Jeanne H. Ballantine, Keith A. Roberts

Aldous Huxley's Brave New World Sharon Yunker, 1995 REA's MAXnotes for Aldous Huxley's Brave New World MAXnotes offer a fresh look at masterpieces of literature, presented in a lively and interesting fashion. Written by literary experts who currently teach the subject, MAXnotes will enhance your understanding and enjoyment of the work. MAXnotes are designed to stimulate independent thought about the literary work by raising various issues and thought-provoking ideas and questions. MAXnotes cover the essentials of what one should know about each work, including an overall summary, character lists, an explanation and discussion of the plot, the work's historical context, illustrations to convey the mood of the work, and a biography of the author. Each chapter is individually summarized and analyzed, and has study questions and answers.

Aldous Huxley Alessandro Maurini, 2017-01-30 Aldous Huxley: The Political Thought of a Man of Letters argues that Huxley is not a man of letters engaged in politics, but a political thinker who chooses literature to spread his ideas. His preference for the dystopian genre is due to his belief in the tremendous impact of dystopia on twentieth-century political thought. His political thinking is not systematic, but this does not stop his analysis from supplying elements that are original and up-to-date, and that represent fascinating contributions of political theory in all the spheres that he examines from anti-Marxism to anti-positivism, from political realism to elitism, from criticism of mass society to criticism of totalitarianism, from criticism of ideologies to the future of liberal democracy, from pacifism to ecological communitarianism. Huxley clearly grasped the unsolved issues of contemporary liberalism, and the importance of his influence on many twentieth-century and present-day political thinkers ensures that his ideas remain indispensable in the current liberal-democratic debate. Brave New World is without doubt Huxley's most successful political manifesto. While examining the impassioned struggle for the development of all human potentialities, it yet manages not to close the doors definitively on the rebirth of utopia in the age of dystopia.

Aldous Huxley Annual Bernfried Nugel, Jerome Meckier, 2023-08-24 Volume 22 opens with two little-known Huxley writings, A Lunndon Mountaineering Essay (1914), edited by Gerhard Wagner, and Huxley's contributions in French at the Paris 1933 congress on the future of the European spirit, edited and translated into English by James Sexton. This section is followed by a further selection of papers from the Seventh International Aldous Huxley Symposium held at Toulon in October

2021, many of them devoted to a variety of neglected Huxley issues or to the second part of the Huxley Forum, entitled Aldous Huxley's Controversial Philosophical Theories. An overview of the conference program can be consulted on the Internet via <https://sites.univ-tln.fr/huxley-toulon/en/program/>. The volume closes with further articles on Huxley's concept of the ultimate revolution, on an aficionado's life-long personal experience with Huxley's works, and on Huxley's many-sided response to Charles Dickens.

The Art of Public Strategy Geoff Mulgan, 2010-07-08 The strategies adopted by governments and public officials can have dramatic effects on peoples' lives. The best ones can transform economic laggards into trailblazers, eliminate diseases, or sharply cut crime. Strategic failures can result in highly visible disasters, like the shrinking of the Russian economy in the 1990s, or the aftermath of Hurricane Katrina in New Orleans in 2005. This book is about how strategies take shape, and how money, people, technologies, and public commitment can be mobilized to achieve important goals. It considers the common mistakes made, and how these can be avoided, as well as analysing the tools governments can use to meet their goals, from targets and behaviour change programmes, to innovation and risk management. Written by Geoff Mulgan, a former head of policy for the UK prime minister, and advisor to governments round the world, it is packed with examples, and shaped by the author's practical experience. The author shows that governments which give more weight to the long-term are not only more likely to leave their citizens richer, healthier, and safer; they're also better protected from being blown off course by short-term pressures. The book is essential reading for anyone involved in running public organizations - from hospitals and schools to national government departments and local councils - and for anyone interested in how government really works.

Huxley's Brave New World: Essays David Garrett Izzo, Kim Kirkpatrick, 2014-07-15 Aldous Huxley's prophetic novel of ideas warned of a terrible future then 600 years away. Though *Brave New World* was published less than a century ago in 1932, many elements of the novel's dystopic future now seem an eerily familiar part of life in the 21st century. These essays analyze the influence of *Brave New World* as a literary and philosophical document and describe how Huxley forecast the problems of late capitalism. Topics include the anti-utopian ideals represented by the rigid caste system depicted, the novel's influence on the philosophy of culture industry philosophers Max Horkheimer and Theodor Adorno, the Nietzschean birth of tragedy in the novel's penultimate scene, and the relationship of the novel to other dystopian works.

In the Name of Liberty Mark R. Reiff, 2020-04-30 This book reclaims the argument from liberty from the political right to justify universal unionization and other progressive policies.

Aldous Huxley Annual. Volume 16 (2016) Bernfried Nugel, Jerome Meckier, 2018-02-22 Volume 16 presents a miscellany of uncollected Huxley essays, edited by James Sexton, to be followed by a first selection of papers from the Sixth International Aldous Huxley Symposium held at Almeria in April 2017. This section opens with an essay that fills a blank spot on the map of Huxley criticism, James Sexton's study of Huxley and architecture. The volume continues with several articles

(including one not from Almeria) on *Brave New World* and its wider context and closes with essays on Huxley's lifelong struggle with his deficient eyesight and on his view of the art of dying. (Series: Aldous Huxley Annual, Vol. 16) [Subject: Literary Studies, Aldous Huxley, Literary Criticism]

Works studied include the Bible, Greek mythology, tales from the Middle Ages (including those about the Golem and Dr. Faustus), *Gulliver's Travels*, *Frankenstein*, *Dr. Jekyll and Mr. Hyde*, and works by Jules Verne, H.G. Wells, George Orwell, Bertrand Russell, and Aldous Huxley, among others.

