Independence Chitra Banerjee Divakaruni,2023-01-17 “Divakaruni tells the story of India’s independence through the eyes of three sisters, each of whom is uniquely different, with her own desires and flaws. I cheered for them and cried with them as they move through the history of their country that is at once devastating, inspiring, and triumphant. You will, too.”— Lisa See, #1 New York Times bestselling author Set during the partition of British India in 1947, a time when neighbor was pitted against neighbor and families were torn apart, award-winning author Chitra Banerjee Divakaruni’s novel brings to life the sweeping story of three sisters caught up in events beyond their control, their unbreakable bond, and their incredible struggle against powerful odds. India, 1947. In a rural village in Bengal live three sisters, daughters of a well-respected doctor. Priya: intelligent and idealistic, resolved to follow in her father’s footsteps and become a doctor, though society frowns on it. Deepa: the beauty, determined to make a marriage that will bring her family joy and status. Jamini: devout, sharp-eyed, and a talented quiltmaker, with deeper passions than she reveals. Theirs is a home of love and safety, a refuge from the violent events taking shape in the nation. Then their father is killed during a riot, and even their neighbors turn against them, bringing the events of their country closer to home. As Priya determinedly pursues her career goal, Deepa falls deeply in love with a Muslim, causing her to break with her family. And Jamini attempts to hold her family together, even as she secretly longs for her sister’s fiancé When the partition of India is officially decided, a drastic—and dangerous—change is in the air. India is now for Hindus, Pakistan for Muslims. The sisters find themselves separated from one another, each on different paths. They fear for what will happen to not just themselves, but each other. Chitra Banerjee Divakaruni outdoes herself with this deeply moving story of sisterhood and friendship, painting an account of India’s independence simultaneously exhilarating and devastating, that will make any reader—new or old—a devoted fan.

Critical Perspectives on Chitra Banerjee Divakaruni Robin E. Field,Amritjit Singh,Samina Najmi,2022-02-15 Critical Perspectives on Chitra Banerjee Divakaruni: Feminism and Diaspora offers insights into Chitra Banerjee Divakaruni’s provocative and popular fiction. In their engaging and comprehensive introduction, editors Amritjit Singh and Robin Field explore how Divakaruni’s short stories and novels have been shaped by her own struggles as a new immigrant and by the influences she imbibed from academic mentors and feminist writers of color. Twelve critical essays by both aspiring and experienced scholars explore Divakaruni’s aesthetic of interconnectivity and wholeness as she links generations, races,

ethnicities, and nations in her depictions of the diversity of religious and ethnic affiliations within the Indian diaspora. The contributors offer a range of critical perspectives on Divakaruni's growth as a novelist of historical, mythic, and political motifs. The volume includes two extended interviews with Divakaruni, offering insights into her personal inspirations and social concerns, while also revealing her deep affection for South Asian communities, as well as an essay by Divakaruni herself—a candid expression of her artistic independence in response to the didactic expectations of her many South Asian readers.

Fifty Year Road: A Personal History of India from the Mid-sixties Onward Bhaskar Roy, 2024-01-17 An everyman flair makes history most authentic and intensely gripping. Nothing captures more gnawingly the acute scarcity in the wake of two successive wars—with China in 1962 and Pakistan in 1965—than the lengthening lines outside ration shops. *Fifty Year Road* is Bhaskar Roy's look-back moment, but more crucially, it's the less-focused account of India that often gets overlooked by historiographers. The Naxalbari uprising, in perspective, was the first and fiercest far-left challenge to the Indian state, born out of deep disillusion of the republic's first generation with the robust dream come crashing. Each of the subsequent upheavals has had untold sides too: the Bangladesh Liberation War, the 1974 rail strike, the Emergency, Indira assassination, Rajiv Gandhi years, economic reforms, Ayodhya demolition, Sonia Gandhi and Manmohan Singh's stewardship of the UPA, and Narendra Modi's inexorable ride to power. Because it's an ordinary man's memoir, the narrative gets intertwined with the Indian chronicle. The big and powerful amplify their lives and achievements; a journalist captures the tone and tension of his times. The book pulsates with the author's emotions and the nation's pain and possibility as well.

