**Utopias in Nonfiction Film** Simon Spiegel, 2022-01-11 'Comprehensive and thorough, Utopias in Nonfiction Film takes a new direction in its surprise application to documentary that has the potential to shake up the field.' - Jane Gaines, Columbia University, USA 'Spiegel has introduced a new sub-genre to utopian studies, the documentary film. The book covers an impressive range of films, making the book one of the few truly international and comparative works in utopian studies.' - Lyman Tower Sargent, University of Missouri-St. Louis, USA Simon Spiegel's magisterial overview of utopian documentaries and nonfiction films is a treasure trove of information and unearths many forgotten and half-forgotten films, providing perceptive discussions of sidelined movies that deserve his (and our) critical scrutiny." - Eckart Voigts, University of Braunschweig - Institute of Technology, Germany This book is the first major study on utopias in nonfiction film. Since the publication of Thomas More's Utopia more than 500 years ago, countless books have been written which describe a better world. But in film, positive utopias seem to be nonexistent. So far, research has focused almost exclusively on dystopias, since positive outlooks seem to run contrary to the media's requirement. Utopias in Nonfiction Film takes a new approach; starting from the insight that literary utopias are first and foremost meant as a reaction to the ills of the present and not as entertaining stories, it looks at documentary and propaganda films, an area which so far has been completely ignored by research. Combining insights from documentary research and utopian studies, a vast and very diverse corpus of films is analysed. Among them are Zionist propaganda films, cinematic city utopias, socialist films of the future as well as web videos produced by the Islamist terrorist group ISIS.

**New Documentary Ecologies** K. Nash, C. Hight, C. Summerhayes, 2014-02-20 Providing a unique collection of perspectives on the persistence of documentary as a vital and dynamic media form within a digital world, New Documentary Ecologies traces this form through new opportunities of creating media, new platforms of distribution and new ways for audiences to engage with the real.

*Wake Up!* Neil Gilligan, 2012-10-31 Wake Up! Preparing for the End-Times Outpouring is a trumpet calling the body of Christ to wake up to the fact that we are living in the post defeat of the saints era (see Dan. 7:21). Wake Up! gives the historical evidence of the defeat of the saints; in contrast it looks at the characters of Daniel and his friends and the first disciples and shows how they acted and responded to the stimulus from their culture, so they could be effective witnesses for

Jesus Christ. Wake Up! encourages believers to become overcomers at the end of the end-times and to learn to counteract against the defeat of the saints. Believers are called to be continually filled by the Holy Spirit, to learn to release the gifts of the Spirit to destroy the works of the Devil, and to bring in the harvest and glorify the Lord. You will learn: The defeat of the saints prophesied in Daniel 7:21 is shown with numerous historical evidences how the defeat of the saints has occurred over the past three centuries. The saints are now living in the post-defeat of the saints era, but they are not to remain defeated. They need to be continually filled by the Holy Spirit and then demonstrate who Jesus is to the whole world. The little horn is still trying to defeat the saints through the Illuminati, whose goal it is to completely wipe out Christianity with their eugenic plans wanting to kill 90 percent of the world. The Ancient of Days has been pouring out His Spirit to help the saints to defeat the works of the Devil. Believers are to receive the Holy Spirit continually and then learn to demonstrate the gifts of the Spirit so we can bring glory to the Lord.

*End of Oblivion: The Great Deceit and Why We Need to Reclaim Our Spiritual Evolution* Aleksandar Ostojic, 2019-08-08  
End of Oblivion: The Great Deceit and Why We Need to Reclaim Our Spiritual Evolution is an informal overview of the current state of humanity and the world, and delves into how our perceptions of reality have been drastically distorted to the point where the majority of the population cannot perceive distortion any longer. Deceit is present in every area of our lives, but beneath these secular manifestations, deeper metaphysical undercurrents are interlacing with our spiritual, evolutionary direction. Armed with a wealth of factual evidence as well as personal observations, the author puts forth a compelling explanation as to who is really behind this great deceit and offers choices on how to break free for those curious enough to ponder. It is time to remove our blindfolds, to consciously choose our path, and to reclaim the true purpose of our being - our spiritual evolution. The book reflects on the Law of One material.

