

The Egyptian Moon God

Rohan Singh,AI

The City of the Moon God Tamara M. Green,2015-09-01 This study treats the religious and intellectual history of the city of Harran (Eastern Turkey) from biblical times down to the establishment of Islam. The author starts from the well-known reference in the Qur'an and the early Islamic histories to the people of Harran as Sabians, one of the 'peoples of the book.' The author unravels strands of religious tradition in Harran that run from the old Semitic planetary cults through Hellenistic hermeticism, gnosticism, and Neo-Pythagoreanism and Christian cults to esoteric Islamic sects such as the Sufis and Shiites.

Moon Gates Rohan Singh,AI,2025-02-27 Moon Gates explores the fascinating history of lunar portals and celestial gateways, examining how various cultures have perceived the moon not just as a celestial body, but as a symbolic gateway to other realms. This book argues that the enduring motif of lunar portals reveals a fundamental human desire to transcend earthly limitations and connect with the divine. From ancient religious rituals to modern art, the moon's symbolism reflects humanity's spiritual aspirations and its profound relationship with the cosmos. The book begins by introducing lunar portals in folklore, then delves into lunar symbolism within ancient religions, tracing the evolution of lunar gateway myths across civilizations. By deconstructing the psychological and philosophical implications of these myths, Moon Gates offers a comprehensive look at how they have impacted human consciousness. The study draws from ancient texts, folklore, archaeological findings, and ethnographic research to provide a holistic interpretation of the moon's symbolic power.

A Dictionary of Egyptian Gods and Goddesses George Hart,2006-04-21 Students of archaeology, travellers, visitors to museums and all those interested in mythology will value this comprehensive handbook. It details the major gods and goddesses and presents a broad survey of others, giving a vivid picture of the complexity and richness of the imagery of

Egyptian mythology.

Woman's Mysteries Esther Harding, 2017-03-07 Here is a classic study of the feminine principle in myths, dreams, and religious symbolism. In presenting the archetypal foundations of feminine psychology, the author shows how the ancient religious initiations of the moon goddess symbolized the development of the emotions. Understanding the psychological meaning of these initiations, she believes, can help to heal the troubled relations between men and women today.

God through Binoculars Danusha Goska, 2018-12-01 A spiritual memoir and travelogue, *God through Binoculars: A Hitchhiker at a Monastery* is about where you go when you have nowhere left to go. After a difficult childhood and a series of tragedies and misfortunes, author Danusha Goska finds herself without hope for the future. Supported by her passion for travel and discovery, as well as her commitment to Catholicism, Goska decides on a retreat at a remote Cistercian monastery. What results is a story about family, friends, nature, and God; the Ivory Tower and the Catholic Church. *God through Binoculars* is utterly naked and, at times, politically incorrect. Some readers will be shocked. Others will be thrilled and refreshed by its candor, immediacy, and intimacy. Her previous, highly-rated book, *Save Send Delete*, was enormously well-received, and readers will find that Goska's ability to tell a masterful story with a powerful message continues in *God through Binoculars*.

Moon Magic Aurora Kane, 2020-01-28 Harness the power of the magical, mystical, glorious Moon with more than 100

spells, chants, and rituals, along with Esbat celebrations for the Full Moon. The Moon is one of our most prominent and ancient symbols. It has shaped how we understand and track time, its movement controls the tides, and its rise into the sky signals the coming of night. The distinct phases of the lunar cycle have associations with different states of being. These states mirror a kind of spiritual quest which, like our search for ourselves, never ends. When we observe the Moon, we see reflections of the grand pattern of life that is birth, death, and rebirth. With this invaluable handbook filled with enchantingly beautiful illustrations, follow the Moon as she traverses each sign of the zodiac and discover how each astrological phase affects magic—and how your personal Moon sign affects your magical work. The discussions include the influence of the seldom-discussed energies of the Blue Moon, the Black Moon, and lunar eclipses. Each Moon phase is explored individually to cover the phase's main themes along with Moon rituals, intention setting, and practical ways to celebrate and manifest health, wealth, and confidence. With specific suggestions for each phase, you'll discover a variety of tools for harnessing moon magic, including: Traditional lunar herbs such as lavender, angelica, mugwort, and sage to magnify and support your intentions Crystals and gemstones to raise your personal vibration and enhance your intuitive powers Essential oils and candles to match your mood or intention and add vibrational power to your spells and rituals You'll soon be using spells during each moon phase for things like: Conquering change (New Moon) Living joyfully (Waxing Moon) Romantic love (Full Moon) Banishing bad (Waning Moon) Open your arms to Mother Moon, and allow her to take you into hers, with Moon Magic. The Mystical Handbook series from Wellfleet takes you on a magical journey through the wonderful world of spellcraft and spellcasting. Explore a new practice with each volume and learn how to incorporate spells, rituals, blessings, and cleansings into your daily routine. Songlines of the Soul Veronica Goodchild, 2012-10-01 The title for this book comes from the ancient Aboriginal concept of “song lines” —pathways to another world reached through dreamtime and visionary insight, and encounters with the unknown realm of experience. Veronica Goodchild addresses how dreams, synchronicities, UFO/ET encounters, Crop Circle mysteries, and NDEs all point to the new unfolding vision of reality. She draws on ancient mystery traditions to explore how this metamorphosis is already reflected cross-culturally in Hopi, Aztec, Mayan, Hindu, Tibetan, Maori, Zulu, Dogon, and Egyptian cultures. *Songlines of the Soul* proposes a new paradigm of reality, a new worldview. The signatures of this new reality are arising both in our own experiences and all around us if only we can stretch wide our stubbornly held perceptions of what is “reality.” As we stand at a crucial turning point in our human history, this book offers hope, a call to awaken and expand our perceptions of the fundamental principles that orchestrate reality. In an age when the answers offered by governments and traditional religion are no longer sufficient, the quest for meaning must—as it always has in the past—arise

first through visions, dreams, and journeys to other dimensions of consciousness.

The Feminine in Fairy Tales Marie-Louise von Franz, 2017-05-23 A Jungian psychologist explores what we can learn about women—and men—from the feminine archetypes, symbols, and themes found in fairy tales In this engaging commentary, the distinguished analyst and author Marie-Louise von Franz shows how the Feminine reveals itself in fairy tales of German, Russian, Scandinavian, and Eskimo origin, including familiar stories such as Sleeping Beauty, Snow White and Rose Red, and Rumpelstiltskin. Some tales, she points out, offer insights into the psychology of women—while others reflect the problems and characteristics of the anima, the inner femininity of men. Drawing upon her extensive knowledge of Jungian psychology, Dr. von Franz discusses the archetypes and symbolic themes that appear in fairy tales as well as dreams and fantasies, draws practical advice from the tales, and demonstrates its application in case studies from her analytical practice.
