*Imperial Brothers* Ian Hughes,2013-08-05 The latest of Ian Hughes' Late Roman biographies here tackles the careers of the brother emperors, Valentinian and Valens. Valentinian was selected and proclaimed as emperor in AD 364, when the Empire was still reeling from the disastrous defeat and death in battle of Julian the Apostate (363) and the short reign of his murdered successor, Jovian (364). With the Empire weakened and vulnerable to a victorious Persia in the East and opportunistic Germanic tribes along the Rhine and Danube frontiers, not to mention usurpers and rebellions within, it was not an enviable position. Valentinian decided the responsibility had to be divided (not for the first or last time) and appointed his brother as his co-emperor to rule the eastern half of the Empire. Valentinian went on to stabilize the Western Empire, quelling revolt in North Africa, defeating the 'Barbarian Conspiracy' that attacked Britain in 367 and conducting successful wars against the Germanic Alemanni, Quadi and Saxons; he is remembered by History as a strong and successful Emperor. Valens on the other hand, fare less well and is most remembered for his (mis)treatment of the Goths who sought refuge within the Empire's borders from the westward-moving Huns. Valens mishandling of this situation led to the Battle of Adrianople in 378, where he was killed and Rome suffered one of the worst defeats in her long history, often seen as the 'beginning of the end' for the Western Roman empire. Ian Hughes, by tracing the careers of both men in tandem, compares their achievements and analyzes the extent to which they deserve the contrasting reputations handed down by history.

**Survival of the City** Edward Glaeser,David Cutler,2022-09-06 “Expansive and entertaining. . . . [A] fast-paced and highly readable journey . . . the book serves as a useful tool in the effort to redefine the role of the city in an age of increasingly polarized politics, and reminds us that urban health is—as Fiorello La Guardia once remarked about cleaning the streets—not a Democratic or Republican issue.” —New York Times Book Review One of our great urbanists and one of our great public health experts join forces to reckon with how cities are changing in the face of existential threats the pandemic has only accelerated Cities can make us sick. That’s always been true—diseases spread more easily when more people are close to one another. And cities have been demonized as breeding grounds for vice and crime from Sodom and Gomorrah on. But cities have flourished nonetheless because they are humanity’s greatest invention, indispensable engines for creativity, innovation, wealth, and civilization itself. But cities now stand at a crossroads. During the global COVID crisis, cities grew silent; the normal forms of socializing ground to a halt. How permanent are these changes? Advances in technology mean that many people can opt out of city life as never before. Will they? Are we on the brink of a post-urban world? City life will survive, but individual cities face terrible risks, argue Edward Glaeser and David Cutler, and a wave of urban failure would be absolutely disastrous. In terms of intimacy and inspiration, nothing can replace what cities offer. But great cities have always demanded great management, and our current crisis has exposed fearful gaps in our capacity for good governance. In America, Glaeser and Cutler argue, deep inequities in health care and education are a particular blight on the future of our cities; solving them will be the difference between our collective good health and a downward spiral to a much darker place.

*The Winepress of God's Wrath* Steve A. Hamilton, 2021-06-29 Without exception, this is the most revealing commentary of the book of Revelation in decades! This fresh and historically researched commentary reveals what early Christians had known so many years ago about the apocalypse. After 1,900 years, present-day Christians finally have a reliable document that explains Christ's prophetic book. This commentary contains amazing insights. One of the main adversaries in the book of Revelation was a prominent historical figure. He was known as the savior of the church. People looked up to him and worshipped him. The apostle Paul called him the man of sin and the son of perdition (2 Thessalonians 2:3). The apostle John, in one of his earlier writings, called him the Antichrist (1 John 2:18). Those who failed to get their names written in the Book of Life marveled at his presence in eternal punishment (Revelation 17:8). That person is identified by name in this commentary. Armageddon is more than a great battle in the book of Revelation. It is the one defining event that will affect everyone's life. The number of combatants "is as the sand of the sea." Yet the battle will be over before it ever begins (Revelation 20:8-9). The bowls of God's wrath were poured out on a wicked and unsuspecting world. Historically, "a foul and loathsome sore came upon the men who had the mark of the beast and those who worshipped his image" (Revelation 16:2). This plague was described in detail by writers who lived as it occurred. This commentary includes their firsthand accounts. *The Winepress of God's Wrath* depicts God's anger at a wicked society while providing hope and comfort to believers. The theme in the book of Revelation is clear—the wicked will not escape destruction. Only obedient Christians will avoid the winepress of God's wrath.