**Interrogating Networks** Lin Foxhall, 2021-06-09 Network theory and methodologies have become central to exploring and explaining social, economic, and political relationships and connections in past societies. However, in archaeology, the deployment of networks has sometimes been more descriptive than analytical. Methodologies have often depended upon underlying assumptions which inevitably simplify relationships that were complex and multi-faceted. However, the fragmentary, heterogenous, and usually proxy data we possess are not always amenable to reconstructing that complexity. In ancient societies, we must infer the movement of knowledge about 'how to make things' largely from objects themselves. This is because we usually lack direct evidence of the human relationships that entwined people with objects and their makers, and hence have only imperfect understanding of the full range of diverse factors that shaped the relationships that constituted these networks. The chapters in this volume aim to interrogate the interpretative potential of network concepts for understanding the movement over time and space of ideas about making, using and moving things through a range of archaeological case studies, which reveal both functional and dysfunctional relationships. The purpose is to consider how

more broadly contextualized and multi-faceted studies can both enhance, and be enhanced by, network and related approaches. The volume contributes to the search for greater understanding of the movement and transmission of knowledge (or in some cases their absence), and to debates about how best to expand the utility of network concepts and approaches.

**Toward 2012** Daniel Pinchbeck, 2008 This fresh and thought-provoking anthology draws together some of today's most celebrated visionaries, thinkers, and pioneers in the field of evolving consciousness--exploring topics from shamanism to Mayan predictions of the year 2012.

*Come Let Us Reason* Paul Copan, William Lane Craig, 2012-03-01 *Come Let Us Reason* is the third book in a series on modern Christian apologetics that began with the popular *Passionate Conviction* and *Contending with Christianity's Critics*. The nineteen essays here raise classical philosophical questions in fresh ways, address contemporary challenges for the church, and will deepen the thinking of the next generation of apologists. Packed with dynamic topical discussions and informed by the latest scholarship, the book's major sections are: • Apologetics, Culture, and the Kingdom of God • The God Question • The Gospels and the Historical Jesus • Ancient Israel and Other Religions • Christian Uniqueness and the World's Religions Contributors include J. P. Moreland ("Four Degrees of Postmodernism"), William Lane Craig ("Objections So Bad That I Couldn't Have Made Them Up"), Gary R. Habermas ("How to Respond When God Gives You the Silent Treatment"), Craig Keener ("Gospel Truth: The Historical Reliability of the Gospels"), and Paul Copan ("Does the Old Testament Endorse Slavery?").

*A Year in the Life* Lucy Leonelli, 2022-01-20 After nearly a decade of dutifully climbing the corporate ladder to become a partner in a headhunting firm, Lucy Leonelli was feeling restless in a life that was seemingly mapped out for her, and she could not shake the sense that she was missing out on something... something out there. Realising that the answer was right in front of her - in a country so full of clandestine communities and colourful, eccentric characters - Lucy made the daring decision to hit the pause button on her career and hang up her suit in favour of a year exploring twenty-six wildly different subcultures. Over the next twelve months, she lived with battle re-enactors, circus performers, hill baggers, Morris dancers, naturists, trainspotters, yogis, zeitgeist political activists and more, experiencing first-hand their social rituals and customs in the hope that, somewhere along the way, she might just uncover the most authentic version of herself. *A Year in the Life* charts Lucy's adventure as she sang naked karaoke with naturists, jumped from one very high place to another with parkour daredevils, partied in tight latex with self-proclaimed vampires and fought the undead in an epic LARP battle. It tells of the importance of community in an increasingly isolating society; of the unquenchable human thirst for a sense of belonging; of how misguided our own prejudices can be; and of how when we open the door to others, we might just learn something about ourselves.

**Adrift on a Sea of Lies**, 2019-09-26 How would you feel if you were told that everything you thought you knew was a

lie? Humanity has been living with amnesia since the dawn of civilization. Mankind has believed that authority provides the truth, rather than truth provides the authority. This book is an attempt to find the truth of our past and the real history of our civilization, why it has been hidden away from us and by whom. It is our story, with a different theory of the beginning of the universe to the coming totalitarian society of today. It follows our history from the cataclysm in our solar system and on Earth in 10,900 BCE, through the formation of all religions, mystery schools and secret societies that still exist today. Because there are too many dots to connect, it instead, follows a thread of greed, power and control through all the world's major events, wars, assassinations, fake terrorism, fake news, and false flag events, such as 9/11 and the London tube bombings. It reveals our actual history and attempts to provide evidence that demonstrates that this is not a conspiracy theory, but a reality. In the West, the 'authorities' want to keep us occupied and non-thinking, with 'reality' television shows, televised sports, sixty-hour work weeks, alcohol and drug abuse, texting on our iPhones, believing in the lies or partial lies they want us to believe in and leave the thinking to them. Religious institutions, the educational system, the justice system, the economic system, the media, and even secret societies, have been infiltrated and usurped by these individuals and others with the same philosophy, at mankind's expense. These individuals have no empathy and no concern for the human condition. They seek only one thing, and that is power, the power to control. To them, power is more than an addiction, but a right. Knowledge is the form of their initial power. They use that to gain economic power, control and influence, and then infiltrate all levels of society until they infect the entire planet. Their religion is worshipping the 'self' and their 'ego' and they believe that their unique ego is their 'divine spark'. Their motto is 'Do as thou wilt'. Who are these individuals? Why and how have they managed to do this over the past 12,000 years? Is there anything we can do that might reverse this during the next 12,000 years? Can we ensure this doesn't happen again during the next cycle of our Earth, or will it repeat again and again, with only minor changes? These are the questions that I hope to, if not answer, give at least some direction where we can find some hope to recapture our civilization.