The Death and Resurrection of a Coherent Literature Curriculum Sandra Stotsky, 2012-06-16 This book is addressed to teachers who know that the secondary literature curriculum in our public schools is in shambles. Unless experienced and well-read English teachers can develop coherent and increasingly demanding literature curricula in their schools, average high school students will remain at about the fifth or sixth grade reading level—where they now are to judge from several independent sources. This book seeks to challenge education policy makers, test developers, and educators who discourage the assignment of appropriately difficult works to high school students and make construction of a coherent literature curriculum impossible. It first traces the history of the literature curriculum in our middle schools and high schools and shows how it has been diminished and distorted in the past half-century. It then offers examples of coherent literature curricula and spells out the cognitive principles upon which coherence is based. Finally, it suggests what English teachers in our public schools could do to develop a literature curriculum that gives all their students an adequate basis for participation in an English-speaking civic culture.

Reconstructing Modernism Ashley Maher, 2020-03-12 *Reconstructing Modernism* establishes for the first time the centrality of modernist buildings and architectural periodicals to British mid-century literature. Drawing upon a wealth of previously unexplored architectural criticism by British authors, this book reveals how arguments about architecture led to innovations in literature, as well as to redesigns in the concept of modernism itself. While the city has long been a focus of literary modernist studies, architectural modernism has never had its due. Scholars usually characterize architectural modernism as a parallel modernism or even an incompatible modernism to literature. Giving special attention to dystopian classics *Brave New World* and *Nineteen Eighty-Four*, this study argues that sustained attention to modern architecture shaped mid-century authors' political and aesthetic commitments. After many writers deemed modernist architects to be agents for communism and other collectivist movements, they squared themselves--and literary modernist detachment and aesthetic autonomy--against the seemingly tyrannical utopianism of modern architecture; literary aesthetic qualities were reclaimed as political qualities. In this way, *Reconstructing Modernism* redraws the boundaries of literary modernist studies: rather than simply adding to its canon, it argues that the responsibility for defining literary modernism for the mid-century public was shared by an incredible variety of authors--Edwardians, modernists, satirists, and even anti-modernists.

The World Bank Legal Review Hassane Cissé, Daniel D. Bradlow, Benedict Kingsbury, 2011-11-04 This book focuses on the legal challenges and opportunities for International Financial Institutions in the post-crisis world. It includes contributions from academics, practitioners and Bank staff. The contributions cover a broad array of issues, included governance reform and constitutional framework of IFIs, privileges and immunities, responsibility of international organizations, issues related to fragile and conflict-affected states, climate finance, and the recent financial crisis. The book is organized in three main areas, namely (i) Law of International Organizations: Issues Confronting IFIs; (ii) Legal Obligations and Institutions of Developing Countries: Rethinking Approaches of IFIs; and (iii) International Finance and the Challenges of Regulatory Governance.

Peter Maurin Marc H. Ellis, 2010-05-01 In *Peter Maurin: Prophet in the Twentieth Century*, Marc H. Ellis traces Maurin's life from his early years--as peasant, brother, and Catholic activist--through his meeting with Dorothy Day. Ellis' *Chronicle* focuses on the consequences of that meeting: the founding of the Catholic Worker movement and newspaper, the founding of hospitality, the farming communes. *Peter Maurin: Prophet in the Twentieth Century* is the first biography to really examine Maurin's thought. A commitment to non-violent reform and to a life of poverty were chief tenets of Maurin's philosophy; it was Maurin's notion that farmers and scholars would labor and learn together in the ideal world. Ellis discusses these and other ideas of Maurin, their development and their particular importance today.

Aldous Huxley Annual. Volume 12/13 (2012/2013) Bernfried Nugel, Jerome Meckier, 2014-11-20 Volume 12/13 of the *Aldous Huxley Annual* begins with a discussion of a lecture Huxley gave in Italian, an appraisal of his never-completed

project of a novel on Catherine of Siena, and his recently re-discovered drawings for Leda. Further critical articles on particular aspects of Huxley's work follow, together with the second Peter Edgerly Firchow Memorial Prize Essay by Hisashi Ozawa of King's College London. A painting by Carolyn Mary Kleefeld ushers in the second part of the book, which contains a selection of papers from the Oxford Symposium held in 2013. (Series: Aldous Huxley Annual - Vol. 12/13) [Subject: Literary Criticism, Art]

Satire John T. Gilmore, 2017-12-02 What is satire? How can we define it? Is it a weapon for radical change or fundamentally conservative? Is satire funny or cruel? Does it always need a target or victim? Combining thematic, theoretical and historical approaches, John T. Gilmore introduces and investigates the tradition of satire from classical models through to the present day. In a lucid and engaging style, Gilmore explores: the moral politics of satire whether satire is universal, historically or geographically limited how satire translates across genres and media the boundaries of free speech and legitimacy. Using examples from ancient Egypt to Charlie Hebdo, from European traditions of formal verse satire to imaginary voyages and alternative universes, newspaper cartoons and YouTube clips, from the Caribbean to China, this comprehensive volume should be of interest to students and scholars of literature, media and cultural studies as well as politics and philosophy.

Our Social World Jeanne H. Ballantine, Keith A. Roberts, 2011-10-26 In this brief text, two leaders of the Teaching Sociology movement encourage students' development of their sociological imaginations through role-taking. Assuming the role of a child living in poverty in India or of a member of an African tribe, students learn to re-envision their global society. An innovative, integrated framework provides core sociological concepts, while features such as Contributing to Our Social World enable students to "do" public sociology. Our Social World: Condensed Version presents the perspective of students living in the larger global world.
