The A to Z of Italian Cinema Gino Moliterno, 2009-10-12 The Italian cinema is regarded as one of the great pillars of world cinema. Films like *Ladri di biciclette* (1948), *La dolce vita* (1960), and *Nuovo cinema Paradiso* (1988) attracted unprecedented international acclaim and a reputation, which only continue to grow. Italian cinema has produced such acting legends as Sophia Loren and Roberto Benigni, as well as world-renowned filmmakers like Federico Fellini, Sergio Leone, Mario Bava, Dario Argento, and Lina Wertmüller, the first woman to ever be nominated for the Best Director award. The A to Z of Italian Cinema provides a better understanding of the role Italian cinema has played in film history through a chronology, an introductory essay, a bibliography, appendixes, black-&-white photos, and hundreds of cross-referenced dictionary entries on actors, actresses, movies, producers, organizations, awards, film credits, and terminology.

Fame Amid the Ruins Stephen Gundle, 2019-11-04 Italian cinema gave rise to a number of the best-known films of the postwar years, from *Rome Open City* to *Bicycle Thieves*. Although some neorealist film-makers would have preferred to abolish stars altogether, the public adored them and producers needed their help in relaunching the national film industry. This book explores the many conflicts that arose in Italy between 1945 and 1953 over stars and stardom, offering intimate studies of the careers of both well-known and less familiar figures, shedding new light on the close relationship forged between cinema and society during a time of political transition and shifting national identities.

**A Chronology of the Cinema Volume 1 From the pioneers to 1960** Mirko Riazzoli, 2017-09-19 This Chronology of the Cinema, of which we propose here the first volume, aims to retrace the history of the seventh art in the different countries of the world by chronicling year by year its main events and developments, starting from the birthdates of the pioneers and inventors who preceded the Lumière brothers to reach until the year 2015, with the goal to offer the readers a global perspective on its birth, evolution and diffusion over time. This first volume covers the period going from 1830 to 1960. The information presented for each year is divided into thematic sections. The first one, titled Personalities, reports the births and the deaths of the most important persons (directors, art directors, producers, actors, costume designers, cinematographers, theoreticians, critics, etc.) in the history of the cinema, together with the positions they covered in their careers. Across its three volumes, this Chronology offers information on more than 3000 persons. The second section, titled Movies, lists the most relevant movies made during the year reporting for each of them the essential details like: director,

English title and original title, genre, producing country, technology (film and sound), scriptwriter, editor, cinematographer, production designer/art director, producer, composer, costume designer, make-up artist, special effect artist and actors. Across its three volumes, this Chronology offers information on more than 3000 films. The third section, titled Events, reports the main events in the history of cinema as: the first screenings and the first movies made in the different countries, the inventions and technologies that affected and innovated this art, the creation of production companies, movie archives and other institutions (cinema schools, censorship offices, festivals), and the publication of the most important theoretical essays, cinema magazines and artistic manifestos. The fourth section, titled Film Awards, reports for each year the winners of various important awards, divided by categories, at national and international festivals and events in the different continents to offer a more articulated point of view on the seventh art across the world. Among the awards and festivals here considered are: Golden Globe, Academy Awards, Venice Film Festival, Cannes Festival, BAFTA, Berlin Film Festival, Moscow Film Festival, Ouagadougou International Film Festival, Tokyo International Film Festival and the Mar de la Plata Festival.

A History of Italian Cinema Peter Bondanella, Federico Pacchioni, 2017-10-19 A History of Italian Cinema, 2nd edition is the much anticipated update from the author of the bestselling Italian Cinema - which has been published in four landmark editions and will celebrate its 35th anniversary in 2018. Building upon decades of research, Peter Bondanella and Federico Pacchioni reorganize the current History in order to keep the book fresh and responsive not only to the actual films being created in Italy in the twenty-first century but also to the rapidly changing priorities of Italian film studies and film scholars. The new edition brings the definitive history of the subject, from the birth of cinema to the present day, up to date with a revised filmography as well as more focused attention on the melodrama, the crime film, and the historical drama. The book is expanded to include a new generation of directors as well as to highlight themes such as gender issues, immigration, and media politics. Accessible, comprehensive, and heavily illustrated throughout, this is an essential purchase for any fan of Italian film.