**Conspiracy Cinema** David Ray Carter, 2012-09-28 The only guide to this emerging genre of cinema. Still marginalized by mainstream media, conspiracy theories are a growing influence on the contemporary political imagination, thanks to internet distribution of conspiracy cinema - documentaries presenting conspiratorial explanations everything from 9/11 to the Kennedy assassinations, Roswell to the causes of HIV. One hundred million people around the world have watched one of these films and this is the first book to explain and explore what they are seeing. Lighthearted, funny, and interactive, this is the definitive and only guide to this intriguing and immensely popular form of modern entertainment.

Hope's Reason: A Journal of Apologetics Vol. 1 No. 1 Stephen J. Bedard (editor), 2011-02-05 In an increasingly skeptical world, there is now more of a need than ever for quality apologetic resources defending the Christian faith. The purpose of this journal is to bridge the gap between the academy and the church, equipping pastors and interested laypeople to present the Christian faith to an unbelieving world.

Das Wunderbare Stefanie Kreuzer, Uwe Durst, 2018-07-20 Das ›Wunderbare‹ in seiner Komplexität und Vielfältigkeit sowie seinen fachwissenschaftlich kontrovers diskutierten Varianten ist der zentrale Untersuchungsgegenstand dieses ersten interdisziplinär angelegten Sammelbandes zu Dimensionen des Wunderbaren in Kunst und Kultur. Seit Jahrtausenden fasziniert und polarisiert das schillernde Phänomen des ›Wunderbaren‹ – vom biblischen Wunderglauben über bizarre Bildwelten Hieronymus Boschs bis hin zu fiktional imaginierten Science-Fiction-Szenarios. In diesem Band wird das Wunderbare als ästhetisch-künstlerisches Phänomen in Literatur, Theater, Film und bildender Kunst ebenso untersucht wie als gesamtulturelles Phänomen unter religions- und sprachwissenschaftlichen, historischen, soziologischen und (para-)psychologischen Perspektiven.

Faith Beyond Belief Margaret Placentra Johnston, 2012-12-13 Faith Beyond Belief gives a much-needed voice to the “good” people who have left their church but whose spirituality continues to mature. Johnston uses first-person stories as well as known spiritual authorities in describing various stages of religious growth. Some of these real-life accounts are by nonbelievers; others are by those among the growing numbers of the “spiritual but not religious.” All are thoughtful people with too much integrity to live what they consider a lie. The stories of the nonbelievers—including an ex-Catholic, a former Mormon, and a clandestine Muslim apostate who left his community after the attacks of 9/11—show how complete confidence in human reason can lead away from literal religious interpretation. But, while that step is a necessary one on the spiritual path, it is only intermediate. Her second set of stories are of people at the “mystic” level who can tolerate paradox and see truth and reality as multidimensional. Johnston’s book will help doubters to see things in a new light as well as those who are struggling to clarify their own spiritual vision. It also points beyond the atheist/believer controversy wrecking such divisive havoc in our culture today.

**The Extreme Right in Europe** Uwe Backes, Patrick Moreau, 2011-12-07 The present work deals not only with the well-organized right extremism in modern Europe as well as with its function in proper political parties, but equally includes two additional, broader approaches: the militant branches and subcultures that exist, including some paramilitary phenomena in Eastern Europe; and the broad realm of their political ideas and cultural trends and the influence they exert on European political culture.

**Gorillas in a City** Demitri Kon, 2012-03-09 Reion Kane has been tuned into the Universal Life Force Energy called Reiki. Shortly after this, he begins to experience a chain of events that will take him on an adrenalin filled rollercoaster ride, taking a peak behind reality as he knows it. Together with his partner Mya, they encounter their fair share of ups and downs throughout this spectacular journey. They meet some who assist them in their endeavours, and many who try to keep them from discovering the truth about the people behind some of the worst travesties that the world has seen. As his eyes are pruned wide open and his mind expands, Reion is taken down the rabbit hole and far beyond into the depths of the abyss, and once a door in the mind is open, there is no closing it.
