THE DOUBLE (A Psychological Thriller) Fyodor Dostoyevsky, 2017-08-07 This eBook edition of *The Double* (Psychological Thriller) has been formatted to the highest digital standards and adjusted for readability on all devices. *The Double* centers on a government clerk who goes mad. It deals with the internal psychological struggle of its main character, Yakov Petrovich Golyadkin, who repeatedly encounters someone who is his exact double in appearance but confident, aggressive, and extroverted, characteristics that are the polar opposites to those of the toadying pushover protagonist. The motif of the novella is a doppelgänger. Fyodor Dostoyevsky (1821-1881) was a Russian novelist, short story writer, essayist, journalist and philosopher. His literary works explore human psychology in the troubled political, social, and spiritual atmosphere of 19th-century Russia.

The Works of Elizabeth Gaskell, Part I vol 7 Joanne Shattock, Angus Easson, 2017-09-29 Features Elizabeth Gaskell's work. This work brings together her journalism, her shorter fiction, which was published in various collections during her lifetime, her early personal writing, including a diary written between 1835 and 1838 when she was a young mother, her five full-length novels and *The Life of Charlotte Brontë*.

Body Mind Balancing Osho, 2014-04-01 *Body Mind Balancing: Using Your Mind to Heal Your Body* features meditation methods from one of the twentieth century's greatest spiritual teachers. Many everyday discomforts and tensions arise from the fact that we are alienated from our bodies. With the help of Osho's *Body Mind Balancing*, readers will learn to talk to and reconnect with their bodies. After just a short time, readers will begin to appreciate how much the body has been working for them and supporting them, and from this new perspective one can find new ways to work with the body and create a more harmonious balance of body and mind. Osho challenges readers to examine and break free of the conditioned belief systems and prejudices that limit their capacity to enjoy life in all its richness. He has been described by the *Sunday Times* of London as one of the "1000 Makers of the 20th Century" and by *Sunday Mid-Day* (India) as one of the ten people—along with Gandhi, Nehru, and Buddha—who have changed the destiny of India. Since his death in 1990, the influence of his teachings continues to expand, reaching seekers of all ages in virtually every country of the world.

Elemental Passions Luce Irigaray, 2013-11-19 *Elemental Passions* explores the man/woman relationship in a series of meditations of the senses and the formal elements. Its form resembles a series of love letters in which, however, the identity-

and even the reality-of the addressee are deliberately obscured.

The Gospel Jongwoo Han,2016-07-15 This book merges and harmonizes the four Gospels of Matthew, Mark, Luke, and John into one. This unified version, which I call The Gospel, is based on the faith that the four different gospels exist in order to form together the complete story of Jesus life and ministry. I consolidated these sources by identifying common denominators among them as well as parts that are unique to each, and then interweaving it all into a single narrative, using only original texts. This integrated version may offer greater incentive to our youth, laymen, and non-believers as well as professionals to read and learn more about what Jesus did and taught. (Acts 1:1). In the past, there have been many attempts to make the four Gospels easier for readers, often displaying similar episodes in parallel columns, in an effort to resolve the Gospels narrative complexity by harmonizing them in one way or another; however, in regard to the text itself, previous books do not rise to the level of precision and completeness that is achieved here. Answering this need for a clear chronological telling of The Story of Jesus, this book unifies every account of the four Gospels into a single story, without omitting or compromising any part. On a given topic in Jesus ministry, this book uses as its base whichever gospel is the greatest common denominator, consolidates identical or similar parts from other Gospels, and integrates the unique and different elements of each book into a single story.