**The Italian Cinema Book** Peter Bondanella, 2019-07-25 THE ITALIAN CINEMA BOOK is an essential guide to the most important historical, aesthetic and cultural aspects of Italian cinema, from 1895 to the present day. With contributions from 39 leading international scholars, the book is structured around six chronologically organised sections: THE SILENT ERA (1895-22) THE BIRTH OF THE TALKIES AND THE FASCIST ERA (1922-45) POSTWAR CINEMATIC CULTURE (1945-59) THE GOLDEN AGE OF ITALIAN CINEMA (1960-80) AN AGE OF CRISIS, TRANSITION AND CONSOLIDATION (1981 TO THE PRESENT) NEW DIRECTIONS IN CRITICAL APPROACHES TO ITALIAN CINEMA Acutely aware of the contemporary 'rethinking' of Italian cinema history, Peter Bondanella has brought together a diverse range of essays which represent the cutting edge of Italian film theory and criticism. This provocative collection will provide the film student, scholar or enthusiast with a comprehensive understanding of the major developments in what might be called twentieth-century Italy's

greatest and most original art form.

*Historical Dictionary of Italian Cinema* Gino Moliterno, 2008-09-29 The Historical Dictionary of Italian Cinema provides a better understanding of the role Italian cinema has played in film history through a chronology, an introductory essay, a bibliography, appendixes, black-&-white photos, and hundreds of cross-referenced dictionary entries on actors, actresses, movies, producers, organizations, awards, film credits, and terminology.

*Post-War Italian Cinema* Daniela Treveri Gennari, 2011-02-23 This book focuses on the involvement of the United States and the Vatican in the Italian film industry between 1945 and 1960. Gennari analyzes the tensions between economic (film industry), political (government) and ideological pressures.

**A Companion to Italian Cinema** Frank Burke, 2017-04-13 Written by leading figures in the field, *A Companion to Italian Cinema* re-maps Italian cinema studies, employing new perspectives on traditional issues, and fresh theoretical approaches to the exciting history and field of Italian cinema. Offers new approaches to Italian cinema, whose importance in the post-war period was unrivalled Presents a theory based approach to historical and archival material Includes work by both established and more recent scholars, with new takes on traditional critical issues, and new theoretical approaches to the exciting history and field of Italian cinema Covers recent issues such as feminism, stardom, queer cinema, immigration and postcolonialism, self-reflexivity and postmodernism, popular genre cinema, and digitalization A comprehensive collection of essays addressing the prominent films, directors and cinematic forms of Italian cinema, which will become a standard resource for academic and non-academic purposes alike

Diva Angela Dalle Vacche, 2008-03-15 Animated by a luminous goddess at its center, the diva film provided a forum for denouncing social evils and exploring new models of behavior among the sexes...Dalle Vacche offers the first authoritative study of this important film genre of the cinema that preceded the First World War...Contrasting the Italian diva with the Hollywood vamp Theda Bara and the famous Danish star Asta Nielsen, Dalle Vacche shows how the diva oscillates between articulating Henri Bergson's vibrant life-force and representing the suffering figure of the Catholic mater dolorosa. -- Cover.

*The Non-Professional Actor* Catherine O'Rawe, 2023-11-16 Provides the first critical overview of acting, stardom, and performance in post-war Italian film (1945-54), with special attention to the figure of the non-professional actor, who looms large in neorealist filmmaking. Italian post-war cinema has been widely celebrated by critics and scholars: films such as *Bicycle Thieves* (De Sica, 1948) and *Paisan* (Rossellini, 1946) remain globally influential, particularly for their use of non-professional actors. This period of regeneration of Italian cinema initiated the boom in cinemagoing that made cinema an important vector of national and gender identity for audiences. The book addresses the casting, performance, and labour of non-professional actors, particularly children, their cultural and economic value to cinema, and how their use brought ideas of the ordinary into the discourse of stars as extraordinary. Relatedly, O'Rawe discusses critical and press discourses around

acting, performance, and stardom, often focused on the 'crisis' of acting connected to the rise of non-professionals and the girls (like Sophia Loren) who found sudden cinematic fame via beauty contests.

