

# Discurso Dia Del Trabajador

**Arturo Cuomo**

Los discursos del poder Liliana Viola, 2001 La historia no solo está hecha de acciones, sino también de discursos. Discursos que encendieron el heroísmo de sus destinatarios a la hora de la batalla y que tornaron posible la idea de morir y matar por la patria. Discursos que otorgaron un sentido de unidad a los habitantes de un territorio. Discursos que despertaron nuevas ideas o abrieron nuevos horizontes. Palabras, en definitiva, que contribuyeron a cambiar el curso de la historia. Este libro reúne los discursos más memorables que se han pronunciado a lo largo de la historia, teniendo en cuenta además los espacios que suelen ser parte de la escena. Así el lector podrá repasar las arengas de Hernán Cortés incitando a su ejército a emprender la conquista de México o las de Charles De Gaulle al pueblo francés para iniciar la resistencia; las palabras de Robert Kennedy a la muerte de Martin Luther King o las de Fidel Castro en el cuadragésimo aniversario del triunfo de la revolución cubana; sin dejar de lado los discursos que han sido decisivos para crear una conciencia respecto del lugar de la mujer en la sociedad o del peligro de la destrucción atómica. La lectura de este libro permitirá entonces al lector hacer un recorrido por los momentos más importantes de la historia y al mismo tiempo observar las marcas que el contexto imprime en las palabras públicas en cada ocasión. Los discursos del poder es, en conclusión, un libro único y un documento histórico de extremo valor.--Contratapa.

Eva Perón. Discursos completos I Aníbal Fernández, 2012-09-12 Eva Perón Discursos completos I 1946-1948 Es a Eva Perón, precisamente, a quien debemos esta suerte de modelo de “discurso prospectivo” de cuyo análisis deberíamos servirnos para estimular la construcción alternativa de un espacio simbólico que nos permita configurar identidades colectivas en tiempos de fragmentación. La relectura de los casi trescientos discursos de Evita, producidos entre 1946 y 1952 (apenas seis años y con los últimos teñidos por su dolencia), deja, con toda claridad, tres temas medulares: la fatal mezcla de cariño, devoción y admiración que profesaba por Juan Perón (a quien solía llamar “mi maestro”); el profundo vínculo de amor que tenía con “su” Pueblo y, finalmente, la hostilidad, el odio visceral que practicaba por aquellos a los que ella misma denominaba “traidores”.

**The Lettered Barriada** Jorell A. Meléndez-Badillo, 2021-09-27 In *The Lettered Barriada*, Jorell A. Meléndez-Badillo tells the story of how a cluster of self-educated workers burst into Puerto Rico's world of letters and navigated the colonial polity that emerged out of the 1898 US occupation. They did so by asserting themselves as citizens, producers of their own historical narratives, and learned minds. Disregarded by most of Puerto Rico's intellectual elite, these workers engaged in dialogue with international peers and imagined themselves as part of a global community. They also entered the world of politics through the creation of the Socialist Party, which became an electoral force in the first half of the twentieth century. Meléndez-Badillo shows how these workers produced, negotiated, and deployed powerful discourses that eventually shaped Puerto Rico's national mythology. By following these ragtag intellectuals as they became politicians and statesmen, Meléndez-Badillo also demonstrates how they engaged in racial and gender silencing, epistemic violence, and historical erasures in the fringes of society. Ultimately, *The Lettered Barriada* is about the politics of knowledge production and the tensions between working-class intellectuals and the state. *Religion and Politics in Europe and Latin America* Andrés Pérez-Baltodano, 2025-09-22 This book presents a comparative interpretation of the socio-emotional histories of Europe and Latin America, offering a novel perspective on the roles of religion and politics in managing collective fear and insecurity in these two regions. Emphasizing the historical fears and insecurities faced by underprivileged sectors of Latin American society, the book draws on cognitive and social sciences to compile political, socioeconomic, and cultural landmarks, identifying continuities and ruptures in European and Latin American histories. The volume highlights Europe's success and Latin America's relative failure in crafting political visions capable of taming fear and insecurity. It shows how this largely correlates with how meticulous providentialism (the belief that God governs history) has been supplanted by general providentialism (the belief that God does not intervene in history) in the religious cultures of the two regions. This shift corresponds to the degree of control individuals feel they have over their history and destiny, which typically aligns with their actual social affordances. At the heart of these discussions is the notion that the authenticity of the theoretical foundations of political visions is conditioned by society's view of the divine, which ultimately determines the capacity of these visions' potential to impact history. *Religion and Politics in Europe and Latin America* is a useful resource for students and academics interested in Latin American and European history, politics, and culture.

