Kealan Patrick Burke

The House Next Door Anne Rivers Siddons, 1979 Personal disaster befalls a succession of families who move into a new house in an affluent Southern neighborhood.

*The House Next Door* Anne Rivers Siddons, 2007-07-03 In a wealthy suburb in Atlanta an ambitious young architect is building a dramatically contemporary house. The neighbors' easy friendship and relaxed get-togethers are marred by strange accidents and inexplicable happenings as a succession of families move into the new house.

**Between Dream Houses and "God's Own Junkyard": Architecture and the Built Environment in American Suburban Fiction** Stefanie Strebel, 2021-06-28 The American suburb is a space dominated by architectural mass production, sprawl, as well as a monotonous aesthetic eclecticism, and many critics argue that it has developed from a postwar utopia into a disorienting environment with which it is difficult to identify. The typical suburb has come to display characteristics of an atopia, that is, a space without borders or even a non-place, a generic space of transience. Dealing with the representation of architecture and the built environment in suburban literature and film from the 1920s until present, this study demonstrates that in its fictional representations, too, suburbia has largely turned into a place of non-architecture. A lack of architectural ethos and an abundance of Junkspace define suburban narratives, causing an increasing sense of disorientation and entropy in fictional characters.

*The Evil Dead* Lloyd Haynes, 2021 The Evil Dead (1982) is one of the most inventive and energetic horror movies of the last 40 years. This Devil's Advocate examines its appeal and impact from a variety of perspectives, including how it creates a 'bad dream' effect, its 'Final Guy' male hero, and its troubled critical reception.

**Twelve Nights at Rotter House** J.W. Ocker, 2019-10-29 Felix Allsey is a travel writer with a keen eye for the paranormal, and he's carved out a unique, if only slightly lucrative, niche for himself in nonfiction; he writes travelogues of the country's most haunted places, after haunting them himself. When he convinces the owner of the infamous Rotterdam Mansion to let him stay on the premises for 13 nights, he believes he's finally found the location that will bring him a bestseller. As with his other gigs, he sets rules for himself: no leaving the house for any reason, refrain from outside contact, and sleep during the day. When Thomas Ruth, Felix's oldest friend and fellow horror film obsessive, joins him on the project, the two dance around a recent and unspeakably painful rough-patch in their friendship, but eventually fall into their old

rhythms of dark humor and movie trivia. That's when things start going wrong: screams from upstairs, figures in the thresholds, and more than what should be in any basement. Felix realizes the book he's writing, and his very state of mind, is tilting from nonfiction into all out horror, and the shocking climax answers a question that's been staring these men in the face all along: In Rotter House, who's haunting who?

**Haunted Landscapes** Ruth Heholt, Niamh Downing, 2016-11-17 *Haunted Landscapes* offers a fresh and innovative approach to contemporary debates about landscape and the supernatural. Landscapes are often uncanny spaces embroiled in the past; associated with absence, memory and nostalgia. Yet experiences of haunting must in some way always belong to the present: they must be felt. This collection of essays opens up new and compelling areas of debate around the concepts of haunting, affect and landscape. Landscape studies, supernatural studies, haunting and memory are all rapidly growing fields of enquiry and this book synthesises ideas from several critical approaches – spectral, affective and spatial – to provide a new route into these subjects. Examining urban and rural landscapes, haunted domestic spaces, landscapes of trauma, and borderlands, this collection of essays is designed to cross disciplines and combine seemingly disparate academic approaches under the coherent locus of landscape and haunting. Presenting a timely intervention in some of the most pressing scholarly debates of our time, *Haunted Landscapes* offers an attractive array of essays that cover topics from Victorian times to the present.

*The Cambridge Companion to American Gothic* Jeffrey Andrew Weinstock, 2017-11-23 *The Cambridge Companion to American Gothic* offers an accessible overview to both the breadth and depth of the American Gothic tradition. This subgenre features works from many of America's best-known authors: Edgar Allan Poe, Toni Morrison, Stephen King, Anne Rice, Henry James, Edith Wharton, William Faulkner, and Flannery O'Connor. Authored by leading experts in the field, the introduction and sixteen chapters explore the American Gothic chronologically, in relation to different social groups, in connection with different geographic regions, and in different media, including children's literature, poetry, drama, film, television, and gaming. This Companion provides a rich and thorough analysis of the American Gothic tradition from a twenty-first-century standpoint, and will be a key resource undergraduates, graduate students, and professional researchers interested in this topic.

**The Cambridge History of the Gothic: Volume 3, Gothic in the Twentieth and Twenty-First Centuries** Catherine Spooner, Dale Townshend, 2021-08-19 The third volume of *The Cambridge History of the Gothic* is the first book to provide an in-depth history of Gothic literature, film, television and culture in the twentieth and twenty-first centuries (c. 1896-present). Identifying key historical shifts from the birth of film to the threat of apocalypse, leading international scholars offer comprehensive coverage of the ideas, events, movements and contexts that shaped the Gothic as it entered a dynamic period of diversification across all forms of media. Twenty-three chapters plus an extended introduction provide in-depth accounts of

topics including Modernism, war, postcolonialism, psychoanalysis, counterculture, feminism, AIDS, neo-liberalism, globalisation, multiculturalism, the war on terror and environmental crisis. Provocative and cutting edge, this will be an essential reference volume for anyone studying modern and contemporary Gothic culture.