**Salerno e il cinema** Pasquale Iaccio, Rita Mariagrazia Cianci, 2025-03-20 Salerno, pur essendo luogo di nascita di personaggi importanti per la storia del cinema, non solo italiano, ha finito per ignorare per lungo tempo le sue glorie cittadine. La ricerca si è proposta di ribaltare la prospettiva e di delineare uno sguardo d'insieme su Salerno e il cinema, un tema complesso che riguarda un lungo arco temporale e che investe ambiti differenti oltre la sola storia del cinema: la cultura in tutti i suoi aspetti, l'immaginario collettivo, l'antropologia, la sociologia, la comunicazione, o - meglio - il rapporto del cinema con i diversi e molteplici fenomeni sociali che si sono susseguiti dalle origini delle immagini in movimento ai nostri giorni. È importante esaminare come una rappresentazione di un luogo geografico, ma anche antropologico e culturale, frutto di secoli di rappresentazioni visive, legate agli strumenti e al gusto dei tempi, arrivi al secolo del cinema e assorba o modifichi il precipitato di una lunga tradizione dell'immagine e come questa si trasformi in ragione dell'evoluzione tecnica dello strumento cinematografico e della nascita di nuovi generi. La ricerca, oltre che dedicarsi a una singola fonte (il testo), si è proposta di dare per la prima volta uno sguardo d'insieme su un luogo geografico, come la città di Salerno, nel momento in cui il cinema si è inserito nel flusso della storia delle varie epoche (il contesto). Pasquale Iaccio ha insegnato Storia del cinema alla Federico II e Storia del Cinema e Documentario Italiano all'Università degli Studi di Salerno, è stato organizzatore per oltre venti anni della Rassegna universitaria Filmidea, dirige la collana Cinema e Storia della Casa editrice Liguori di Napoli. Per anni è stato consulente dell'Italian Film Festival presso l'Istituto Italiano di Cultura di Stoccolma, ha approfondito i rapporti tra il cinema e la storia e il cinema e il Mezzogiorno. Rita Mariagrazia Cianci ha conseguito la laurea magistrale in Storia e Critica d'Arte presso l'Università degli Studi di Salerno nel 2018. Ha svolto attività di ricerca presso il Dipartimento di Scienze del Patrimonio Culturale dell'Università degli Studi di Salerno nell'ambito del Progetto VASARI - Valorizzazione Smart del Patrimonio Artistico delle città Italiane (2020) e del Progetto Creative Lab: Innovazione e imprenditorialità per nuovi modelli di gestione e valorizzazione del patrimonio culturale (2023).

*Cesare Zavattini's Neo-realism and the Afterlife of an Idea* David Brancalone, 2021-07-15 How many Zavattinis are there? During a life spanning most of the twentieth century, the screenwriter who wrote *Sciuscià*, *Bicycle Thieves*, *Miracle in Milan*, and *Umberto D.* was also a pioneering magazine publisher in 1930s Milan, a public intellectual, a theorist, a tireless campaigner for change within the film industry, a man of letters, a painter and a poet. This intellectual biography is built on the premise that in order to understand Zavattini's idea of cinema and his legacy of ethical and political cinema (including guerrilla cinema), we must also tease out the multi-faceted strands of his interventions and their interplay over time. The book is for general readers, students and film historians, and anyone with an interest in cinema and its fate.

**Radiografie del cinema** Gino Frezza, 2021-05-06T00:00:00+02:00 Cosa si deve intendere per radiografie del cinema? Il

libro di Gino Frezza prefigura una qualità dello sguardo investigativo sul cinema in grado di trapassare la superficie delle forme audiovisive, cercando di far trasparire, finalmente, le connessioni e i “sensi” del cinema forse meno visibili ma più radicalmente scolpiti in modo da farne risaltare l’incidenza culturale e sociale. Dalle questioni del rapporto fra cinema, “spirito del tempo” e pubblici alle narrazioni filmiche dedicate ai processi migratori (italiani e non), dal ruolo giocato dal “rischio” nella produzione e nel consumo dei film ai temi dell’immaginario italiano (con un’analisi sullo spazio del ristorante, del mangiare e della cucina in rapporto all’identità culturale) e a quelli delle narrazioni transmediali, questo libro articola e sviluppa vari nodi, critici e teorici, di una socio-mediologia in grado di interpretare secondo nuove prospettive il ruolo del cinema nell’epoca dei media digitali.

**Alterity and Identity in Italian Literature** Giulia M. Cipriani, 2024-10-15 In our modern era of hyperconnectivity, the intricacies of our interpersonal relationships wield a profound influence on our sense of self. Throughout history, Italian literature has served as a rich tapestry reflecting these dynamics, offering poignant glimpses into the interplay of identity, belonging, and the concept of the Other. *Alterity and Identity in Italian Literature: Encountering the Other from Dante to the Present* embarks on a journey spanning from the Middle Ages to contemporary times, traversing the diverse landscapes of Italian literary tradition. Through a nuanced diachronic lens, this volume explores how Italian authors across centuries have grappled with encounters with the Other. Each essay provides a unique perspective on the dynamic interplay between the Self and the Other through close readings of pivotal texts, including but not limited to Boccaccio’s *Decameron*, Tasso’s *Jerusalem Delivered*, Gadda’s *Acquainted with Grief*, and Ferrante’s *Neapolitan Novels*. From the grand epics of medieval Italy to the nuanced narratives of modern novels, this volume unveils the ways in which Italian literature serves as a mirror reflecting the complexities of human experience. It invites readers to immerse themselves in the timeless echoes of alterity that resonate throughout Italian literary history, offering profound insights into the enduring quest for understanding and identity.

