1,000 Books to Read Before You Die James Mustich, 2017-03-28 "The ultimate literary bucket list." —The Washington Post "If there's a heaven just for readers, this is it." —O, The Oprah Magazine Celebrate the pleasure of reading and the thrill of discovering new titles in an extraordinary book that's as compulsively readable, entertaining, surprising, and enlightening as the 1,000-plus titles it recommends. Covering fiction, poetry, science and science fiction, memoir, travel writing, biography, children's books, history, and more, 1,000 Books to Read Before You Die ranges across cultures and through time to offer an eclectic collection of works that each deserve to come with the recommendation, You have to read this. But it's not a proscriptive list of the "great works"—rather, it's a celebration of the glorious mosaic that is our literary heritage. Flip it open to any page and be transfixed by a fresh take on a very favorite book. Or come across a title you always meant to read and never got around to. Or, like browsing in the best kind of bookshop, stumble on a completely unknown author and work, and feel that tingle of discovery. There are classics, of course, and unexpected treasures, too. Lists to help pick and choose, like Offbeat Escapes, or A Long Climb, but What a View. And its alphabetical arrangement by author assures that surprises await on almost every turn of the page, with Cormac McCarthy and *The Road* next to Robert McCloskey and *Make Way for Ducklings*, Alice Walker next to Izaak Walton. There are nuts and bolts, too—best editions to read, other books by the author, "if you like this, you'll like that" recommendations, and an interesting endnote of adaptations where appropriate. Add it all up, and in fact there are more than six thousand titles by nearly four thousand authors mentioned—a life-changing list for a lifetime of reading. "948 pages later, you still want more!" —THE WASHINGTON POST

Toto, I Don't Think We're in Golders Green Anymore! Andrew Reid, 2006-12-21 If you are considering a new life in Israel then Toto, I Don't Think We Are in Golders Green Anymore is essential reading. This is an often humorous account about becoming a Jew and moving to Israel as a new immigrant. It is also the story of a relationship that didn't quite work out and about being gay in Israel. This book will give you a feeling for what it is really like to live in Israel; experience the sights, smells, tastes, the blood-vessel-popping frustration and the exhilaration of Aliyah. Meet a host of lovable characters such as cockroach-chomping kittens, snarling nudists, and ferocious rubber-stamp-wielding clerks with pig-stunning BO. The book explores Israeli norms and attitudes and describes places, politics and everyday experiences through English eyes.

The Countryside Ideal Michael Bunce, 2005-10-26 'God made the country, man made the town.' William Cowper's words, written two centuries ago, underline an idealisation of rural life and landscape which persists to this day. What are the main historical processes and ideas underlying the continuing attachment to the countryside? How have these shaped popular values and lifestyles influenced artistic expression, defined attitudes to nature, country life and landscape, and affected the development of both rural and urban landscapes? What are the consequences for society and the environment? These are the central questions addressed in this book. The Countryside Ideal draws together diverse images of landscape to explore this preoccupation with place, culture and representation in the West.