*American Nightmares* Dale Bailey, 2011-06 When Edgar Allan Poe set down the tale of the accursed House of Usher in 1839, he also laid the foundation for a literary tradition that has assumed a lasting role in American culture. "The House of Usher" and its literary progeny have not lacked for tenants in the century and a half since: writers from Nathaniel Hawthorne to Stephen King have taken rooms in the haunted houses of American fiction. Dale Bailey traces the haunted house tale from its origins in English gothic fiction to the paperback potboilers of the present, highlighting the unique significance of the house in the domestic, economic, and social ideologies of our nation. The author concludes that the haunted house has become a powerful and profoundly subversive symbol of everything that has gone nightmarishly awry in the American Dream.

**Dead Leaves** Kealan Patrick Burke, 2011-10-06 Strange text messages portend a strange kind of apocalypse...Two brothers find themselves drawn to the only house in the neighborhood not decorated for Halloween...A man returns to his hometown to bury his overbearing mother, and finds more than memories awaiting him in the shadows of his childhood home...A young girl walks a lonely country road, recalling a rhyme that brings with it memories of death...A teenager hoping for romance gets more than he bargained for when the object of his desire introduces him to the object of hers...An aging millionaire awakes buried in a cheap coffin with only a lamp and a bell for company...The son of a woman accused of being a witch accepts the villagers' peace offering at her funeral, but all is not quite as it seems...A woman with a violent past realizes that this year's Halloween party may be coming for her...and a lonely trick-or-treater awakes in a house rumored to be a place of death. Featuring a new introduction, and rounded out by the author's recommended Halloween reading and watching lists, *DEAD LEAVES* makes for the perfect autumnal read.

Haunted States Miranda Corcoran, 2024-10-08 A fusion of travel literature and cultural criticism investigating the dark history of the US and exploring how past horrors – from witch trials to slavery and genocide – continue to haunt the national consciousness. *Haunted States* is a unique guidebook that explores the dark, often horrifying, history of the US. Based on the author's journey across the United States in summer 2022, it explores locations connected to Gothic fiction and film, tracking the relationship between the American landscapes and the various forms of fictional horror the nation has produced over the centuries. Part cultural history and part travelogue, *Haunted States* traces how the American Gothic draws inspiration from the natural and built environments, with the astounding geographical variation of the landscape influencing the distinctive forms of horror produced across its many diverse regions. The book also investigates how the horrors of the American Gothic have their roots in the nation's dark history of colonialism, slavery, violence and oppression – past sins that continue to haunt

the national consciousness to this day. Taking horror (in literature, film and the visual arts) as its starting point, *Haunted States* investigates the landscapes, places and cultures that produced it. Incorporating first-person travel narrative, historical context and supplementary interviews, *Haunted States* journeys across the USA to learn about its eclectic, regional forms of horror.

*Paperbacks from Hell* Grady Hendrix, 2017-09-19 From the New York Times best-selling author of *The Southern Book Club's Guide to Slaying Vampires* comes a nostalgic and unflinchingly funny celebration of the horror fiction boom of the 1970s and '80s. Take a tour through the horror paperback novels of two iconic decades . . . if you dare. Page through dozens and dozens of amazing book covers featuring well-dressed skeletons, evil dolls, and knife-wielding killer crabs! Read shocking plot summaries that invoke devil worship, satanic children, and haunted real estate! Horror author and vintage paperback book collector Grady Hendrix offers killer commentary and witty insight on these trashy thrillers that tried so hard to be the next *Exorcist* or *Rosemary's Baby*. Complete with story summaries and artist and author profiles, this unforgettable volume dishes on familiar authors like V. C. Andrews and R. L. Stine, plus many more who've faded into obscurity. Also included are recommendations for which of these forgotten treasures are well worth your reading time and which should stay buried.

*Danse Macabre* Stephen King, 2011-03-01 Before he gave us the "one of a kind classic" (*The Wall Street Journal*) memoir *On Writing*, Stephen King wrote a nonfiction masterpiece in *Danse Macabre*, "one of the best books on American popular culture" (*Philadelphia Inquirer*). From the author of dozens of #1 New York Times bestsellers and the creator of many unforgettable movies comes a vivid, intelligent, and nostalgic journey through three decades of horror as experienced through the eyes of the most popular writer in the genre. In 1981, years before he sat down to tackle *On Writing*, Stephen King decided to address the topic of what makes horror horrifying and what makes terror terrifying. Here, in ten brilliantly written chapters, King delivers one colorful observation after another about the great stories, books, and films that comprise the horror genre—from *Frankenstein* and *Dracula* to *The Exorcist*, *The Twilight Zone*, and *Earth vs. The Flying Saucers*. With the insight and good humor his fans appreciated in *On Writing*, *Danse Macabre* is an enjoyably entertaining tour through Stephen King's beloved world of horror.