*Il cinema è mito* Marcello Garofalo, 2020-02-21 Primo regista postmoderno secondo Quentin Tarantino, innovativo nella tecnica di ripresa, nel montaggio, nell'uso della colonna sonora - leggendario il sodalizio con Ennio Morricone - nella scelta e nella direzione degli attori, gigantesco e contraddittorio come i suoi film, Sergio Leone è stato per molti versi un vero spartiacque nella storia del cinema, per la capacità di unire citazionismo e invenzione narrativa, ironia e melodramma, disillusione e mito. Per arrivare a tanto sono bastati sette film in venticinque anni di carriera: una scorribanda nei generi cinematografici sui quali Hollywood ha costruito la propria leggenda, dall'esordio con il peplum *Il colosso di Rodi* alla «trilogia del dollaro», alle grandi saghe di *Giù la testa*, *C'era una volta il West* e *C'era una volta in America*, il gangster movie definitivo. Una vita stroncata troppo presto, prima di poter realizzare l'ultima, fantasmagorica scommessa: un kolossal a produzione russo-americana sull'assedio di Leningrado. Basandosi su un intenso rapporto personale con Leone, maturato

negli anni in cui il regista lavorava al suo ultimo sogno, su un ampio ventaglio di testimonianze e su un'analisi rigorosa della produzione filmica, Marcello Garofalo costruisce il ritratto intimo e convincente di un uomo geniale e complesso, e ne ricostruisce il ruolo decisivo – tra l'Italia e Hollywood – all'interno di quella che è stata forse l'ultima, grande stagione del cinema.

*The Films of Gianni Amelio* Antonio Vitti, 2009

*Nuvole mutanti* Gino Frezza, 2020-04-01T00:00:00+02:00 Pier Paolo Pasolini riteneva che le pagine dei fumetti fossero nuvole: immagini fluttuanti e cangianti, che attirano l'attenzione e incatenano lo sguardo. Questo libro segue la storia interna a questo straordinario mezzo di comunicazione e ne interpreta le dinamiche socio-culturali che hanno segnato il suo immaginario, nutrito, ibridato e contaminato con quello derivante da altre forme di comunicazione. Il libro ricostruisce alcuni momenti fondativi dell'immaginario dei fumetti e le capacità espressive di un medium che ha dialogato, per oltre un secolo, con la narrativa di massa, il cinema, l'animazione, la fiction televisiva. Tratteggia il ruolo detenuto dal fumetto italiano: il peso ricoperto dagli sceneggiatori nella sua interna evoluzione fra vari decenni, i formati editoriali che hanno caratterizzato stagioni come gli anni Trenta, il dopoguerra, gli anni Sessanta e gli Ottanta, l'attenzione vigile che i nostri autori hanno riversato sulla cultura angloamericana.

**Vittorio De Sica** Santiago Aguilar, Felipe Cabrerizo, 2015-04-23 Vittorio De Sica (1901-1974) necesita de bien poca presentación. Su rostro de galán maduro retrechero es tan emblemático de las comedias del neorrealismo rosa como la exuberancia anatómica de la Loren o la Lollo. Su apellido, en cambio, es sinónimo de neorrealismo. En *El limpiabotas*, *Ladrón de bicicletas*, *Milagro en Milán* y *Umberto D.* se cifra no solo una forma de hacer cine, sino de entender el mundo. Con la complicidad de Cesare Zavattini concibió y puso en práctica un nuevo modo de enfrentarse a lo real que configuró el debate teórico cinematográfico mundial durante una década. Jano bifronte, De Sica se disocia primero en galán teatral y cineasta comprometido, para escindir-se más adelante en artífice de productos de prestigio internacional avalados con cuatro premios Oscar y películas populares protagonizadas por Sofia Loren y Marcello Mastroianni. El presente estudio analiza su filmografía como director sin olvidar las otras facetas de su trabajo, ofreciendo una visión poliédrica de uno de los mayores hombres del espectáculo de la Europa del siglo XX.
