The Glimpses of the Moon Edith Wharton, 2014-06-28 The Glimpses of the Moon By Edith Wharton. Classic Novels. Top 100 Books. Edith Wharton (born Edith Newbold Jones; January 24, 1862 - August 11, 1937) was a Pulitzer Prize-winning American novelist, short story writer, and designer. She was nominated for the Nobel Prize in Literature in 1927, 1928 and 1930. Wharton combined her insider's view of America's privileged classes with a brilliant, natural wit to write humorous, incisive novels and short stories of social and psychological insight. She was well acquainted with many of her era's other literary and public figures, including Theodore Roosevelt. The Age of Innocence (1920) won the 1921 Pulitzer Prize for literature, making Wharton the first woman to win the award. Wharton was friend and confidante to many gifted intellectuals of her time: Henry James, Sinclair Lewis, Jean Cocteau and André Gide were all guests of hers at one time or another. Theodore Roosevelt, Bernard Berenson, and Kenneth Clark were valued friends as well. But her meeting with F. Scott Fitzgerald is described by the editors of her letters as one of the better known failed encounters in the American literary annals. She spoke fluent French (as well as several other languages), and many of her books were published in both French and English. In 1934 Wharton's autobiography A Backward Glance was published. In the view of Judith E. Funston, writing on Edith Wharton in American National Biography: What is most notable about A Backward Glance, however, is what it does not tell: her criticism of Lucretia Jones [her mother], her difficulties with Teddy, and her affair with Morton Fullerton, which did not come to light until her papers, deposited in Yale's Beinecke Rare Book Room and Manuscript Library, were opened in 1968.

The House of Mirth Edith Wharton, 2020-11-11 The House of Mirth is a 1905 novel by the American author Edith Wharton. It tells the story of Lily Bart, a well-born but impoverished woman belonging to New York City's high society around

the turn of the last century.[a] Wharton creates a portrait of a stunning beauty who, though raised and educated to marry well both socially and economically, is reaching her 29th year, an age when her youthful blush is drawing to a close and her marital prospects are becoming ever more limited. The House of Mirth traces Lily's slow two-year social descent from privilege to a tragically lonely existence on the margins of society. In the words of one scholar, Wharton uses Lily as an attack on an irresponsible, grasping and morally corrupt upper class.

It is set in the fictitious town of Starkfield, Massachusetts. The novel was adapted into a film, *Ethan Frome*, in 1993. *Ethan Frome* is set in the fictional New England town of Starkfield, where a visiting engineer tells the story of his encounter with Ethan Frome, a man with a history of thwarted dreams and desires. The accumulated longing of Frome ends in an ironic turn of events. His initial impressions are based on his observations of Frome going about his mundane tasks in Starkfield, and something about him catches the eye and curiosity of the visitor, but no one in the town seems interested in revealing many details about the man or his history - or perhaps they are not able to. The narrator ultimately finds himself in the position of staying overnight at Frome's house in order to escape a winter storm, and from there he observes Frome and his private circumstances, which he shares and which triggers other people in town to be more forthcoming with their own knowledge and impressions. The novel is framed by the literary device of an extended flashback. The prologue, which is neither named as such nor numbered, opens with an unnamed male narrator spending a winter in Starkfield while in the area on business. He spots a limping, quiet man around the village, who is somehow compelling in his demeanor and carriage. This is Ethan Frome, who is a local fixture of the community, having been a lifelong resident. Frome is described as the most striking figure in Starkfield, the ruin of a man with a careless powerful look...in spite of a lameness checking each step like the jerk of a chain. Curious, the narrator sets out to learn about him. He learns that Frome's limp arose from having been injured in a smash-up twenty-four years before, but further details are not forthcoming, and the narrator fails to learn much more from Frome's fellow townspeople other than that Ethan's attempt at higher education decades before was thwarted by the sudden illness of his father following an injury, forcing his return to the farm to assist his parents, never to leave again. Because people seem to not wish to speak other than in vague and general terms about Frome's past, the narrator's curiosity grows, but he learns little more.

The Age of Innocence Edith Wharton, 2016-10-07 Winner of the 1921 Pulitzer Prize! This is a gorgeous book with some great characters and a special ambience that you will never have experienced in any other novel. Edith Wharton takes the reader deep inside the strange little world of upper-class late 19th century New York, detailing the manners, the attitudes, the rules, the institutionalized hypocrisy, the spectacular beauty and superficiality, and most of all, the lies that everyone must tell themselves and those around them to survive in a tightly regimented culture that has just barely reached its zenith and is already in decline. Wharton's protagonist, Newland Archer, is one of the best written male characters. Her insightful portrayal is so steeped in the nuances of the masculine dilemma that it's hard to believe she was never a man. At the same time, her writing is effortlessly sensual and poetic without any of the excessive floweriness that one finds often characterizes Victorian writing. This is how to write a love triangle. One can hardly find a more vivid and lacerating portrayal of the guilt, inner conflict, and yearning of it all. The three main characters in the book are so fully realized and exposed to the reader, yet within the world of these pages, they are neatly sectioned. They are sequestered inside of their own thoughts and feelings. This is some of the most breath-stealing, gorgeous writing you have ever read. Scroll Up and Get Your Copy! Ethan Frome Edith Wharton,2021-05-07 The classic short novel of love, deceit, and tragedy, *Ethan Frome* by Edith Wharton has been breaking hearts and shocking readers for over a century. Ethan Frome is a ruin of a man, aged and limping. Alienated from the other residents of desolate Starkfield, Massachusetts, he can barely draw a living from the stony soil of his family farm. For twenty-four years, Frome has held a secret in his heart: he loved not his waspish wife Zeena, but her young cousin Mattie, whom Zeena depended on for care. When an enigmatic newcomer arrives in Starkfield one frigid winter and takes pity on Frome, the tragic twist of Frome's love and desire, and the reason for his crippling injuries, are set to be revealed. *Ethan Frome* is a classic tragic love story. The inability of Ethan and Mattie to articulate their feelings save through gestures—as small as a broken plate, as large as a horrific accident—speak to the power of author Edith Wharton's gimlet eye. And the reversal of fortune in the denouement continues to shake readers over a century after it was written. Adapted as a film starring Liam Neeson and Patricia Arquette in 1993, *Ethan Frome* has broken the hearts of generations of readers. The Mint Editions version of *Ethan Frome* features expressive cover art and contemporary typesetting, making it a fine addition to any bookshelf.

Months later, Darrow and the widowed Anna Leath mend their relationship and make plans to wed. But before they can announce their plans, Darrow learns that the engagement of Anna's stepson threatens to have a profound effect on his own.