*Frightening Fiction* Kimberly Reynolds, Geraldine Brennan, Kevin McCarron, 2004-12-30 Edited by Morag Styles and written by an international team of acknowledged experts, this series provides jargon-free, critical discussion and a comprehensive guide to literary and popular texts for children. Each book introduces the reader to a major genre of children's literature, covering the key authors, major works and contexts in which those texts are published, read and studied. The development of the horror genre in children's literature has been a startling phenomenon - one that has provoked strong, but mixed, reactions. *Frightening Fiction* provides a lucid and lively guide to that genre, ranging from

analyses of such popular series as Point Horror, Goosebumps, the X Files and the Buffy stories, to the work of individual authors such as Robert Westall, David Almond, Philip Gross and Lesley Howarth.

*Monster, She Wrote* Lisa Kröger, Melanie R. Anderson, 2019-09-17 Meet the women writers who defied convention to craft some of literature's strangest tales, from Frankenstein to The Haunting of Hill House and beyond. Frankenstein was just the beginning: horror stories and other weird fiction wouldn't exist without the women who created it. From Gothic ghost stories to psychological horror to science fiction, women have been primary architects of speculative literature of all sorts. And their own life stories are as intriguing as their fiction. Everyone knows about Mary Shelley, creator of Frankenstein, who was rumored to keep her late husband's heart in her desk drawer. But have you heard of Margaret "Mad Madge" Cavendish, who wrote a science-fiction epic 150 years earlier (and liked to wear topless gowns to the theater)? If you know the astounding work of Shirley Jackson, whose novel The Haunting of Hill House was reinvented as a Netflix series, then try the psychological hauntings of Violet Paget, who was openly involved in long-term romantic relationships with women in the Victorian era. You'll meet celebrated icons (Ann Radcliffe, V. C. Andrews), forgotten wordsmiths (Eli Colter, Ruby Jean Jensen), and today's vanguard (Helen Oyeyemi). Curated reading lists point you to their most spine-chilling tales. Part biography, part reader's guide, the engaging write-ups and detailed reading lists will introduce you to more than a hundred authors and over two hundred of their mysterious and spooky novels, novellas, and stories.

The Mammoth Book of Best New Horror 16 Stephen Jones, 2012-03-01 The latest edition of the world's foremost annual showcase of horror and dark fantasy fiction. Here are some of the very best short stories and novellas by today's finest exponents of horror fiction - including Kim Newman, Neil Gaiman, China Miéville, Paul McAuley, Glen Hirshberg, Ramsey Campbell and Tanith Lee. The Mammoth Book of Best New Horror 16 also contains the most comprehensive overview of horror around the world during the year, lists of useful contact addresses and a fascinating necrology. It is the one book that is required reading for every fan of macabre fiction.

*Survey of Modern Fantasy Literature* Frank Northen Magill, 1983

**The Suburban Gothic in American Popular Culture** B. Murphy, 2009-08-21 The first sustained examination of the depiction of American suburbia in gothic and horror films, television and literature from 1948 to the present day. Beginning with Shirley Jackson's *The Road Through the Wall*, Murphy discusses representative texts from each decade, including *I Am Legend*, *Bewitched*, *Halloween* and *Desperate Housewives*.

*The Handyman Method* Nick Cutter, Andrew F. Sullivan, 2023-08-08 A chilling domestic story of terror for fans of *Black Mirror* and *The Amityville Horror*. When a young family moves into an unfinished development community, cracks begin to emerge in both their new residence and their lives, as a mysterious online DIY instructor delivers dark subliminal suggestions about how to handle any problem around the house. The trials of home improvement, destructive insecurities, and haunted

house horror all collide in this thrilling story perfect for fans of Nick Cutter's bestsellers *The Troop* and *The Deep*.

**Haunting Experiences** Diane Goldstein, Sylvia Grider, Jeannie Banks Thomas, 2007-09-15 Ghosts and other supernatural phenomena are widely represented throughout modern culture. They can be found in any number of entertainment, commercial, and other contexts, but popular media or commodified representations of ghosts can be quite different from the beliefs people hold about them, based on tradition or direct experience. Personal belief and cultural tradition on the one hand, and popular and commercial representation on the other, nevertheless continually feed each other. They frequently share space in how people think about the supernatural. In *Haunting Experiences*, three well-known folklorists seek to broaden the discussion of ghost lore by examining it from a variety of angles in various modern contexts. Diane E. Goldstein, Sylvia Ann Grider, and Jeannie Banks Thomas take ghosts seriously, as they draw on contemporary scholarship that emphasizes both the basis of belief in experience (rather than mere fantasy) and the usefulness of ghost stories. They look closely at the narrative role of such lore in matters such as socialization and gender. And they unravel the complex mix of mass media, commodification, and popular culture that today puts old spirits into new contexts