Diasporic Consciousness in the select novels of Chitra anarjee Divakaruni Dr. P. Prasanna Kumari, 2018-09-14 The story of the Indian English novel is about the story of changing India. There was a time when education was a rare opportunity and speaking English was not considered necessary. The stories were already there spread all over the subcontinent in the myths, in the folklore and the umpteen languages and cultures that gossiped, conversed, laughed and cried. India has always been a land of stories.

Indian Diaspora Pravin Bhagwan Bhaskar, 2025-01-15 Borders give rise to the line of division, the suffering of homelessness, and the loss of culture. The book masterfully ties together the stories of those who have been uprooted and have endured humiliating experiences abroad, as well as the voyage of Indian writers who were dispersed, including Jhumpa Lahiri, Kiran Desai and Chitra Banerjee Divakaruni. Moreover, the book bears witness to the disadvantaged and disgraced migrants, refugees, and exiles who have used their writing to highlight effectively the concerns related to migration.

Ten Incarnations of Rebellion Vaishnavi Patel, 2025-06-30 Kalki Divekar grows up a daughter of Kingston—a city the British built on the ashes of Bombay. The older generation, including her father, have been lost to the brutal hunt for rebels. Young men are drafted to fight wars they will never return from. And the people of her city are more interested in fighting each other than facing their true oppressors. When tragedy strikes close to home, Kalki and her group of friends begin to play a dangerous game, obtaining jobs working for the British while secretly planning to destroy the empire from the inside out. They found Kingston's new independence movement, knowing one wrong move means certain death. Facing threats from all quarters, Kalki must decide whether it's more important to be a hero or to survive. Told as ten moments from Kalki's life that mirror the Dashavatara, the ten avatars of Vishnu, *Ten Incarnations of Rebellion* is a sweeping, deeply felt speculative novel of empowerment, friendship, self-determination, and the true meaning of freedom.

English Language Teaching: Issues and Challenges S. Udhayakumar, K. Vellaichamy, English, as a global language, plays a vital role in every one's life. Students think that English language opens the door of the world for their future life. But as an alien language, the learners find it very difficult to understand the language. Not only to understand but to read, write and speak. A social language may be learnt quickly as there are many chances to encounter with public people who speak this as their mother tongue or a community language. But English is not a social language so all learners face difficulty. This difficulty may be eased out by adopting different methodology for learning English language. This could be possible only for

educational institutions. In India and non English speaking countries, English could be learnt only in schools, colleges and Universities. So it is very important that methodology for English teaching should be often checked and updated. Earlier chalk and talk method was adopted. In due course, it underwent many changes and it, now has become student centric and the teacher has become a facilitator for the students in teaching learning process. The classroom, once a four wall room with a single board and small chalk piece, has now become a smart classroom with white smart board and an electronic pen stick. Even an LKG classroom is connected to the world and with one click the whole world comes into the classroom through internet services and displayed on the white board. If Shakespeare is taught, his manuscript of the text is displayed and his life is shown as a video film. If the Universe is taught to the students, the video of the Universe is shown and the real scientists are explaining the doubts of the students and they chat with the learners. As we are living in such a modern and advanced period, teaching methodology for English teaching should be updated to meet the challenges of today's world. Education is the only way for the humanity to live happily and peacefully. Education connects the whole world for the benefit of the human race which is not possible for animal beings and other creatures also. In this process, English language plays a crucial role and an edition of book chapters may benefit the student and teaching community to update the teaching methodology of English language. So, this edition is brought to fulfill the need of the current society.

