*The Proper Care and Feeding of Husbands LP* Dr. Laura Schlessinger, 2007-03-27 In her most provocative book yet, Dr. Laura urgently reminds women that to take proper care of their husbands is to ensure themselves the happiness and satisfaction they yearn for in marriage. Women want to be in love, get married, and live happily ever after. Yet disrespect for men and disregard for the value, feelings, and needs of husbands has fast become the standard for male-female relations in America. Those two attitudes clash in unfortunate ways to create struggle and strife in what could be a beautiful relationship. Countless women call Dr. Laura, unhappy in their marriages and seemingly at a loss to understand the incredible power they have over their men to create the kind of home life they yearn for. Now, in *The Proper Care and Feeding of Husbands*, Dr. Laura shows you -- with real-life examples and real-life solutions -- how to wield that power to attain all the sexual pleasure, intimacy, love, joy, and peace you want in your life. Dr. Laura's simple principles have changed the lives of millions. Now they can change yours.

*The Proper Care and Feeding of Marriage* Dr. Laura Schlessinger, Laura Schlessinger, 2007-01-02 In the long-awaited follow-up to her groundbreaking, million-copy bestseller *The Proper Care and Feeding of Husbands*, Dr. Laura now focuses on how men and women need to understand and appreciate the uniqueness of masculinity and femininity; what the best ways to relate, caretake, and nurture each other are; and how to bring a marriage back from the brink of disaster. Dr. Laura asserts that in order to produce and sustain a wonderfully satisfying marriage, spouses must recognize and appreciate the polarity between the masculine and the feminine. Both husband and wife have power in the relationship, and each needs to realize this in order to ensure personal satisfaction. Using real-life examples from her call-in radio show, and giving real-life solutions, Dr. Laura focuses on the typical mistakes made by men and women in their relationships and shows how marriages can not only survive but thrive.