The Thought Bazaar Richard Lawrance,2011 Rhea Barnett has lost her mother but, despite a healthy period of grieving with her family, is unable to resolve her feelings. So she travels to India seeking spiritual plurality. There she meets an Australian who is unlike any male she has met before. But it is not long before Rhea uncovers in Reiner the same insecurities as the English males of her past. In the end she leaves him, stoned and dancing around a self-immolating backpacker on a beach in Southern India, and travels on to join her best friend Belinda in Australia. There Rhea completes a novel she has begun to find during her travels through India, in which a young member of the resistance in the Third World War, Michael teams up with the punk Bozzo and heroin addict Sheena to plan a revelation to the world of a multinational corporate plot in collusion with global government. In the process, the hapless Michael discovers that the story he thought he was in is about as far from the centre of the narrative as he could have imagined.

the yo-yo dieting cycle . . . forever. Millions of people have successfully completed the groundbreaking Whole30 program and radically transformed their energy, sleep, cravings, waistline, and health. But after your Whole30, how do you make sure those new, healthy habits actually stick? In this New York Times best-selling book, Melissa Hartwig defines food freedom as being in control of the food you eat, instead of food controlling you. The Whole30 helps you jump-start the process, but as anyone who's dieted knows, holding on to that freedom and creating healthy habits that last is the hard part. The Whole30's Food Freedom Forever offers real solutions for breaking the cycle of yo-yo dieting and the resulting stress, weight gain, uncontrollable cravings, and health complaints. In her detailed 3-part plan, Melissa shows you how to discover food freedom for yourself, no matter how out of control you feel; walk a self-directed path that keeps you in control for months on end; gracefully recover when you slip back into old habits; and create the kind of food freedom that stays with you for the rest of your life. The Whole30's Food Freedom Forever walks you through the Whole30 program and teaches you how to customize your reset for improving and stabilizing energy, getting a handle on stubborn sugar cravings, reducing systemic inflammation, and fine-tuning your vegan diet. You'll learn how to spot your specific triggers before they're pulled and new strategies for dealing with temptation, strengthening your new healthy habits, and boosting your willpower. Melissa also shares advice for retaining your food freedom during holidays, vacations, periods of life stress, social pressure, and skepticism from friends and family. The Life and Adventures of Nicholas Nickleby II Dickens C., Dickens' genius for creating eccentric yet entirely captivating characters found its fullest expression in his third novel, *Nicholas Nickleby*, published in 1839. The narrative follows Nicholas as he escapes from the influence of his villainous uncle and the wicked schoolmaster Wackford Squeers, stumbles into a theatrical career, and pursues his fortune through numerous adventures. The Staff of Ira Carl Sheffield,2017-02-06 A time long ago, on the planet of Boldly, a race was on the verge of extinction with little hope left to find a way to stop it. The leader and his scientist tried taking DNA from other species on the planet to create a new life form. A new life they did create, yet it was not acceptable. The scientist told the leader, A female we must have. This statement brought many questions as to how or where. The only females on the planet were infertile. As they sat and pondered as to how they would come about such females, an idea occurred. Lets build a ship, said the scientist, to carry us to other worlds in search of a female.

The Scientism Delusion Techno Mysticism And Techno Spiritual Warfare Exploring the Connections Between Scientism and Luciferianism Gregory Garrett, 2018-02-14 This enthralling page turner breaks all the molds, and fearlessly exposes the deepest darkest intrigue in history...The Luciferian Agenda for a New World Order. In it, we learn of the Luciferian roots of Modern Science, as the reader is transported back in time to the insidious origins of modern-day Scientism, the current religion of most scientists today. Through an excursion into the roots of Scientism, Mr. Garrett deftly retraces the historical antecedents of Scientism, echoing back to The Secret Mystery Schools of Kabbalistic, Egyptian Hermeticism, onwards into the true nature of Freemason and Alchemical Occultist, Sir Isaac Newton, and then further into the nefarious Vatican Jesuit Priesthood, whose hidden hand can be linked to the creation of The Illuminati, as well as the current Luciferian New Age Religion. Finally, the serpentine path leads up into modern Freemasonic Luciferian, NASA, and then to The Jesuit Controlled Alien Deception about to take hold of the world. --Christian Chesterfield Ph.D.
