## Scott Rothkopf

**Owens, Laura** Scott Rothkopf, 2017-01-01 A richly illustrated, expansive mid-career survey of the stand-out American artist's pioneering and influential work, with each copy featuring a unique silk-screen cover printed in Owens's studio. Since the early 1990s, Laura Owens (b. 1970) has challenged traditional assumptions about figuration and abstraction in her pioneering approach to painting. Created in close collaboration with the artist on the occasion of her mid-career survey at the Whitney Museum of American Art, this inventive and comprehensive book features an incisive introduction by Scott Rothkopf, critical essays, literary texts, and short commentaries on a variety of subjects related to Owens's broad interests, which range from folk art and needlework to comics and wallpaper. Reflections by more than twenty of Owens's fellow artists, collaborators, assistants, dealers, family members, and friends offer an array of perspectives on her work at different periods in her life, beginning with her high school years in Ohio and ending with her current exhibition. A rich trove of more than a thousand images, drawn from the artist's personal archive and largely unpublished before now, includes personal correspondence, journals, academic transcripts, handwritten notes, source material, exhibition announcements, clippings, and installation photographs. Strikingly, each copy also features a unique silk-screen cover printed in Owens's studio, giving readers the opportunity to own an original work of art. Together, all of these elements provide a rare and intimate look at how an artist might make her way in the world as well as how art gets made, movements take hold, and relationships evolve over time.

**The Movie Musical** Desirée J. Garcia, 2021-01-15 With the release of each new musical film, critics ask, Has the musical returned? The very frequency of the question would seem to belie its implication. Indeed, while musicals have changed over time, they have never truly gone away. This point becomes especially clear if we look beyond the golden age of the 1940s and 50s, beyond Hollywood, and even beyond the United States. *The Movie Musical* is a thematic exploration of the genre with a focus on how the musical changes and adapts in order to preserve its own relevance. From *The Jazz Singer* (1927), *The Sound of Music* (1965) to *La La Land* (2016) and *The Greatest Showman* (2017) and many more, the book traverses time and space, from the classical period of musical film production at midcentury to the present, and from Hollywood to Europe, the United Kingdom, and Asia. Chapters explore the genre as an archive of its own formation, its engagement with race, ethnicity, and gender, and its relationship to ever evolving technologies and media. Ultimately, the book tells a story of the

musical's evolution that denies the familiar narrative that the genre is in crisis; instead, The Movie Musical demonstrates that, if we look beyond the familiar places, we see that the musical is dynamic, capacious, and always with us--

**Riding the Line** Rex Taylor, 2012-10 Riding dirt bikes solo in remote areas is not conducive to safety. The two most basic rules of safety are: don't go out alone, and always tell someone your itinerary. But most of the time, Rex Taylor rode alone. That greatly increased the danger, but simplified his logistics. And it was just not possible to tell anyone his plans, because he rarely had more than a general idea himself, of his route or destination. The risks were worth the thrill of riding a high-powered machine, across landscapes of unsurpassed natural beauty, in total isolation. He could rely on nothing but pluck, and a lot of luck. And his luck held, to an unlikely degree. A flat tire, a broken bike part, a broken body part, or running out of gas, could have meant disaster, or death. But he tried not to think about that too much.

*The Key Masters of Telemma* J.S. Frankel, Bill Newell and Carla Meadows, both seventeen and both dying, live out their final days in a palliative care center in Portland, Oregon. Bill has no hope of recovering, but the appearance of a strange key on his bed one day intrigues him. Carla receives the same key, and soon they find themselves in a pocket universe ruled by one being, a being-not-a-being named Malgorath who wields immense power. Malgorath makes them a deal. Find four keys, ones of silver, gold, glass, and paper, and return them to him. Upon their retrieval, he will cure them of their illness and send them back to Earth. For Malgorath, the keys are the key to finding Falnarth, a mythical world that holds many secrets. Bill and Carla have no secrets to discover, save life. With no choice in the matter, they agree to the terms and soon find themselves journeying to worlds of silver, gold—ruled by robots—glass, ruled by a power-mad queen, and one of wood. Each key's retrieval is more dangerous than the last but Bill and Carla are determined to succeed in their quest. However, they soon realize that Malgorath has his own agenda, and they must do everything in their power before the demon can fuse the keys together and destroy—and recreate—the universe.