*Primera (Segunda) parte delos discursos de la paciencia christiana* Hernando de Zárata, 1602

*Allende and Popular Unity* Paula Vidal Molina, Ximena U. Odekerken, 2024-06-14 This book is a fascinating collection of

carefully handpicked key texts and speeches from Chile's 1,000 Days of Revolution, previously unpublished in English. Twenty-three texts embodying the activity of Unidad Popular and Salvador Allende's government in the early 1970s are structured around five thematic sections, which tell the story of the common challenges for progressive political organizations and social movements today. The themes of participatory democracy and sovereignty, economy and social rights, women and gender equality, indigenous people, and worker-class syndicalism and political organization guide the reader through the multidimensional and global vision of Popular Unity's socialist project. Ideal for students, scholars, and general readers, this book introduces an extraordinary period in Chile's history to a new generation of readers interested in the resurgence of democratic socialism around the world.

*Los cambios en el mundo del trabajo del periodista* Figaro, Roseli,Nonato, Cláudia,Grohmann, Rafael,2016-09-02 El quehacer del periodista se ha modificado sustancialmente. Los materiales periodísticos impresos, televisivos o radiofónicos se producen hoy de manera completamente distinta a la de hace años. Las tecnologías de la comunicación y de la información posibilitaron que se redujera el tiempo y el espacio, lo que ha reducido el tiempo de reflexión y de investigación. El periodismo en línea, en tiempo real, los blogs y las herramientas de las redes sociales digitales constituyen innovaciones en las rutinas profesionales. Pero ¿cómo observa el profesional de la información esos cambios? ¿Qué piensa el periodista sobre su propio trabajo y sobre el periodismo en general? ¿Cómo la actividad laboral le organiza su vida? ¿Qué tipo de consumidor mediático es el periodista?

**Literary Reimaginings of Argentina's Independence** Catriona McAllister,2022-01-05 An Open Access edition of this book is available on the Liverpool University Press website and the OAPEN library. As the moment of the birth of the patria, Independence enjoys a privileged role in the historical imaginary of many Latin American nations. In Argentina as in other countries, the period has been fundamental to state discourses of nation-building and identity, lending its figures and central narratives a powerful symbolic function. It has also attracted significant literary attention, and this book offers an innovative reading of texts that provide irreverent, metafictional, or self-reflexive retellings of this foundational moment. This type of fiction is usually read through well-established frameworks on the contemporary Latin American historical novel that emphasise its destabilising of knowledge and single truths. Instead, this work foregrounds the much more immediate, concrete political points at stake when we read these texts through both their direct engagement with contemporary circumstances and the politics of the history they evoke. It therefore argues for a new approach to reading contemporary Latin American historical fiction that showcases its response to politically urgent questions.

*Trabajo social con grupos* ZASTROW, CHARLES H.,2008-01-01 Ofrece excelentes oportunidades para que los estudiantes adquieran un elevado nivel de competencia en esta materia, a través de diversos ejercicios especialmente diseñados para desarrollar las habilidades de los alumnos, y que aparecen en cada una de las secciones del capítulo. El texto se basa en el supuesto de que la mejor manera de que los estudiantes aprendan a coordinar grupos es que practiquen en el contexto de la clase. Así, esta se convierte en un laboratorio para que los estudiantes pongan en práctica y desarrollen sus habilidades de liderazgo. Este libro está diseñado para facilitar la aplicación de este enfoque de laboratorio en la enseñanza de trabajo social con grupos, tanto universitarios como de postgrado.
