Italiani anche noi - Corso di italiano per stranieri ERALDO AFFINATI,ANNA LUCE LENZI,2020-06-08 Un manuale illustrato di italiano per ragazzi e adulti stranieri che nasce dalla concreta esperienza didattica compiuta sul campo dallo scrittore Eraldo Affinati, docente di lettere alla Città dei Ragazzi di Roma, e da sua moglie Anna Luce Lenzi, insegnante anche lei e autrice di testi scolastici. Anna Luce ed Eraldo, con l'aiuto e la partecipazione attiva di altri colleghi volontari, hanno dato vita a Roma a una scuola molto particolare, frequentata soprattutto da minorenni non accompagnati, i quali arrivano da noi, provenienti da ogni parte del mondo, senza conoscere una sola parola di lingua italiana. La scuola si chiama Penny Wirton, dal nome del ragazzo protagonista di un famoso racconto di Silvio D'Arzo. Altre scuole Penny Wirton stanno nascendo in diverse città italiane, da nord a sud. I disegni originali a colori della pittrice Emma Lenzi conferiscono al manuale forza visiva e catalizzano l'attenzione degli studenti. Le scuole, gli enti pubblici, le associazioni, i gruppi di volontariato troveranno in Italiani anche noi uno strumento agile e prezioso di didattica e di inclusione sociale. In sintesi Un libro che nasce da un sogno: insegnare la lingua italiana agli stranieri, come se parlare, leggere e scrivere fossero «acqua, pane e vino».

Interculturality in Institutions Marilena Fatigante,Cristina Zucchermaglio,Francesca Alby,2022-11-24 This book provides qualitative analyses of intercultural sense making in a variety of institutional contexts. It relies on the assumption that in an increasingly culturally diverse world, individuals often enter contexts that have communal, historically determined and stable sets of values, norms and expected identities, with little cultural compass to find their bearings in them. The book goes beyond interpreting differences in people's ethnic or linguistic roots and discusses instead people's interpretive efforts to navigate different sociocultural situations. The contributors examine such situations in educational, organizational, medical and community settings and look at how participants with different levels of sociocultural competences (such as, migrant patients, migrant adult learners, children) try to cope with institutional constraints and expectations, how they understand symbols, practices and identities in institutional contexts, and how their creative adjustments come to light. This book provides insights from the fields of psychology, education, anthropology and linguistics, and is for a wide readership interested in cultural meaning-making.

Re-inventing the Italian Right Stefano Fella,Carlo Ruzza,2009-06-26 Following his third election victory in 2008, the Italian Prime Minister Silvio Berlusconi was the most controversial head of government in the EU. This is a cogent examination of the Berlusconi phenomenon, exploring the success and development of the new populist right-wing coalition in Italy since the collapse of the post-war party system in the early 1990s. Carlo Ruzza and Stefano Fella provide a comprehensive discussion of the three main parties of the Italian right: Berlusconi's Forza Italia, the xenophobic and regionalist populist Northern League and the post-fascist National Alliance. The book assesses the implications of this

controversial right for the Italian democratic system and examines how the social and political peculiarities of Italy have allowed such political formations to emerge and enjoy repeated electoral success. Framed in a comparative perspective, the authors explore the nature of the Italian right in the context of right-wing parties and populist phenomena elsewhere in other advanced democracies, drawing comparisons and providing broader explanations. locate the parties of the Italian right within the existing theoretical conceptions of right-wing and populist parties, utilising a multi-method approach, including a content analysis of party programmes. highlight the importance of political and discursive opportunities in explaining the success of the Italian right, and the agency role of a political leadership that has skilfully shaped and communicated an ideological package to exploit these opportunities. Providing an excellent insight into a key European nation, this work provides a thoughtful and stimulating contribution to the research on the Italian right, and its implications for democratic politics.

Scuola, formazione e dimensioni del benessere Guido Benvenuto ,Stefano Livi,2024-01-31 I percorsi di studio di dottorato di ricerca sono il più alto livello di formazione accademica per i futuri ricercatori e professori non solo a livello universitario. Questo volume raccoglie alcuni contributi di ricerca di dottorati che hanno concluso nel 2022 il loro ciclo di studi nel dottorato di ricerca in Psicologia Sociale, dello Sviluppo e Ricerca Educativa presso l'Università Sapienza di Roma. La specificità di questi lavori, presentati in sintesi, è quella di unire la tradizione e l'esperienza della ricerca educativa con le teorie e le prassi metodologiche della ricerca psicologica. Questo connubio, spesso difficile da realizzare nel contesto accademico italiano, soprattutto nella formazione di terzo livello, ha permesso di affrontare con indagini empiriche molte tematiche complesse. Le ricerche dottorali sono state discusse in ambito accademico e questo volume ha il preciso scopo di diffondere i loro approcci e risultati ad un più vasto pubblico di ricercatori, esperti e studiosi delle tematiche psico-pedagogiche.

Integration and Resettlement of Refugees and Forced Migrants Karen Jacobsen,Charles Simpson,2020-02-13 Since 2017, the United States and Europe—among many other refugee-hosting countries—have made significant changes in their refugee policies. New visa restrictions, travel bans, and other regulations were imposed by national governments. At the local level, towns and cities responded in different ways: some resisted national policy by declaring themselves “sanctuary cities”, while others supported exclusionary policies. These different responses influenced refugees’ ability to settle and become integrated. The Refugees in Towns (RIT) project at Tufts University explores local urban integration experiences, drawing on the knowledge and perspectives of refugees and citizens in towns around the world. Since 2017, more than 30 RIT case studies have deepened our local knowledge about the factors that enable or obstruct integration, and the ways in which migrants and hosts co-exist, adapt, and struggle with integration. In this Special Issue, seven articles explore urban integration in towns in Europe (Frankfurt-Rödelheim, Germany; Newcastle, UK; Ambertois, France; Italy’s cities; and Belgrade, Serbia) and in North America: Bhutanese refugee-hosting US cities, and Antigonish, Canada. The papers explore how refugees and citizens interact; the role of officials and politicians in enabling or obstructing integration; the social, economic, and cultural impact of migration; and the ways—inclusive or exclusive—locals have responded.

Preserving and Promoting Italian Language and Culture in North America Hermann W. Haller,Gianclaudio Macchiarella,Roberto Severino,National Italian American Foundation,1997

Investigating Gender, Translation and Culture in Italian Studies Monica Boria,Linda Risso,2007 The past few years have witnessed a growing academic interest in Italian Studies and an increasing number of symposia and scholarly activities. This volume originates from the Society for Italian Studies Postgraduate Colloquia that took place at the University of Leicester and Cambridge in June 2004 and April 2005 respectively. It gathers together articles by young researchers working on various aspects of Italian Studies. It well illustrates current trends in both typical areas of research, like literature and 'high culture', and in those which have gained momentum in recent years, like translation and language studies. The volume offers a taste of the dynamic outlook of current research in Italian Studies: the interdisciplinary approach of the essays in translation and gender studies, and the innovative methodological perspectives and findings offered by the new fields of Italian L2 and ethnography. The book is divided into three sections, each grouping contributions by broad subject areas: literature and culture, translation and gender studies, language and linguistics. Cross-fertilizations and interdisciplinary research emerge from several essays and the coherent ensemble constitutes an example of the far-reaching results achieved by current research.
