Creating Identity Jayashree Kamblé,2023-04-11 While the world often categorizes women in reductive false binaries—careerist versus mother, feminine versus fierce—romance novels, a unique form of the love story, offer an imaginative space of mingled alternatives for a heroine on her journey to selfhood. In Creating Identity, Jayashree Kamblé examines the romance genre, with its sensile flexibility in retaining what audiences find desirable and discarding what is not, by asking an important question: Who is the romance heroine, and what does she want? To find the answer, Kamblé explores how heroines in ten novels reject societal labels and instead remake themselves on their own terms with their own agency.

Using a truly intersectional approach, Kamblé combines gender and sexuality, Marxism, critical race theory, and literary criticism to survey various aspects of heroines' identities, such as sexuality, gender, work, citizenship, and race. Ideal for readers interested in gender studies and literary criticism, *Creating Identity* highlights a genre in which heroines do not accept that independence and strong, loving relationships are mutually exclusive but instead demand both, echoing the call from the very readers who have made this genre so popular.

Dreaming of a Duke Like You Sara Bennett, 2023-10-10 A duke with a reputation to uphold and a woman with a scandalous past take a gamble on their forbidden love in this Regency romance—perfect for fans of USA Today bestsellers Sophie Jordan and Kerrigan Byrne! Raised in a foundling home and now proprietor of a successful club, Gabriel Cadieux hasn't ever been welcomed by polite society. But when he discovers he's the legitimate heir to a dukedom, he must make a choice: accept the debt-ridden title and the trappings of the peerage who shunned him or decline and leave his six rebellious half sisters to fend for themselves. As much as he hates the idea, Gabriel can't abandon his siblings, even if it means making a deal with the most frustrating—and aggravatingly beautiful—woman he's ever met. Vivienne Tremere storms into Cadieux's club with one thing on her mind: get the loathsome owner to discharge her brother's gambling debts. So when Gabriel offers her a trade—if she'll teach his wild sisters the ways of the ton, he'll clear the notes—she has no choice but to accept. But with her reputation already on a knife's edge, falling for the duke could cause the scandal of the season.

Books and Beyond Kenneth Womack, 2008-10-30 There's a strong interest in reading for pleasure or self-improvement in America, as shown by the popularity of Harry Potter, and book clubs, including Oprah Winfrey's. Although recent government reports show a decline in recreational reading, the same reports show a strong correlation between interest in reading and academic achievement. This set provides a snapshot of the current state of popular American literature, including various types and genres. The volume presents alphabetically arranged entries on more than 70 diverse literary categories, such as cyberpunk, fantasy literature, flash fiction, GLBTQ literature, graphic novels, manga and anime, and zines. Each entry is written by an expert contributor and provides a definition of the genre, an overview of its history, a look at trends and themes, a discussion of how the literary form engages contemporary issues, a review of the genre's reception, a discussion of authors and works, and suggestions for further reading. Sidebars provide fascinating details, and the set closes with a selected, general bibliography. When He Was Wicked Julia Quinn, 2009-10-13 In every life there is a turning point. A moment so tremendous, so sharp and breathtaking, that one knows one's life will never be the same. For Michael Stirling, London's most infamous rake, that moment came the first time he laid eyes on Francesca Bridgerton. After a lifetime of chasing women, of smiling slyly as they chased him, of allowing himself to be caught but never permitting his heart to become engaged, he took one look at Francesca Bridgerton and fell so fast and hard into love it was a wonder he managed to remain standing. Unfortunately for Michael, however, Francesca's surname was to remain Bridgerton for only a mere thirty-six hours longer -- the occasion of their meeting was, lamentably, a supper celebrating her imminent wedding to his cousin. But that was then . . . Now Michael

is the earl and Francesca is free, but still she thinks of him as nothing other than her dear friend and confidant. Michael dares not speak to her of his love . . . until one dangerous night, when she steps innocently into his arms, and passion proves stronger than even the most wicked of secrets . . .

Love, Language, Place, and Identity in Popular Culture María Ramos-García, Laura Vivanco, 2020-01-31 Love, Language, Place, and Identity in Popular Culture: Romancing the Other explores the varied representations of Otherness in romance novels and other fiction with strong romantic plots. Contributors' approaches range from sociolinguistics to cultural studies, and the texts analyzed are set on four continents, with particular emphasis on Caribbean and Atlantic islands. What all the essays have in common is the exploration of representations of the Other, be it in an inter-racial or inter-cultural relationship. Chapters are divided into two parts; the first examines place, travel, history, and language in 20th-century texts; while the second explores tensions and transformations in the depiction of Otherness, mainly in texts published in the early 21st century. This book reveals that even at the end of the 20th century, these texts display neocolonialist attitudes towards the Other. While more recent texts show noticeable changes in attitudes, these changes can often fall short, as stereotypes and prejudices are often still present, just below the surface, in popular novels. The understudied field of popular romance, in which the Other is frequently present as a love interest, proves to be a fruitful area in which to explore the potential and the realities of the treatment of Otherness in popular culture. Scholars of literature, communication, romance, and rhetoric will find this book particularly useful.

Conflict and Colonialism in 21st Century Romantic Historical Fiction Hsu-Ming Teo, Paloma Fresno-Calleja, 2024-06-13 This book explores how postmillennial Anglophone women writers use romantic narrativisations of history to explore, revise, repurpose and challenge the past in their novels, exposing the extent to which past societies were damaging to women by instead imagining alternative histories. The novelists discussed employ the generic conventions of romance to narrate their understanding of historical and contemporary injustice and to reflect upon women's achievements and the price they paid for autonomy and a life of public purpose. The volume seeks, firstly, to discuss the work of revision or reparation being performed by romantic historical fiction and, secondly, to analyse how the past is being repurposed for use in the present. It contends that the discourses and genre of romance work to provide a reparative reading of the past, but there are limitations and entrenched problems in such readings.

Making Meaning in Popular Romance Fiction Jayashree Kamblé, 2014-08-07 Despite pioneering studies, the term 'romance novel' itself has not been subjected to scrutiny. This book examines mass-market romance fiction in the U.K., Canada, and the U.S. through four categories: capitalism, war, heterosexuality, and white Protestantism and casts a fresh light on the genre.
