Not All Dead White Men Donna Zuckerberg,2018-10-08 Some of the most controversial and consequential debates about the legacy of the ancients are raging not in universities but online, where Alt-Right men's groups deploy ancient sources to justify misogyny and a return of antifeminist masculinity. Donna Zuckerberg dives deep to take a look at this unexpected reanimation of the Classical tradition.

Meme Wars Joan Donovan,Emily Dreyfuss,Brian Friedberg,2022-09-20 A groundbreaking investigation into the digital underworld, where far-right operatives wage wars against mainstream America, from a masterful trio of experts in media and tech. Memes have long been dismissed as inside jokes with no political importance. Nothing could be further from the truth. Memes are bedrock to the strategy of conspiracists such as Alex Jones, provocateurs like Milo Yiannopoulos, white nationalists like Nick Fuentes, and tacticians like Roger Stone. While the media and most politicians struggle to harness the organizing power of the internet, the “redpill right” weaponizes memes, pushing conspiracy theories and disinformation into the mainstream to drag people down the rabbit hole. These meme wars stir strong emotions, deepen partisanship, and get people off their keyboards and into the streets--and the steps of the US Capitol. Meme Wars is the first major account of how “Stop the Steal” went from online to real life, from the wires to the weeds. Leading media expert Joan Donovan, PhD, veteran tech journalist Emily Dreyfuss, and cultural ethnographer Brian Friedberg pull back the curtain on the digital war rooms in which a vast collection of antiesablistmentarians bond over hatred of liberal government and media. Together as a motley reactionary army, they use memes and social media to seek out new recruits, spread ideologies, and remake America

according to their desires. A political thriller with the substance of a rigorous history, Meme Wars is the astonishing story of how extremists are yanking our culture and politics to the right. And it's a warning that if we fail to recognize these powerful undercurrents, the great meme war for the soul of America will soon be won.

Rethinking Misogyny Anna Arrowsmith, 2016-03-03 In this path-breaking book Anna Arrowsmith analyses gendered dating behaviour and shows how men's behaviour is both defined and illustrated by societal norms that require a particular masculine performance, including those desired by potential female performers. Using the case-study of pick-up artistry which is compared to interviews with other men who date women, this book analyses how the men deal with conflicting ideas borne out of living in an age when both hegemonic (harder, historic) and inclusive (softer, modern) masculinities co-exist. It asks whether men acknowledge their own insecurities or whether they focus on perceived external triggers, such as female culpability as a means of ignoring their own concerns, or, whether men respond to insecurities by focusing on an active process of overcoming them. Through exploring male experiences of female beauty, emotions, fertility, strength, female violence and sexual assault, Arrowsmith's findings encourage a new path of enquiry in gender studies which explores and includes men's words as central to interpreting their behaviour and how it is understood. This book has political worth as it differentiates and delineates between emotive and often misogynistic demands for an entire rethink of the gender order by some men's rights activists and a genuine need to incorporate male insecurities and psychological experiences in how we understand gender to be structured and performed, as a means to increase equality.

Media Conrad Riker, Why Modern Media Wants You Weak—And How to Fight Back Do you feel media today undermines your values, ambitions, and role as a man? Are you tired of being told masculinity is “toxic” while society still demands you lead, protect, and sacrifice? What if you could reclaim control of the narrative—and your identity—from those who profit by silencing you? - Expose the 500-year history of media's male-dominated roots—and why elites now want you to forget it. - Learn how “woke” corporations manipulate algorithms to erase male-driven stories. - Discover the data-backed link between social media and rising male suicide rates. - Reverse-engineer the tactics of icons like Roosevelt, Rogan, and Tate to command respect. - Unlock the hidden psychology behind viral memes, podcasts, and “beta male” traps. - Debunk fake news narratives weaponized to shame male skepticism. - Rebuild your mental armor against media that profits from your doubt and division. - Turn weakness into leverage: Why vulnerability is a scam—and how to weaponize discipline instead. If you want to dominate the narrative instead of being dominated by it, buy The Alpha Blueprint today—before they ban it.
