Reading Faithfully Lindsay Ceballos, 2025-07-15 Reading Faithfully reveals how Russian critics of the Silver Age (the late nineteenth and early twentieth centuries) reread and remade Fyodor Dostoevsky for their era of religious renewal amid a broader political embrace of liberal reform and radical politics. Lindsay Ceballos argues that most Silver Age critics engaged in a mode of critique approaching religious faith: critical faith in the moral and artistic value of Dostoevsky that was needed to overcome their doubts about his nationalist rhetoric and politics. Surveying leading critics on and theatrical adapters of Dostoevsky's fiction since his death in 1881, Ceballos advocates for new kinds of critical engagement with his work that draw on the example of Silver Age faithful reading but embrace more complexity and dissonance than critics were able to achieve in that period of fracture and upheaval. Reading Faithfully provides a historical account of Russian culture in a pivotal period, bringing together literary, intellectual, and theater history into one narrative. Ceballos challenges Dostoevsky scholars, asking: What is the future of reading Dostoevsky in the wake of Russia's invasion of Ukraine?

Russomania Rebecca Beasley, 2020 Russomania is the first comprehensive account of the breadth and depth of the modernist fascination with Russian and early Soviet culture. It traces Russia's transformative effect on literary and intellectual life in Britain between 1881 and 1922, from the assassination of Alexander II to the formation of the Soviet Union. Studying canonical writers alongside a host of less well known authors and translators, it provides an archive-rich study of institutions, disciplines, and networks. Book jacket.

Reading Prisoners Jodi Schorb, 2014-10-30 Shining new light on early American prison literature—from its origins in last words, dying warnings, and gallows literature to its later works of autobiography, exposé, and imaginative literature—*Reading Prisoners* weaves together insights about the rise of the early American penitentiary, the history of early American literacy instruction, and the transformation of crime writing in the “long” eighteenth century. Looking first at colonial America—an era often said to devalue jailhouse literacy—Jodi Schorb reveals that in fact this era launched the literate prisoner into public prominence. Criminal confessions published between 1700 and 1740, she shows, were crucial “literacy events” that sparked widespread public fascination with the reading habits of the condemned, consistent with the evangelical revivalism that culminated in the first Great Awakening. By century’s end, narratives by condemned criminals helped an audience of new writers navigate the perils and promises of expanded literacy. Schorb takes us off the scaffold and inside the private world of the first penitentiaries—such as Philadelphia’s Walnut Street Prison and New York’s Newgate, Auburn, and Sing Sing. She unveils the long and contentious struggle over the value of prisoner education that ultimately led to sporadic efforts to supply prisoners with books and education. Indeed, a new philosophy emerged, one that argued that prisoners were best served by silence and hard labor, not by reading and writing—a stance that a new generation of convict authors vociferously protested. The staggering rise of mass incarceration in America since the 1970s has brought the issue of prisoner rehabilitation once again to the fore. *Reading Prisoners* offers vital background to the ongoing, crucial debates over the benefits of prisoner education.

Consequently, he becomes partially disabled. By accident, a Japanese scientific genius Ichiro discovers the Korean girl prodigy Mija, whose dream is to be a great writer. Her gifted talent ignites Ichiro’s love. Fathers of both sides reject their love affair. However, their love continues because there is no national boundary in knowledge and love. Seeing his people’s suffering, Mija’s brother Kwyunsoo attempts to assassinate Japanese Governor General in 1943. All of Mija’s family is arrested by the Japanese police.

Byunghong, who has loved Mija since childhood, sends Mija to the Korean Women's Volunteer Army to save her life with the help of Japanese commander of the military police. In the Philippines, astonishingly Mija meets Ichiro at the Lucban Military Base. They get married. Ichiro helps Mija escape from the camp, killing a Japanese sentinel. In the jungle, Mija saves the Philippine guerilla commander from a Japanese attack and becomes a guerilla member. During the fierce guerilla battle, Mija delivers Ichiro's baby. Mr. Manuel Roxas rescues Mija from an approaching execution. In Manila, during the bloody fighting, a hand grenade explodes nearby and Ichiro falls to the ground. Class Acts Irene Hall,Carolyn H. Campbell,Edward J. Miech,1997 In this remarkable collection of articles, teachers reflect on the complex worlds of their classrooms to gain a better understanding of their students, themselves, and the act of teaching. What compels some of us periodically to turn our classrooms inside out, pulling apart the status quo in order to test yet another notion we cannot get off our minds?...The teachers who describe their findings in Class Acts have been overtaken by their own unexpected disclosures; something is going on in their classrooms they must study closely and ponder grandly. - Vivian Gussin Paley, from the Foreword The contributors to Class Acts represent a diversity of backgrounds, subjects, grade levels, and educational philosophies. But they share a common approach: they all take time to reflect on finding new ways to listen to students, to make sense of their own teaching, and to take risks to transform work and social relations in their

classrooms. The visions of classroom teaching in Class Acts are dynamic and inspiring. Read about how a third-grade teacher included the study of his students' urban neighborhood in his curriculum, or how a high school English teacher created a community of readers in her classroom. The teachers in Class Acts offer an engaging model of classroom teaching that stands in stark contrast to the traditional pedagogy found in U.S. schools.
