*The Monographs* Ben Cardall, 2024-06-06 The first iteration of *The Monographs* was comprehensive yet only introductory when thinking about how to do things in the same way that Sherlock Holmes did. This time, we go even deeper. From looking at the practices of neuroscience that we can follow in order to develop our emotional control and the sharpness of our minds. Not only useful for when we approach casework but also for how we look at someone in order to figure out what they do for a living. Especially interesting because this is very often considered 'the holy grail' within this field. This second edition will build upon all of the elements from the first. Including even more theory development and practice drills. This is so much more than a compendium of riddles and puzzles. It is a critical thinking course to use with all aspects of your life and the mysteries you take up along the way. Instant memorisation and awareness of the people and things in your surroundings, managing the accuracy of your critical thinking in connection to any biases, reading the face, insights from the animals in someone's life, step by step programs for reading shoes, tattoos, phones, skin and even a treatise on criminal profiling elements that you can use in conjunction with your work and much much more. You will see the world in a way that nobody else around you will, unless they have a copy of this book. No longer will there be the footprints of a gigantic hound but the steps of you building your own capabilities within the world of the consulting detective.

**Tattoo Culture** Lee Barron, 2017-05-31 Tattoos are a highly visible social and cultural sight, from TV series that represent the lives of tattoo artists and their interactions with clients, to world-class sports stars and the social actors we meet on a daily basis who display visible tattoo designs. Whereas in the not-to-distant past tattoos were commonly culturally perceived to represent an outward sign of social non-conformity or even deviance, tattoos now increasingly transcend class, gender, and age boundaries and arguably are now more culturally acceptable than they have ever been. But why is this the case, and why do so many social actors elect to wear tattoos? *Tattoo Culture* explores these questions from historical, cultural and media perspectives, but also from the heart of the culture itself, from the dynamics of the tattoo studio, the work of the artist and the world of the tattoo convention, to the perspective of the social actors who bear designs to investigate the meanings which lie being the images. It critically examines the ways in which tattoos alter social actors' sense of being and their relationship with time in the semiotic ways with which they communicate, to themselves or to the wider world, key elements of their bodily and personal identity and sense of being.

*The In-Betweens* Davon Loeb, 2018-11-24 Beginning with the challenges of how his White father and Black mother met, with their desire to run away and start fresh and new—resulting in a sometimes pretend family—to a near-archetypal description of his grandfather having just cut the grass as the author watches with a swollen lip and a black eye, to incessant moments in which different expressions of masculinity get inculcated, Davon Loeb frequently captures the disturbing poesy of life growing up. With painstaking detail, this work is in the vein of James McBride's 'The Color of Water', Justin Torres's 'We the Animals', and Jamaica Kincaid's 'Annie John'. 'The In-Betweens' is a meditation on bruise and healing. Loeb's struggles become snapshots of how transformation occurs even where shards have been piled, where one waits for

something to happen, like flashes of red and blue sirens pulsing. A truly extraordinary new voice! Roy G. Guzmán, author of 'Restored Mural for Orlando'

**Rapa Nui - Easter Island** Ian Conrich,Hermann Mückler,2016-05-06 Easter Island (or Rapa Nui) has long captivated travellers and explorers since it was first encountered by European voyagers in 1722. The island's colossal stone carvings (moai) have been the primary attraction, yet these have overshadowed the broader culture of the Rapanui people. This significant edited collection brings together thirteen specialists from eight countries in a series of studies that address the pre-history, history, contemporary society and popular culture of Easter Island. Consideration is given to both the Rapanui and western cultures with topics covered including archaeology, anthropology, linguistics, tourism, literature, comic books and music. This is a multidisciplinary book with subjects ranging from fact to fiction and from Thor Heyerdahl and Katherine Routledge to Indiana Jones and Lara Croft.

**Tattoos from Paradise** Mark A. Blackburn,1999 Traditional tattooing designs are depicted from the exotic Polynesian cultures of Easter Island, Hawaii, New Zealand, Samoa, Tahiti and Tonga. The process and ceremonies involved in tattooing are described and illustrated by Blackburn.

**Criminal Subculture in the Gulag** Mark Vincent,2020-05-14 Despite growing academic interest in the Gulag, our knowledge of the camps as a lived experience remains relatively incomplete. Criminal Subculture in the Gulag, in its sophisticated analysis of crime, punishment and everyday life in Soviet labour camps, rectifies this. From Gulag journals and song collections to tattoo drawings and dictionaries of slang, Mark Vincent draws on often-overlooked archival material from the Moscow Criminological Bureau to reconstruct a fuller picture of Gulag daily life and society. In thematic chapters, Vincent maps the Gulag 'penal arc' of prisoners across initiation tests, means of communication, the importance of card playing, punishment rituals and the notorious 1948-52 cyka ('bitches') internal prison war between military veterans and vory-v-zakone. Most importantly, this timely examination of crime and punishment in modern Russia also highlights the lines of continuity between the Gulag systems, late Imperial Katorga,and today's Russian mafia. As such, this impressively interdisciplinary volume is important reading for all scholars of 20th-century Russia as well as those interested in international criminality and penology.
