Witches, Wenches & Wild Women of Rhode Island M. E. Reilly-McGreen, 2013-05-28 Discover the most fearsome and fascinating women to ever live in the Ocean State in this collection of wild historical profiles. In *Witches, Wenches & Wild Women of Rhode Island*, local historian M.E. Reilly-McGreen reveals true tales of women who caused scandals in their day. It's a compendium of rebellious deeds, outlandish gossip, and superstition run amok. Mercy Brown was a nineteen-year-old consumption victim thought to be a vampire. Locals were so afraid of Mercy that her body was exhumed to perform a ritual banishment of the undead. Goody Seager was accused of infesting her neighbor's cheese with maggots by using witchcraft. According to legend, Tall "Dutch" Kattern was an opium-eating fortuneteller whose curse set a ship aflame after its crew cast her ashore. Along with these tales, you'll read of revolutionaries, like Julia Ward Howe, who invented Mother's Day; and religious reformers like Anne Hutchinson, said to be the inspiration for Hawthorne's heroine in *The Scarlet Letter*; and many others.

The New Middle Leader's Handbook Caroline Clay,James Ashmore,2016-10-07 'The New Middle Leader's Handbook' is the definitive go-to guide for all educators looking to take the leap into middle leadership, those wanting to become better middle leaders, or senior leaders seeking an authoritative manual for their school's middle leadership. Innovatively organised into chapters around the school year, taking readers from August to July and covering the full range of problems, challenges and opportunities they face in one of the most important roles in the school, and providing them with a framework to strategically plan and shape their year. Readers can use the book to structure their work into manageable portions while tailoring its content to their own personal school context, and its many activities and resources will provide opportunities for reflection, analysis and creative thinking. Operating as a practical manual and designed for easy reference, the book proposes methods, systems and procedures for: developing a personal leadership style; managing and driving dynamic change; building a successful team and challenging resistance; challenging underperformance of staff and students; using performance management to drive improvement; monitoring the quality of teaching and learning; tracking and measuring progress; preparing for inspection or internal review, including the self-evaluation process; organising meetings and leading professional development, including the use of the coaching model; prioritising workload and maintaining a work/life balance; developing a strategic learning and development plan; creating a culture of positive behaviour, aspiration and high expectations; innovating in teaching and learning; and designing a creative curriculum and curriculum enrichment. In addition, the book will guide those wishing to step up to middle leadership through the application and interview process, providing common-sense advice on the experience and skills required to become a successful middle leader. At its core, the book will be a source of stability for middle leaders that helps them to establish working principles that transcend changes to examinations, inspection criteria or DfE guidance. It offers inspiration and enable a reflective approach to the role. The book is comprehensive and knowledgeable, but crucially, accessible, written in a style that will eschew overly academic theorising, trendy soundbites or patronising waffle. In its final chapters, it looks beyond the first year to provide guidance on long-term strategic planning, career development and bridging the gap between middle and senior leadership. In short, 'The New Middle Leader's Handbook' will be the only book that an aspiring or current middle leader will ever need.

As the hours go by, Kammie's real-life trouble mixes with memories of the best and worst moments of her life so far, including the awful reasons her family moved to this new town in the first place. And as she begins to feel hungry and thirsty and dizzy, Kammie discovers she does have visitors, including a French-speaking coyote and goats that just might be zombies. But they can't get her out of the well. (Those Girls are coming back, aren't they?) "Moving, suspenseful, and impossible to put down." —Kirkus Reviews, starred review "Darkly humorous . . .

Outdoor Chronicles Jerry Hamza, 2015-11-24 We hold a great affection for the deep tradition of American storytelling. The ability to spin a yarn that can hold our attention and provide a gentle direction for life is something that has been with us for a long time. "The Celebrated Jumping Frog of Calaveras County" by Mark Twain or Ernest Hemingway's Nick Adams stories hold us with their gentle wit and carry us away for just a little while. In *Outdoor Chronicles*, Jerry Hamza takes up the gauntlet of the storyteller to take readers away for a little fun. There are already plenty of how-to fishing and outdoor books, and this is not one. Hamza's stories will not make you a better caster or shooter, but they will make you want to spend more time fishing or hunting. This book is a collection of outdoor stories wrapped in the human condition. They were written with an eye toward honesty and cynicism. They will make you laugh out loud, and you will want to carry them with you wherever you go. If this book goes missing, it's a sure thing that, when you do find it, it will be in the possession of a member of your household, regardless of their interest in casting a fly. The stories cover the gamut from a fishing trip to northern Canada to a little stream that was actually better than remembered, to how the baby boomers almost trampled a sport to death, to a solitary trek along railroad tracks during a cold, dark, and dreary February, and many more. Skyhorse Publishing is proud to publish a broad range of books for hunters and firearms enthusiasts. We publish books about shotguns, rifles, handguns, target shooting, gun collecting, self-defense, archery, ammunition, knives, gunsmithing, gun repair, and wilderness survival. We publish books on deer hunting, big game hunting, small game hunting, wing shooting, turkey hunting, deer stands, duck blinds, bowhunting, wing shooting, hunting dogs, and more. While not every title we publish becomes a New York Times bestseller or a national bestseller, we are committed to publishing books on subjects that are sometimes overlooked by other publishers and to authors whose work might not otherwise find a home.

The Unmumsy Mum Sarah Turner, 2017-04-18 Creator of the popular blog The Unmumsy Mum, Sarah Turner offers an uncensored account of her early years of parenting. Sarah Turner's first few months of parenting were tough. On the darkest of sleep-deprived days, when the baby would not settle and she was irritable and the house was a disaster-zone, she wanted to read about someone who felt the same. Someone who would reassure her that she wasn't a total failure. But she found nothing of the sort. She decided then and there that she would write something herself. She would document parenthood as she found it. Not how she wanted to find it or how she wanted other people to think that she found it. But how it was. Warts and all. Thus, her blog was born. Now with thousands of followers, The Unmumsy Mum blog covers everything from baby-wearing incompetence to second child shortcuts. Full of candor, humor, and charm, this book—a #1 Sunday Times bestseller—shows us that we can read every parenting manual under the sun, but still have no bloody clue—and not having a clue is just fine. The Unmumsy Mum is a winner of the 2017 Family Choice Awards.
