Summary of Margot Mifflin's The Blue Tattoo Everest Media,2022-06-13T22:59:00Z Please note: This is a companion version & not the original book. Sample Book Insights: #1 The Oatman family, who were heading to California, spent their last night on an island in the Gila River in Mexico. They had left their farm in Illinois in May of 1850, joined twenty other families in Missouri in July, and by February of 1851, they were alone in what would become southwestern Arizona. #2 The Oatman family was saved from starvation by a traveling entomologist named John LeConte, who met them on the trail. When he overtook them, Royce recognized that his supplies and cattle couldn't possibly carry the family to Yuma. He wrote a letter to the commander of the fort, asking for help. #3 The Oatmans continued their journey, and reached a lime rock mesa where the beleaguered oxen balked at the steep ascent. They had to hand-carry their belongings up the two-hundred-foot bluff. #4 The family was attacked by Indians, who killed most of them. Lorenzo and his father were the only ones who survived.

The Blue Tattoo Margot Mifflin,2009-04-01 Based on historical records, including the letters and diaries of Oatman's friends and relatives, *The Blue Tattoo* is the first book to examine her life from her childhood in Illinois including the massacre, her captivity, and her return to white society - to her later years as a wealthy banker's wife in Texas.--BOOK JACKET.

The Blue Tattoo Margot Mifflin,2009-04-01 In 1851 Olive Oatman was a thirteen-year old pioneer traveling west toward Zion, with her Mormon family. Within a decade, she was a white Indian with a chin tattoo, caught between cultures. *The Blue Tattoo* tells the harrowing story of this forgotten heroine of frontier America. Orphaned when her family was brutally killed by Yavapai Indians, Oatman lived as a slave to her captors for a year before being traded to the Mohave, who tattooed her face and raised her as their own. She was fully assimilated and perfectly happy when, at nineteen, she was ransomed back to white society. She became an instant celebrity, but the price of fame was high and the pain of her ruptured childhood lasted a lifetime. Based on historical records, including letters and diaries of Oatman's friends and relatives, *The Blue Tattoo* is the first book to examine her life from her childhood in Illinois—including the massacre, her captivity, and her return to white society—to her later years as a wealthy banker's wife in Texas. Oatman's story has since become legend, inspiring artworks, fiction, film, radio plays, and even an episode of *Death Valley Days* starring Ronald Reagan. Its themes, from the perils of religious utopianism to the permeable border between civilization and savagery, are deeply rooted in the American psyche.

Oatman's blue tattoo was a cultural symbol that evoked both the imprint of her Mohave past and the lingering scars of westward expansion. It also served as a reminder of her deepest secret, fully explored here for the first time: she never wanted to go home.

Bodies of Subversion Margot Mifflin, 2013-08-02 In this provocative work full of intriguing female characters from tattoo history, Margot Mifflin makes a persuasive case for the tattooed woman as an emblem of female self-expression. —Susan Faludi *Bodies of Subversion* is the first history of women's tattoo art, providing a fascinating excursion to a subculture that dates back into the nineteenth-century and includes many never-before-seen photos of tattooed women from the last century. Author Margot Mifflin notes that women's interest in tattoos surged in the suffragist 20s and the feminist 70s. She chronicles: * Breast cancer survivors of the 90s who tattoo their mastectomy scars as an alternative to reconstructive surgery or prosthetics. * The parallel rise of tattooing and cosmetic surgery during the 80s when women tattooists became soul doctors to a nation afflicted with body anxieties. * Maud Wagner, the first known woman tattooist, who in 1904 traded a date with her tattooist husband-to-be for an apprenticeship. * Victorian society women who wore tattoos as custom couture, including Winston Churchill's mother, who wore a serpent on her wrist. * Nineteenth-century sideshow attractions who created fantastic abduction tales in which they claimed to have been forcibly tattooed. "In *Bodies of Subversion*, Margot Mifflin insightfully chronicles the saga of skin as signage. Through compelling anecdotes and cleverly astute analysis, she shows and tells us new histories about women, tattoos, public pictures, and private parts. It's an indelible account of an indelible piece of cultural history." —Barbara Kruger, artist

