*In the Heart of the Dark Wood* Billy Coffey, 2014-11-18 A motherless girl hungry for hope . . . and the dream that could be leading her astray. Almost two years have passed since twelve-year-old Allie Granderson's beloved mother, Mary, disappeared into the wild tornado winds. Her body has never been found. Allie clings to memories of her mother, just as she clings to the broken compass she left behind, the makeshift Nativity scene in the front yard, and her best friend Zach. But even with Zach at her side, the compass on her wrist, and the Nativity right outside the window, Allie cannot help but feel lost in all the growing up that must get done. When the Holy Mother disappears from the yard, Allie's bewilderment is compounded by the sudden movement of her mother's compass. Following the needle, Allie and Zach leave the city behind and push into the inky forest on the outskirts of Mattingly. For Allie, the journey is more than a ghost hunt: she is rejoining the mother she lost—and finding herself with each step deeper into the heart of the dark wood. Brimming with lyrical prose and unexpected discoveries, *In the Heart of the Dark Wood* illustrates the steep transition we all must undergo—the moment we shed our childlike selves and step into the strange territory of adulthood.

**Revenge of the Dark Woods** Brad Craddock, 2016-10-06 The comically gifted Brad Craddock is at it again with the second book in the *Little House in the Dark Woods* series. This time the forest is out for blood, as Helena and her family try to survive wolf attacks, suspicious Christmas gifts, and the grandest hootenanny ever thrown in the dark woods. *Revenge of the Dark Woods* continues the story of the plucky pioneer family from *The Curse of the Dark Woods*.

*The Dark Woods* Debra Webb, 2019-03-01 Will uncovering the truth about her past... Destroy her future? Driven to discover what really happened to her parents twenty-seven years ago, Sasha Lenoir seeks US Marshal Branch Holloway's help. It's a big risk. What if her former lover learns her long-held secret? As their reignited desire draws them back into each other's arms, Sasha knows that Branch deserves to hear the truth. But will telling him about her past cost her a second chance with the man she never forgot? *A Winchester, Tennessee Thriller*

*Gifts of the Dark Wood* Rev. Eric Elnes, 2015-09-01 Have you left the faith you used to have but don't know what to move toward? When you can't see the road ahead, do you feel lost and alone? Do you wish you had a group of companions willing to wander with you? Welcome to the Dark Wood. As you journey through the unknown, you may feel tempted, lost, and uncertain. Though commonly feared and avoided, these feelings of uncertainty can be your greatest assets on this journey

because it is in uncertainty that we probe, question, and discover. According to the ancients, you don't need to be a saint or spiritual master to experience profound awakening and live with God's presence and guidance. You need only to wander. In clear and lucid prose that combines the heart of a mystic, the soul of a poet, and the mind of a biblical scholar, Dr. Eric Elnes demystifies the seven gifts bestowed in the Dark Wood: the gifts of uncertainty, emptiness, being thunderstruck, getting lost, temptation, disappearing, and the gift of misfits. This is a book for anyone who feels awkward in their search for God, anyone who seeks to find holiness amid their holy mess, and anyone who prefers practicality to piety when it comes to finding their place in this world.

**The Curse of the Dark Woods** Brad Craddock,2015-09-04 In 1932 Laura Ingalls Wilder wrote a book about her life in the pioneering days that has charmed generations of children and adults. This is not that book. This book tells the story of Helena, a plucky pioneer girl, and her family as they run afoul of sinister blackberries, thwart bear attacks, and begin a family outing through a bloodthirsty forest hungry for their souls. The Curse of the Dark Woods is the first book in the Little House in the Dark Woods series.

**Death in the Dark Woods** Annelise Ryan,2024-12-10 A potential Bigfoot sighting is linked to a vicious murder, but skeptical cryptozoologist Morgan Carter is on the case in this new Monster Hunter Mystery by USA Today bestselling author Annelise Ryan. Business has been booming since Morgan Carter solved the case of the monster living in Lake Michigan. The Odds and Ends bookstore is thriving, of course, but Morgan is most excited by the doors that were opened for her as a cryptid hunter. Recently, there have been numerous sightings of a Bigfoot-type creature in the Chequamegon-Nicolet National Forest area of Bayfield County, Wisconsin. After a man is found dead from a vicious throat injury in the forest, the conservation warden asks Morgan to investigate. When Morgan and her dog, Newt, go there to investigate, they uncover a trail of lies, deception, and murder. It seems a mysterious creature is indeed living in the forest, and Morgan might be its next target.

**In a Dark Wood** Amanda Craig,2012-07-12 Thirty-nine, divorced, jobless: Benedick Hunter is going nowhere, heading in the exact opposite direction he expected. So when he comes across a children's book that his mother, Laura, wrote, he decides that her life and work - haunting stories replete with sinister woods, wicked witches and brave girls who battle giants - hold the key to finding out why his own life is such a mess. Setting out to discover why Laura killed herself when he was six, Benedick travels to the US. As he grows more obsessed with what happened to his mother, Benedick enters into a dark wood - one that is both hilariously real and terrifyingly psychological. Dark humorous and inventive, In a Dark Wood casts light on the nature of depression, genius and of the healing power of storytelling.

**In a Dark Wood** , In a Dark Wood presents a history of debates among ecologists over what constitutes good forestry, and a critique of the ecological reasoning behind contemporary strategies of preservation, including the Endangered Species Act. Chase argues that these strategies, in many instances adopted for political, rather than scientific reasons, fail to promote biological diversity and may actually harm more creatures than they help. At the same time, Chase offers examples of conservation strategies that work, but which are deemed politically incorrect and ignored. In a Dark Wood provides the most thoughtful and complete account yet written of radical environmentalism. And it challenges the fundamentalâbut largely unexaminedâassumptions of preservationism, such as those concerning whether there is a balance of nature, whether all branches of ecology are really science, and whether ecosystems exist. In his new introduction, Chase evaluates the response to his book and reports on recent developments in environmental science, policy, and politics. In a Dark Wood was judged by a recent national poll to be one of the one hundred best nonfiction books written in the English language during the twentieth century. A smashing good read, this book will be of interest to environmentalists, ecologists, philosophers, biologists, and bio-ethicists, and anyone concerned about ecological issues.
