**Ghar Vapsi** Udit Kumar,2023-01-05 Ghar Vapsi reflects the journey of migrants, how their changing desires impact's on mindset. In order to balance the social/economical/financial status, there is huge movement of people is happening all around. With this story, I wanted to touch the short as well as long term challenges faced by immigrants while settling in their new home. ----- Solution, solution, and solution everywhere. Just look around you. We all are surrounded by millions of products that claim to make our life easier, more comfortable, and more Luxurious. But Remember, when our chosen solution is not the real root cause of our problem, they may delay or temporarily resolve the issue. Still, it will return in a different form but with brutal impact and from various dimensions. Simply our chosen temporary and instant solutions make our problems more complex. Unfortunately, we have created a system where when one doesn't get exploited, others can't survive. We all are stuck in our own intelligence in a vicious cycle. Initially, we thought that exploiting these inferior/underdeveloped people could make our own comfortable and cozy castle. And protect ourselves by making the walls stronger and high enough that these deficient/underdeveloped people couldn't even cross. With these thoughts, humans keep increasing one charge at one side of the wall, but humungous, they forget the fundamental law of nature. The intensity by which you collect a positive charge on one side will automatically generate a negative charge on the other side of the wall. Nature always works on the tendency to be Neutral. Ultimately, with this approach to development, the destiny of destruction is set up by the most developed species!!!!

**Ugrabadhra** Sai Hari N,2025-04-08 When honor becomes a weapon and silence hides the loudest truths, war is no longer fought on battlefields—but within the soul. In Urgabadhra, the storm brews after the fall of Rudragni. Badhra, once a proud leader, is entangled in a deadly web of betrayal, political deception, and a factory built on blood. As revelations surface

about his alliance with terrorists and his role in trafficking victims—truths he never intended nor imagined—his legacy begins to crumble. At the same time, Varun—spy, fighter, and lover—rises from the ashes of loss. Haunted by the brutal murder of Ananya, and carrying the weight of his alter egos, Rudra and Agni, he steps back into the shadows with one purpose: to expose and destroy the system from within. As friendships break, lovers fall, and innocence dies—both literally and metaphorically—the lines between the hero and the villain blur. With every death, a fish in a child's tank fades, mirroring a world that forgets how to breathe. Urgabadhra is a tale of fire, betrayal, and redemption. It asks one burning question: What if the person you trusted the most was the very reason everything fell apart?

*Neither she nor he; it's me* P ANIL PRASAD, 2015-11-20 It was while writing the synopsis for Imanofutu Vol.4, I was entangled with the thoughts about individuals who want to live beyond their gender identities. This novel introduces four such characters who shed their gender identities because of their strong belief that gender identity creates uneasiness and

unnecessary ego clashes in their lives. After freed themselves from the gender clutches, they work for the uplift of single mothers and transgender and neutral gender individuals, of course, by facing a lot of challenges. Hope you will like their story.

*Kiara's Tiara* Mythili Gubbi,2014-12-01 Kiaras Tiara is based on the theme that one beautiful heart can make a difference. It is a young-adult fiction story, showcasing transformations, perceptions, and love: love between a father and daughter, love between best friends; love that exists between grandparents, grandchildren, aunts, uncles, nieces and nephews; and love that binds people without a blood relation and call themselves family; but most importantly, it highlights the love that a teenage girl has for the world. The name of this girl is Kiara. Introducing Kiaraa chirpy, smiling, and affectionate fifteen-year-old Indian girl, living in the United States, who was raised by a single parent. The story traces the evolution of her character from her life in a cocoon to a scintillating butterfly-like persona. Life only throws the unexpected at those who can handle it. Kiara overcame life-threatening obstacles in unconventional ways. She became an inspiration and set examples for others, by aspiring for the moon but reaching far beyond other galaxies. Necessity and belief can give an immense amount of strength and courage. Sometimes, all you need to do is believe because hope is all you have. If you really want something, and your heart truly believes in it, then nothing can keep you two apart. The entire universe itself will make sure that you end up with your hearts desire. Kiaras Tiara is a symbol of her strength, optimism, perseverance, and conviction.

*Arka Nishakara Ananta Volume 1* Dr Ravindra Dey And Students, 2024-08-23 It's very common that when we are facing challenges in our lives, we can feel overwhelmed or powerless. Not all times are going to be good; there will be days when you will feel low and nothing seems to be going in the right direction. You might feel stuck, feel like there is nothing left to

achieve and it's true; there are lots of things in life that we can't control, including big challenges. But believe me, when I say, going through all these things is normal, however taking small, positive steps in any area of our life enables us to move forward in the problem area. This is where this book comes into play. It presents an imaginary story between strangers from different parts of the world who come together at a retreat to rediscover the purpose and meaning of their lives, which seem to be lost. Little did they know that this journey was going to teach them much more than they expected. Life always works in circles, and that is what this book is all about. It gives us a sense of realization that life never stops; it just pauses. And when it pauses, a refreshing restart is all that we need to bounce back even stronger.
