The Handbook of Spanish Language Media Alan Albaran,2009-09-10 With the rise of Spanish language media around the world, no reference work is available that provides an overview of the field or its emerging issues. The Handbook of Spanish Language Media is intended to fill that need. The goal is to establish a Handbook that will become the definitive source for scholars interested in this emerging field of study; not only to provide background knowledge of the various issues and topics relevant to Spanish Language media, but also to establish directions for future research in this rapidly growing area.

Equestrian Rebels Roberto Cantú,2016-05-11 Mariano Azuela (Mexico, 1873-1952) was a medical doctor by profession, recipient of Mexico's Premio Nacional de Literatura (1949), a distinguished member of El Colegio Nacional and, by mid-century, one of Mexico's leading novelists and literary critics. The author of novels, novellas, plays, biographies, and literary criticism, Azuela served as field doctor under Francisco Villa during the Mexican Revolution and, after Villa's military defeats in 1915, published *Los de abajo* (The Underdogs, 1915) while in exile in El Paso, Texas. This book of essays commemorates

the first centenary of Los de abajo, and traces its impact on twentieth-century autobiographies, memoirs and, more specifically, on the Novel of the Mexican Revolution. Equestrian Rebels: Critical Perspectives on Mariano Azuela and the Novel of the Mexican Revolution includes a full-length introduction and nineteen essays by leading international scholars who study Azuela and other novelists of the Mexican Revolution – such as Martín Luis Guzmán, Nellie Campobello and, among others, José Rubén Romero – from current, yet contrasting and innovative theoretical perspectives. Especially written for this volume, these critical essays are grouped into five sections that separately probe and analyze Azuela's realism and contemporary affinities with photography; Azuela's literary criticism; centennial studies on Los de abajo; critical approaches to other novels by Azuela; three independent analyses of Nellie Campobello's Cartucho (1931); and a concluding section on literary representations of Mexican colonialism and revolution in the narratives of Juan Rulfo (*El llano en llamas*), Carlos Fuentes (*Gringo viejo*), and David Toscana (*El último lector*). This book will be of importance to scholars, teachers, students, and the general reader interested in topics related to the literary, cultural, and political forces and conflicts that led to the transformation of Mexico into a modern nation.

Modern Mexican Culture Stuart A. Day,2017-10-31 This collection of essays presents a key idea or event in the making of modern Mexico through the lenses of art and history--Provided by publisher.
