

Tablas De La Nueva Medicina Germnica

Wenbin Ji

La Nueva Medicina Germánica Fernando Rivadulla Iglesias,2025-06-06 Una introducción sencilla, amena y accesible a los conocimientos básicos que nos entrega la Nueva Medicina Germánica. Un repaso a las 5 Leyes Biológicas que nos permiten entender que la enfermedad nada tiene que ver con lo que nos cuenta la medicina convencional. Un nuevo paradigma médico y biológico que es verificable, reproducible, mensurable e irrefutables. Un conocimiento que te ayuda a entender la causa de la enfermedad y como resolverla. En definitiva; una medicina sin miedo.

Enfermedades que curan Katia Bianchi Salvador,Sandra Pellegrino Manzoni,2023-02-20 Los programas biológicos especiales de la Nueva Medicina de Hamer Leyes y herramientas de la evolución para tomar forma a partir de las nuevas experiencias Cuando enfermamos, codificamos una nueva experiencia en la memoria biológica de la especie, transformamos los tejidos de nuestro organismo para contenerla e integrarla, y organizamos las condiciones para superar el estado de crisis que la nueva experiencia ha abierto en nuestra vida y en nuestra evolución. Precisamente este estado de crisis, en el que nuestra vida se detiene frente a una experiencia no integrada, es el «mal de vivir» del que las enfermedades nos pueden hacer sanar, enseñándonos nuevos caminos a seguir. Las enfermedades nos curan porque nos cambian la vida. Así es como, tanto a través de la evolución de la especie como en el curso del desarrollo del individuo, la experiencia se convierte en un cuerpo: con cinco leyes biológicas y un sistema integrado de programas biológicos especiales compuesto por muchos hilos diferentes, que se entrelazan y anudan entre sí, para tejer ese tapiz vivo, que es el organismo en su proceso vital.

Dr. Hamer Charo González Casas,2020-09-22 En agosto de 1978, un hombre disparó mortalmente contra Dirk Hamer, de 19 años, mientras el joven dormía. Dos meses después de su muerte, a su padre le detectaron un cáncer de testículo. Un diagnóstico más, de no haber sido porque se trataba del doctor Hamer, un médico internista que empezó a preguntarse: 'Mi cáncer, ¿no tendrá relación con la pérdida de mi hijo?' Investigó en sus pacientes oncológicos y descubrió que en toda enfermedad interviene la psique: colabora con el cuerpo para provocarla y puede curarla. Sobre esta base levantó su Nueva Medicina Germánica con sus cinco leyes biológicas. Una visión radicalmente distinta y revolucionaria, capaz de dinamitar los pilares de la ciencia médica. Le quitaron la licencia. Intentaron declararle loco. Lo persiguieron, detuvieron, procesaron. Lo metieron en la cárcel. Pero él nunca renegó de su descubrimiento. Murió convencido de que su Nueva Medicina sería la medicina del futuro. ¿Era un iluminado? ¿Un loco? ¿O un tuerto en el país de los ciegos?

Ingenuos Vicente E. Caballo,Isabel C. Salazar,2019-06-03 Energías universales que nos rodean canalizadas por dos manos y dirigidas por la voluntad, agujas que clavadas en puntos estratégicos de nuestra piel redistribuyen el ki, un vaso de agua que sin esencia ni sustancia tiene propiedades milagrosas, inhalaciones y exhalaciones imposibles que nos retrotraen al momento de nuestro nacimiento, y nuestros ancestros rodeándonos mientras nos miran son solo algunos de los elementos de atrezo que emplean las supuestas terapias alternativas que, independientemente de la gravedad de la enfermedad que nos afecta, prometen una mejora de la salud. Ingenuos. El engaño de las terapias alternativas es una demoledora lectura que desmonta, desde una perspectiva científica y psicológica, tanto la autoayuda o las pseudoterapias como cualquier remedio que, prometiendo milagros, en realidad no sirven para nada o incluso agravan la salud del paciente. Reiki, acupuntura, homeopatía, dianética, bioneuroemoción, programación neorolingüística, flores de Bach... uno a uno, estos saberes y sus pretendidos tratamientos, propios de gurús y chamanes mágicos, resultan refutados, invalidados y reducidos a un absurdo ritual ante la luz que arroja la presente e inapelable crítica.

[Un Bulto en la Mama](#) Teresa Ferreiro Vilariño,Teresa Ferreiro,2012-12 En algún momento de su vida, una de cada ocho mujeres tendrá que afrontar un cáncer de mama. Esta guía presenta una nueva manera de hacerle frente, con naturalidad y de forma práctica y activa. Recoge pequeños trucos y recetas cotidianas que te ayudarán a

[La salida es hacia adentro](#) Lia Segal,2023-09-08 Un libro divertido, interactivo y valiente. ¿Qué hacemos con las cosas que nos pasan? Todos tenemos un inicio en el planeta, el mío empieza así: Mi viaje interior empezó nada más salir del horno cuando mi mamá biológica decidió romper con las reglas establecidas y liándose la manta a la cabeza en un acto de valentía con intuición coraje y amor, tomó riesgos sabiendo que si no interfería con sus viejas creencias, miedos y mandatos, su sexta hija podía tener un futuro diferente y se atrevió a hacer un gran cambio en su vida saliendo ella sola del hospital y dejando a su recién nacida sola en el baño para no volver a verla nunca más. Este comienzo marcó mi vida y fui pasando por muchos estados y creencias, desde el dolor hasta anularme completamente, siendo rehén de mis propios patrones de víctima. Esta es mi historia de superación, te cuento qué fue lo que me pasó cuando diagnostiqué y le bajé el volumen a la voz interior de «mi jueza crítica implacable» y cómo mi vida cambió. He utilizado lo que descubrí a mi favor y te ofrezco herramientas para conectar con tu «yo interior». Cómo pasé de no saber quién era ni cuáles eran mis fortalezas a ser mi propio caso de éxito y ofrecer acompañamiento a clientes a través de un método propio. Si la gran mayoría creímos en los Reyes Magos durante al menos seis años...¿por qué no dar ese salto de fe y recorrer la senda de creer en nosotras?
