In the mid-1980s, Stephen King inducted a young English novelist into the world of great genre writers, and since then, this genius creator has only continued to expand his field of activity. Created by his two most loyal collaborators, Phil and Sarah Stokes, Clive Barker's Dark Worlds is the first book to shed light on the massive scope of Barker's creative work. With the help of Barker himself, this book contains exclusive insight from those who have worked with him creatively and professionally, alongside analyses of his works and comments over four decades from industry contemporaries and friends such as Ramsey Campbell, Quentin Tarantino, Neil Gaiman, China Miéville, Peter Straub, Armistead Maupin, J.G. Ballard, Wes Craven, and many more. The book spans Barker's world, highlighting classics such as the character Pinhead, an icon in the pantheon of horror cinema; the Hellraiser series of ten films and a forthcoming HBO miniseries; and the cult films Nightbreed and Candyman, the latter of which was rebooted as a Jordan Peele production in 2021. In literature, Barker has written the horror anthology series Books of Blood, which was recently adapted by Hulu, as well as numerous fantasy sagas. Weaveworld and The Great and Secret Show have become instant genre classics, and Abarat is a beloved bestselling series for young adults. In the world of comics, Barker has partnered with major publishers such as Marvel and BOOM! Studios. This tireless creator has also dipped his toes into the worlds of toys, video games, and art, and his incredible collection of paintings, drawings, and photographs have been exhibited in galleries over the world.

The Witchfinder's Serpent Rande Goodwin, 2023-09-12 Something wicked this way comes . . . When fifteen-year-old Nate Watson moves to Windsor to live with his mysterious Aunt Celia, the last things on his mind are witches and magick and ancient vendettas. While Nate focuses on building a new life for himself and his younger brother, making new friends and adjusting to a new high school, he can't escape the feeling that something isn't as it seems. Nate's search for answers leads

him to a forbidden, locked door in Aunt Celia's mansion. Inside, he finds a witch's workshop full of mystical artifacts, some dating back to the time of the earliest Puritan settlers. It's no coincidence that Nate is now living in the very same town where, forty-five years before the Salem witch trials, Else Young was hanged as America's first witch. Could magick be real? Nate remains skeptical until he picks up the witchfinder's serpent—a powerful, demonic bracelet that wraps itself around his arm and permanently imbeds itself into his flesh. Now Nate must confront the truth about Aunt Celia's unlikely ancestry—as well as his own. And with her help, he must find a way to remove the bracelet before the serpent's previous owner returns—an ancient and powerful enemy who will stop at nothing to get it back.

Gofers: On the Front Lines of Film and Television Daniel Scarpati, 2020-10-25 Winner: 2021 IndieReader Discover Awards - Entertainment Nonfiction Finalist: 2021 Next Generation Indie Book Awards - Career Nonfiction Honorable Mention: 2021 Writer's Digest Self-Published Book Awards - Nonfiction/Reference Ever hear of an entry-level job where the office moves daily, co-workers change constantly and responsibilities could range from unclogging a backed-up dressing room toilet to cueing the controlled explosion of a spaceship in the middle of a busy city park? Well it's a real job, the title of which is production assistant (PA for short, a.k.a. gofer). This is the first position that many people have in the film and television production industry. After working hundreds of overtime hours as a PA, Daniel Scarpati learned that success in showbiz is all about who you don't know! Come behind the scenes of countless sets to hear about the plentiful, sometimes painful tasks PAs are asked to do so the show can go on. *Gofers* places the entry-level role and hectic lifestyle of a PA in the spotlight. It explains, step-by-step, how Daniel went from making home movies in his backyard and having zero connections to working on dozens of primetime network series, major studio movies and big-budget commercials. Through stories from time spent with renowned cast and crew, Daniel explains how to forge your own path in the industry. This isn't just another textbook. The street smarts, people skills and practical life lessons can translate to any industry. I so wish I had this book when I was first trying to be a writer/producer in L.A. I started as a PA, but this would've saved me the two years it took to learn the protocol of Hollywood. - Russ Woody, producer/writer of *Parenthood*, *The Middle*, *Becker*, *Mad About You* and *The Drew Carey Show* 'Gofers' is a must read for anyone interested in breaking into the motion picture industry. Full of how to, on-set knowledge, and peppered with anecdotes told through the eyes of veteran PA Dan Scarpati, it is informative, fun, and tells it like it is. - Tom Reilly, member: the Directors Guild of America, author of *The Hollywood MBA: A Crash Course in Management From a Life in The Film Business* Former PA Daniel Scarpati has written a book, and don't worry, he doesn't burn anybody. 'Gofers' is a fun, scrappy, very readable memoir/guide to being a PA... If you know anyone thinking of trying to break into movies, they will likely appreciate this book. It would also be good for directors and department heads to read it, if only to remember: Everyone on set might write a book someday, so be nice. - Tim Molloy, Editor-in-Chief, *MovieMaker Magazine*

Coining for Capital Jyotsna Kapur, 2005 This book is a welcome addition to the literature on children and the media,

and a most stimulating application of social theory to questions of the child in contemporary film and consumer culture.-- Ellen Seiter, author of *The Internet Playground: Children's Access, Entertainment and Mis-Education Since the 1980s*, a peculiar paradox has evolved in American film. Hollywood's children have grown up, and the adults are looking and behaving more and more like children. In popular films such as *Harry Potter*, *Toy Story*, *Pocahontas*, *Home Alone*, and *Jumanji*, it is the children who are clever, savvy, and self-sufficient while the adults are often portrayed as bumbling and ineffective. Is this transformation of children into little adults an invention of Hollywood or a product of changing cultural definitions more broadly? In *Coining for Capital*, Jyostna Kapur explores the evolution of the concept of childhood from its portrayal in the eighteenth century as a pure, innocent, and idyllic state--the opposite of adulthood--to its expression today as a mere variation of adulthood, complete with characteristics of sophistication, temptation, and corruption. Kapur argues that this change in definition is not a media effect, but rather a structural feature of a deeply consumer-driven society. Providing a new and timely perspective on the current widespread alarm over the loss of childhood, *Coining for Capital* concludes that our present moment is in fact one of hope and despair. As children are fortunately shedding false definitions of proscribed innocence both in film and in life, they must now also learn to navigate a deeply inequitable, antagonistic, and consumer-driven society of which they are both a part and a target.

The Dinosaur Filmography Mark F. Berry, 2015-08-31 From classics like King Kong, to beloved B-movies like *The Beast from 20,000 Fathoms*, to blockbusters like *Jurassic Park*, it's easy to see that filmmakers and audiences alike love to see dinosaurs on the screen. This comprehensive filmography, arranged alphabetically by title, contains entries that include basic facts (year of release, country of origin, studio, and running time), followed by a concise plot summary, the author's critical commentary, information on the production and the people behind it, and secrets of the often-ingenious special effects. Three useful appendices feature films with minor dinosaur content, planned but unfinished dinosaur movies, and the quasi-dinosaurs of Toho Studios. To be included, a movie must depict one or more representations of a prehistoric reptile. Inaccurate portrayals are included, as long as the intent is to represent a real or fictional dinosaur. Not eligible are films featuring prehistoric mammals, prehistoric humans or humanoids, and beasts of mythology--unless, of course, the movie also has a dinosaur.
