shares wisdom from some lesser-known individuals, such as Saladmaster dealer Mark Benson, Saladmaster salesman Chris Nathatis, and other business professionals. Join the author as he shares lessons from a lifetime of always walking into Mondays with a smile.

The Point of Deflection Dr. M. Bahaidar, 2018-01-23 The Point of Deflection is a book that gives you a deeper understanding of why people change in perception or even in behavior. Have you ever asked a kid what they want to be when they grow up? A quick answer may come up, such as being a doctor, a pilot, or whichever career they may be passionate about. But give it a duration of ten to fifteen years and ask a similar question to the same individuals, and the feedback may differ. So the question is, what changed? What makes us different? Is it the influence of our society, family, and friends? Or is it the circumstance and peer pressure that mold us into better or worse individuals? Life is all about the steps we take that land us into either the arms of success or failure. All in all, these decisions are ours to make, and sometimes these choices may put us into an edge, stranded and with no hope. Going back may not be an option anymore, and heading forth is hopeless as a huge ocean of calamities may be confronting us with limited privileges since we are on a dead end. At this point, it's where people lose hope and give up, or some even commit suicide. We lose sight of our dreams and goals, and we forget destiny has a distinctive way of viewing things. A huge obstacle of natural disaster and nuclear crisis in Japan brought forth profound individuals such as Soichiro Honda. So instead of giving up, that may be destiny's way of leading us into a different quest, which we may have no idea about. Rest assured that passion can be found in the darkest of circumstances.

Hidden Self Dr. M. Bahaidar, 2017-03-17 Most of us have earned names out of the situations we find ourselves. Some are authentic while others are fictions. All in all, we all need to define and understand how we operate in our daily grind. Understanding ourselves might change our perception on how we view situations. Let's not confine ourselves to only one side of the coin. Mostly there is duality in existence; bad and good; happiness and sadness. With that in mind, life then becomes a puzzle with men trying to define it for decades. How were we to define life in a general perspective while we all pass through divergent occurrence. We can't conclude on life by speculating someone's journal or even someone's experience. Life will only be determined by how we view ourselves. Knowing yourself is a key factor, to personal development and achieving potentials triumph. Individuals such as Arnold Schwarzenegger were able to reach their point of success after accepting their inner self. They had to unleash the potentials they held within. To Attain 7 Mr. Olympia titles, 13 gold medals and 1 Mr. Universe title was a huge breakthrough on his part. Although it isn't an easy task but through understanding yourself and working diligently towards your desired dreams, it then becomes a reality. Once we are able to fathom our structures of existence and how they operate within us. I see no obstacle to not only master our mode of living but also being able to attain all our desired dream and making them a reality.

Ask The Sales Coach-Practical Answers to the Questions Sales People Ask Most Susan A. Enns, 2019-02-20 Contrary to the popular belief, sales people don't rely on "the gift of the gab" to be successful. Actually, the opposite is true. The best sales professionals spend far more time asking and listening than they do talking and selling. They ask questions of their customers; they ask questions of their colleagues, and they ask questions of their managers. If Oxford defines curiosity as the strong desire to know or learn something, then by that definition, sales people are curious by nature. In fact, that's how sales professionals learn to be professional in the first place. This is a collection of practical answers to questions sales people ask most. Written by Susan A. Enns, a professional sales coach with a proven track record of sales excellence over her 30 plus year career. Her accomplishments include consecutively being the top sales rep in Canada, managing the top sales branch, and achieving outstanding sales growth in a national channel sales organization. She has written several books about sales and sales management and has created numerous automated sales tools. Her work has been published in several locations numerous times and has sold on five separate continents. As such, over the years, Susan has been asked many questions by many sales people. After a while, she saw that sales people, regardless of their experience, the products they sell, the industries in which they operate, or the countries where they sell, all share similar curiosities. In other words, although the wording may be different when asked in an email or when asked in person, sales people all ask the same questions, the most common of which are answered in this ebook. As the old saying goes, the only stupid questions are the ones unasked. As a sales professional, you should never be afraid to "Ask the Sales Coach" because you will learn so much from the answers! - Susan really knows the selling world. She's honest, articulate, bright, giving, highly competent, personable and a top professional. Welcome her. It's the right thing to do. - Our company hired Susan as our sales coach. She has helped me make more appointments, close more deals and make more money. The 3 most important concepts in sales. I would recommend any sales force hire her to help boost business sales. - Susan ...understands the sales process intimately and is able to create a management process around it that drives sales people to accomplish their goals. - Susan knows her

stuff. She brings many years of great sales experience and success to anyone who wished to improve their skills in sales. She is very personable, and is not afraid to tell it like it is. I would recommend anyone (and I have) to Susan, her website, her books if you want to become a better sales person. - "Thanks for the training... I made my quota this year in May!"

The reader can hear the pfsst of beers opening and smell the cigar smoke swirling about the bourbon-soaked history of the 4Day, as it comes to life in stories told among paddlers on the river, round the evening campfire, and bellied up to northern bars, the timeless yin It is with awe that we stand, two paddling hours upstream from the Fox River Campground, at the top of the well-named Fox River Overlook, this years launch site, with its spectacular view 150 above the winding river valley below. We talk of how, almost 2,000 years ago, this view must have affected the Native American Ojibwa, les Ojibwes, when they first walked to the edge of this cliff. Silence falls over the boys, a rare respite from jokes n stories, as they absorb the scene the pines across the valley and tag alders crowding the Fox below, the rivers gorgeous dark reddish-brown color the result of tannins, the decaying leaves and other vegetation along the riverside. & yang...