Stories on Skin Terry Baxter, Libby Coyner-Tsosie, 2025-01-23 Helping expand archival studies into impermanent media like body art, this book suggests that archiving must be considered a form of storytelling. Tattoos are not merely decorative; they contain deep meaning for individuals and communities. They document their wearers' personal histories and position in families or society, and they engage with a communal understanding of symbols. This unique book makes the case that archivists who want to preserve as full a human story as possible must recognize the rich documentation provided by tattoos. It also argues, in a broader sense, that traditional archives are not representative of the ways human beings transmit information through time and that they must be augmented by other types of storytelling to provide a more complete record of our species. Authors Baxter and Coyner touch on timely topics such as historical narratives, storytelling, cultural traditions, the body as a text, social control, and memorialization by considering tattoos as a personal and community archive. Discussing tattoos as a storytelling tool, the authors also challenge how history is kept and who gets included. *Stories on Skin* is committed to the rights of communities to tell their stories in their own way and to the power that right brings.

Remnants Elyse Semerdjian, 2023-08-15 A groundbreaking and profoundly moving exploration of the Armenian

genocide, told through the traces left in the memories and on the bodies of its women survivors. Foremost among the images of the Armenian Genocide is the specter of tattooed Islamized Armenian women. Blue tribal tattoos that covered face and body signified assimilation into Muslim Bedouin and Kurdish households. Among Armenians, the tattooed survivor was seen as a living ethnomartyr or, alternatively, a national stain, and the bodies of women and children figured centrally within the Armenian communal memory and humanitarian imaginary. In *Remnants*, these tattooed and scar-bearing bodies reveal a larger history, as the lived trauma of genocide is understood through bodies, skin, and—in what remains of those lives a century afterward—bones. With this book, Elyse Semerdjian offers a feminist reading of the Armenian Genocide. She explores how the Ottoman Armenian communal body was dis-membered, disfigured, and later re-membered by the survivor community. Gathering individual memories and archival fragments, she writes a deeply personal history, and issues a call to break open the archival record in order to embrace affect and memory. Traces of women and children rescued during and after the war are reconstructed to center the quietest voices in the historical record. This daring work embraces physical and archival remnants, the imprinted negatives of once living bodies, as a space of radical possibility within Armenian prosthetic memory and a necessary way to recognize the absence that remains.

New Perspectives on Detective Fiction Casey Cothran, Mercy Cannon, 2015-10-14 This collection establishes new perspectives on the idea of mystery, as it is enacted and encoded in the genre of detective fiction. Essays reclaim detective fiction as an object of critical inquiry, examining the ways it shapes issues of social destabilization, moral ambiguity, reader complicity, intertextuality, and metafiction. Breaking new ground by moving beyond the critical preoccupation with classification of historical types and generic determinants, contributors examine the effect of mystery on literary forms and on readers, who experience the provocative, complex process of coming to grips with the unknown and the unknowable. This volume opens up discussion on publically acclaimed, modern works of mystery and on classic pieces, addressing a variety of forms including novels, plays, graphic novels, television series, films, and iPad games. Re-examining the interpretive potential of a genre that seems easily defined yet has endless permutations, the book closely analyzes the cultural function of mystery, the way it intervenes in social and political problems, as well as the literary properties that give the genre its particular shape. The volume treats various texts as meaningful subjects for critical analysis and sheds new light on the interpretive potential for a genre that creates as much ambiguity as it does clarity. Scholars of mystery and detective fiction, crime fiction, genre studies, and cultural studies will find this volume invaluable.

Ordered West Alan D. Gaff, Donald H. Gaff, 2017-06-15 During the Civil War, Charles Curtis served in the 5th United States Infantry on the New Mexico and Arizona frontier. He spent his years from 1862 to 1865 on garrison duty, interacting with Native Americans, both hostile and friendly. Years after his service and while president of Norwich University, Curtis wrote an extensive memoir of his time in the Southwest. This memoir was serialized and published in a New England

newspaper and so remained unknown, until now. In addition to his keen observations of daily life as a soldier serving in the American Southwest, Curtis's reminiscences include extensive descriptions of Arizona and New Mexico and detail his encounters with Indians, notable military figures, eccentrics, and other characters from the Old West. Among these many stories readers will find Curtis's accounts of meeting Kit Carson, the construction of Fort Whipple, and expeditions against the Navajo and Apache. In *Ordered West*, editors Alan D. Gaff and Donald H. Gaff have pulled together the pieces of Curtis's story and assembled them into a single narrative. Annotated with footnotes identifying people, places, and events, the text is lavishly illustrated throughout with pictures of key figures and maps. A detailed biographical overview of Curtis and how his story came to print is also included.

