Buckhead isn’t a place you live, it’s a place you survive. And that applies even to the wealthy housewives that have it all. Fancy cars, designer clothes, and daily salon appointments aren’t nearly enough to keep them fulfilled and happy. Because in this town, privilege and opulence go hand in hand with betrayal and revenge. Jenny, the owner of Glow, an exclusive membership-only beauty salon, knows that better than anyone, because she knows everything about these housewives—down to each individual strand of hair. Despite the toxicity, Jenny keeps her focus on running her business, and keeping the peace. However, peace proves to be impossible when one of her clients is murdered. Now, it’s up to Jenny and her knowledge of neighborhood secrets and gossip to help the police solve the case. It won’t be easy though, because while Buckhead may be all about appearances, nothing is as it seems. Never have mean girls been meaner, nor murder been so much fun than in this “sublimely bitchy” (Kirkus Reviews) and scandalous suspense novel from Jeneva Rose, the “queen of twists” (Colleen Hoover).

21st-Century Narratives of Maternal Ambivalence Rachel Williamson, 2023-09-15 Motherhood has long been depicted in reductive or limited terms. At once valorized and configured as the ultimate end-goal for socially condoned femininity, maternity is also highly mediated and scrutinized. This has resulted in a representational tradition that persists in imagining maternal subjects in rigid binary terms, pitting good mothers against bad. Largely in response to this repressive schema, recent years have marked the emergence of a diverse range of visual and literary texts about motherhood. While such texts vary in style, genre and form, this book argues that they are unified in their efforts to publicize embodied maternal experience and foreground maternal ambivalence, a concept that is best understood as a mother's capacity to simultaneously love and hate her child. Although maternal ambivalence has become an increasingly popular topic of study with maternal scholars, its articulation within contemporary representations and narratives has yet to be adequately theorized and addressed, and this book aims to fill this gap.

The Delaney family love one another dearly—it's just that sometimes they want to murder each other . . . If your mother was missing, would you tell the police? Even if the most obvious suspect was your father? This is the dilemma facing the four grown Delaney siblings. The Delaneys are fixtures in their community. The parents, Stan and Joy, are the envy of all of their friends. They're killers on the tennis court, and off it their chemistry is palpable. But after fifty years of marriage, they've finally sold their famed tennis academy and are ready to start what should be the golden years of their lives. So why are Stan and Joy so miserable? The four Delaney children—Amy, Logan, Troy, and Brooke—were tennis stars in their own right, yet as their father will tell you, none of them had what it took to go all the way. But that's okay, now that they're all successful grown-ups and there is the wonderful possibility of grandchildren on the horizon. One night a stranger named Savannah knocks on Stan and Joy's door, bleeding after a fight with her boyfriend. The Delaneys are more than happy to give her the small kindness she sorely needs. If only that was all she wanted. Later, when Joy goes missing, and Savannah is nowhere to be found, the police question the one person who remains: Stan. But for someone who claims to be innocent,

he, like many spouses, seems to have a lot to hide. Two of the Delaney children think their father is innocent, two are not so sure—but as the two sides square off against each other in perhaps their biggest match ever, all of the Delaneys will start to reexamine their shared family history in a very new light.