Boundaries of the Self Debalina Banerjee, 2014-06-02 This book addresses the intersections between gender and identity by critically examining female spaces. It has famously been argued that men and women are made in culture. As such, this volume explores how spaces—social, political, cultural, historical, and even cyber—affect the creative, personal, urban and global identities of women. The scholarly approaches of the contributors here probe into these spaces and analyze the problematic of gender identities as they are constructed, reconstructed or deconstructed through processes of appropriation, subversion and signification. The functional politics of patriarchy influences a range of networks that include social, cultural, political, and religious archetypes. This book will open new vistas in women's studies through dialogues and discussions on the various facets of "Space", and how in turn they generate the rhetoric of agency and power or again how they annihilate attempts at emancipation and empowerment. Furthermore, the book explores the diversity of women's experiences and their contributions across cultures, and examines knowledge and practices in the light of gender differences, suggesting new ways to "conceptualize the relations between the self and the ever changing global communities". Its interdisciplinary nature, drawing on the humanities, arts, social sciences will give it a wide readership among students, teachers and researchers. In addition, since women's studies is one of the most sought-after academic disciplines of the contemporary academic world, this book will generate interest and contribute to the dynamic nature of women's studies research.

Other Tongues, 2009-01-01 *Other Tongues: Rethinking the Language Debates in India* explores the implications of the energetic and, at times, acrimonious public debate among Indian authors and academics over the hegemonic role of Indian writing in English. From the 1960s the debate in India has centered on the role of the English language in perpetuating and maintaining the cultural and ideological aspects of imperialism. The debate received renewed attention following controversial claims by Salman Rushdie and V.S. Naipaul on the inferior status of contemporary Indian-language literatures. This volume : • offers nuanced analysis of the language, audience and canon debate; • provides a multivocal debate in which academics, writers and publishers are brought together in a multi-genre format (academic essay, interview, personal essay); • explores how translation mediates this debate and the complex choices that translation must entail. *Other Tongues* is the first collective study by to bring together voices from differing national, linguistic and professional contexts in an examination of the nuances of this debate over language. By creating dialogue between different stakeholders – seven scholars, three writers, and three publishers from India – the volume brings to the forefront underrepresented aspects of Indian literary culture.

Interstices of Space and Memory Sreedevi Santhosh, Samjaila TH, Sneha Suresh, Preethi S., 2025-03-07 The conference intersectionally locates memory and space that reconstruct city chronotopes to explore how identities are reconfigured in metropolitan Indian cities. In taking recourse in locating turning points that could be historical, political or cultural in the life

of 'Metropolitan Indian Cities' the perspective that is brought together with personal and collective stories that are recorded in Art /Literature /Curated Projects /Museums is that these moments reshape human values/ ethos in Cities. The assumption made is that at specific moments in time / turning points, with the pandemic for instance the spirit of the city changes. It highlights how human beings in cities account for such changes (the IIHS runs a postcard project on human lives during the plague and corona) being an example. It uses focal moments in the City as the lens to discuss Art, Literature and City Design.

In the Shadow of Partition Nalini Iyer,Debali Mookerjee-Leonard,2024-12-02 This book brings together conversations about the Partition and its haunting residues in the present as represented in literary, visual, oral, and material cultures of the subcontinent and beyond. The seventy-fifth anniversary of Partition confronts scholars with significantly new subjects for reflection. The question of historical memory has now largely transformed to one of its reproductions through mass politics and mass media and, perhaps, professional academic inquiry, while the very meaning or value of Independence is in crisis. This edited volume includes chapters on representations of partition experiences and the re-drawing of the subcontinent's political map. While the impact of the partition of the Punjab has been the focus of much scholarly studies in the past, and Bengal to a smaller extent, this collection extends the examination of the impact of this political event elsewhere in other communities in the subcontinent, and across other differentials. This book will be of interest to students, scholars and researchers of Indian history, Partition studies, literature, popular culture and performance, postcolonial studies, and South Asian studies. The chapters in this book were originally published as a special issue of South Asian Review.