Lost Worlds of 1863 W. Dirk Raat, 2022-02-08 A comparative history of the relocation and removal of indigenous societies in the Greater American Southwest during the mid-nineteenth century *Lost Worlds of 1863: Relocation and Removal of American Indians in the Central Rockies and the Greater Southwest* offers a unique comparative narrative approach to the diaspora experiences of the Apaches, O'odham and Yaqui in Arizona and Sonora, the Navajo and Yavapai in Arizona, the Shoshone of Utah, the Utes of Colorado, the Northern Paiutes of Nevada and California, and other indigenous communities in the region. Focusing on the events of the year 1863, W. Dirk Raat provides an in-depth examination of the mid-nineteenth century genocide and devastation of the American Indian. Addressing the loss of both the identity and the sacred landscape of indigenous peoples, the author compares various kinds of relocation between different indigenous groups ranging from the removal and assimilation policies of the United States government regarding the Navajo and Paiute people, to the outright massacre and extermination of the Bear River Shoshone. The book is organized around detailed individual case studies that include extensive histories of the pre-contact, Spanish, and Mexican worlds that created the context for the pivotal events of 1863. This important volume: Narrates the history of Indian communities such as the Yavapai, Apache, O'odham, and Navajo both before and after 1863 Addresses how the American Indian has been able to survive genocide, and in some cases thrive in the present day Discusses topics including Indian slavery and Lincoln's Emancipation Proclamation, the Yaqui deportation, Apache prisoners of war, and Great Basin tribal politics Explores Indian ceremonial rites and belief systems to illustrate the relationship between sacred landscapes and personal identity Features sub-chapters on topics such as the Hopi-Navajo land controversy and Native American boarding schools Includes numerous maps and illustrations, contextualizing the content for readers *Lost Worlds of 1863: Relocation and Removal of American Indians in the Central Rockies and the Greater Southwest* is essential reading for academics, students, and general readers with interest in Western history, Native American history, and the history of Indian-White relations in the United States and Mexico.

Looking for Miss America Margot Mifflin, 2021-08-03 Winner of the Popular Culture Association's Emily Toth Best Book in Women's Studies Award From an author praised for writing "delicious social history" (Dwight Garner, *The New York Times*)

comes a lively account of memorable Miss America contestants, protests, and scandals—and how the pageant, now in its one hundredth year, serves as an unintended indicator of feminist progress. Looking for Miss America is a fast-paced narrative history of a curious and contradictory institution. From its start in 1921 as an Atlantic City tourist draw to its current incarnation as a scholarship competition, the pageant has indexed women's status during periods of social change—the post-suffrage 1920s, the Eisenhower 1950s, the #MeToo era. This ever-changing institution has been shaped by war, evangelism, the rise of television and reality TV, and, significantly, by contestants who confounded expectations. Spotlighting individuals, from Yolande Betbeze, whose refusal to pose in swimsuits led an angry sponsor to launch the rival Miss USA contest, to the first black winner, Vanessa Williams, who received death threats and was protected by sharpshooters in her hometown parade, Margot Mifflin shows how women made hard bargains even as they used the pageant for economic advancement. The pageant's history includes, crucially, those it excluded; the notorious Rule Seven, which required contestants to be “of the white race,” was retired in the 1950s, but no women of color were crowned until the 1980s. In rigorously researched, vibrant chapters that unpack each decade of the pageant, Looking for Miss America examines the heady blend of capitalism, patriotism, class anxiety, and cultural mythology that has fueled this American ritual.

Inked: Tattoos and Body Art around the World Margo DeMello, 2014-05-30 In recent decades, tattoos have gone from being a subculture curiosity in Western culture to mainstream and commonplace. This two-volume set provides broad coverage of tattooing and body art in the United States today as well as around the world and throughout human history. In the 1960s, tattooing was illegal in many parts of the United States. Today, tattooing is fully ingrained in mainstream culture and is estimated to be a multi-billion-dollar industry. This exhaustive work contains approximately 400 entries on tattooing, providing historical information that enables readers to fully understand the methods employed, the meanings of, and the motivations behind tattooing—one of the most ancient ways humans mark themselves. The encyclopedia covers all important aspects of the topic of tattooing: the major types of tattooing, the cultural groups associated with tattooing, the regions of the world where tattooing has been performed, the origins of modern tattooing in prehistory, and the meaning of each society's use of tattoos. Major historical and contemporary figures associated with tattooing—including tattooists, tattooed people, and tattoo promoters—receive due attention for their contributions. The entries and sidebars also address the sociological movements involved with tattooing; the organizations; the media dedicated to tattooing, such as television shows, movies, magazines, websites, and books; and the popular conventions, carnivals, and fairs that have showcased tattooing.

Gila Gregory McNamee, 2012-10-15 For sixty million years, the Gila River, longer than the Hudson and the Delaware combined, has shaped the ecology of the Southwest from its source in New Mexico to its confluence with the Colorado River in Arizona. Today, for at least half its length, the Gila is dead, like so many of the West's great rivers, owing to overgrazing, damming, and other practices. This richly documented cautionary tale narrates the Gila's natural and human history. Now

updated, McNamee's study traces recent efforts to resuscitate portions of this important riparian corridor.

The Undiscovered Country Paul Andrew Hutton, 2025-08-05 New York Times Bestseller From the author of *The Apache Wars*, the true story of the American West, revealing how American ambition clashed with the realities of violence and exploitation The epic of the American West became a tale of progress, redemption, and glorious conquest that came to shape the identity of a new nation. Over time a darker story emerged—one of ghastly violence and environmental spoliation that stained this identity. The Undiscovered Country strips away the layers of myth to reveal the true story of this first epoch of American history. From the forests of Pennsylvania and Kentucky to the snow-crested California Sierras, and from the harsh deserts of the Southwest to the buffalo range of the Great Plains, Paul Andrew Hutton masterfully chronicles a story that defined America and its people. From Braddock's 1755 defeat to the 1890 Wounded Knee massacre, he unfolds a grand narrative steeped in romantic impulses and tragic consequences. Hutton uses seven main protagonists—Daniel Boone, Red Eagle, Davy Crockett, Mangas Coloradas, Kit Carson, Sitting Bull, and William "Buffalo Bill" Cody—as the biographical threads by which to weave a tapestry across seven generations, revealing a story of heroic conquest and dark tragedy, of sacrifice and greed, and of man-made wonders and environmental ruin. The American frontier movement has proven eternally fascinating around the world—the subject of countless books, paintings, poems, television shows, and films. The Undiscovered Country reveals the truth behind America's great creation myth.

On the Borders of Love and Power David Wallace Adams, Crista DeLuzio, 2012-07-09 Embracing the crossroads that made the region distinctive this book reveals how American families have always been characterized by greater diversity than idealizations of the traditional family have allowed. The essays show how family life figured prominently in relations to larger struggles for conquest and control.

Violent Encounters Deborah Lawrence, Jon Lawrence, 2012-09-13 Merciless killing in the nineteenth-century American West, as this unusual book shows, was not as simple as depicted in dime novels and movie Westerns. The scholars interviewed here, experts on violence in the West, embrace a wide range of approaches and perspectives and challenge both traditional views of western expansion and politically correct ideologies. The Battle of the Little Big Horn, the Sand Creek Massacre, the Battle of the Washita, and the Mountain Meadows Massacre are iconic events that have been repeatedly described and analyzed, but the interviews included in this volume offer new points of view. Other events discussed here are little-known today, such as the Camp Grant Massacre, in which Anglo-Americans, Mexican Americans, and Tohono O'odham

Indians killed more than a hundred Pinal and Aravaipa Apache men, women, and children. In addition to specific events, the interviews cover broader themes such as violence in early California; hostilities between the frontier army and the Sioux, including the Santee Sioux Revolt and Wounded Knee; and violence between European Americans and Great Basin tribes, such as the Bear River Massacre. The scholars interviewed include academic historians, public historians, an anthropologist, and a journalist. The interview format provides insights into the methodology and tools of historical research and allows questions and speculations often absent from conventional, written accounts. The scholars share their latest thoughts on long-standing controversies, address the political uses often made of history, and discuss the need to incorporate multiple viewpoints. Scholars and students of history and historiography will be fascinated by the nuts-and-bolts information about the practice of history revealed in these interviews. In addition, readers with specific interests in the events discussed will gain much new information and many fresh insights.

Latter-Day Saints in Tucson Catherine H. Ellis, 2013 The Sonoran Desert may seem an unlikely place for a farming community, but members of the Church of Jesus Christ of Latter-day Saints had perfected the art of irrigation in Utah, and in 1900, Nephi Bingham believed he could make the desert blossom even amid saguaros and creosote. Today, this heritage is celebrated with a monument to the 1846 entry of the Mormon Battalion and the first US flag flown over Tucson.
