The True Face of The Antichrist James Prince, 2013-06-10 This book that you're holding in your hands will do what it was said about the two olive trees in Revelation and believe it, what is written in it will torment the inhabitants of the earth, just like it is described in the book of Revelation. I am not a theologian, but in this book you will find all the evidences, all the necessary proofs, which expose the true face of the antichrist, the true face of the devil, the one Jesus talked about in Matthew 13, 39. "And the enemy who sows them is the devil." In this book you will also find the name of the beast, finally. Name that millions have tried in vain to identify. The devil sowed the lies, but we have believed in them despite all of Jesus and his disciples' warnings and this causes our loss. Only the key of the kingdom of heaven that Jesus gave to Peter, the truth, the word of God can save us. Read very carefully 2 Thessalonians 2, 10. "They perish because they refused to love the truth and to be saved." If you really have love for the truth, you will read; The True Face of The Antichrist to the end, even though it is very shocking and troubling as you have never been, but remember one thing, it is for your own salvation. I already have my salvation, because I saw and I believed the truth and I have accepted it. So, I wish you the same joy, the same happiness. The truth that is in this book is a knife straight to the heart of the beast. The more it will be sold and the more the truth will be known and accepted, the more the beast will be destroyed. What gives the power to the beast are the ignorance and the hypocrisy of its members. The beast has its foundation on lies and this is why it will be destroyed by the truth, by the word of God, just like the prophecy says. See 2 Thessalonians 2, 8. "And then the lawless one will be revealed, whom the Lord Jesus will overthrow with the breath of his mouth (the word of God) and destroy by the splendor of his coming." James Prince

The Existence Theodore Ihejieta, 2018-12-21 *The Existence* By: Theodore Ihejieta *The Existence* is a book of love and life that talks about the world as the existence of human beings, and tells human beings to understand that the world is the love and the life. It is a book of Planet Earth, which the Planet Earth gave to the author, because the author asked the Planet Earth for the book of the world. The author is a human being who lost faith in God and called on Planet Earth to do work and save human beings from evil and death in the world. This is a book of a human being who was challenged by evil and death in the world, and the human being called on his existence for help and protection. The author did not like to die in the world and told his existence that he did not want to die, because the author believed that Planet Earth has the power to save human beings in the world. *The Existence* is the faith, the hope, and the charity that God challenged human beings to find and tell the mountain of evil and death to move away from human beings.

Allapattah Patrick D Smith, 2012-10-01 Twenty-five-year-old Seminole Toby Tiger lives in despair in the Florida Everglades. He loves the land and everything that exists in the natural world: the deer and egrets, turtles and herons, cypress trees and sawgrass, ponds and marshes, and, most of all, Allapattah, the crocodile. He watches helplessly as the white man imposes his will on the Seminoles, forcing them either to conform or to eke out a living wrestling alligators and carving trinkets for tourists. According to Toby, the whites "destroy all that they touch. Toby refuses to bend to the white man's will and fights back the only way he knows how. He becomes Allapattah, a creature that earns his respect and protection.

Kyoto School Philosophy in Comparative Perspective Bernard Stevens, 2023-01-24 Kyoto School Philosophy in Comparative Perspective: Ideology, Ontology, Modernity presents the thought of the Kyoto School, the most famous Japanese philosophical movement of the twentieth century, by comparing the philosophy of its most representative members—Nishida and Nishitani—with some better known thinkers in the West: Husserl, Heidegger, Merleau-Ponty, Paul Ricoeur, and Michel Henry. Bernard Stevens highlights the proximity of this movement of thought to the European phenomenological current that influenced it. However, the book also addresses an eminently problematic reality: the affiliation of some of its members with the militarism of the 1930s and 1940s. The political philosophers Arendt and Maruyama provide useful guidance here, in clarifying one of the central issues of this episode: the ideology of overcoming modernity, supported by some of the younger disciples of Nishida. This book proposes intellectual conditions for both critical and appreciative receptions of one of the most fascinating philosophical adventures of the twentieth century.

Jesus and the Reign of God Choan-Seng Song, 1993-01-01 Song's theology is a startling rebuke to Christologies centered either in historical-critical searches or church doctrines. For Song, theology is the biography of God, and God's reign is evident in stories of God's saving presence in Jesus. The reign of God in Jesus becomes manifest through movements of people to be free from the shackles of the past, to change the status quo of the present, and to have a role to play in the arrival of the future.

International Theological Commission, Vol II Catholic Church. Commissio Theologica Internationalis, 2009-01-01 This is one of a two-volume collection of texts and documents issued by the International Theological Commission (ITC), a body of theologians that advises the Vatican's Congregation for the Doctrine of the Faith. The texts and documents of the ITC address pressing theological issues, drawing upon theological experts from around the world who represent differing branches of theology yet who share a common commitment to authentically-Catholic theological reflection. Volume 2, 1986-2007, includes texts and documents exploring the following themes: faith and inculturation, the interpretation of dogma, eschatology, God the Redeemer, Christianity and world religions, the Church and the faults of the past, the diaconal ministry, human beings as the image of God, and the hope for the salvation of unbaptized infants. The special contribution of the Commission is to gain a hearing for the common voice of theology amid all the diversities that exist. For notwithstanding the legitimate pluralism of theological cultures in the Church, the unity of theology must remain, and empower theologians to offer some common account of their subject. In these pages, therefore, one will not find the exciting theses of innovative individuals. If there is excitement here, it lies in the discovery that even in our contemporary situation it is possible to say something together despite all our differences and so to take part together in a further exploration of the one faith of the Church. All the texts which follow are the fruit of a long and often difficult dialogue. In that dialogue, not only have various disciplines, methods and ways of thought found a common path. Over and above that, the wider dialogue of theologians with the bishops, as well as between bishops and the Petrine office in the Church, has found a voice. It is precisely for this reason

that the Theological Commission represents an authentic continuation of the great experience of the Council and a clarification of its true bearing. --Joseph Cardinal Ratzinger from the Preface to Volume One

The Option for the Poor in Christian Theology Daniel G. Groody, 2007-04-01 Since the publication of Gustavo Gutiérrez's 1973 groundbreaking work, *A Theology of Liberation*, much has been written on liberation theology and its central premise of the preferential option for the poor. Arguably, this has been one of the most important yet controversial theological themes of the twentieth century. As globalization creates greater gaps between the rich and the poor, and as the situation for many of the world's poor worsens, there is an ever greater need to understand the gift and challenge of Christian faith from the context of the poor and marginalized of our society. This volume draws on the thought of leading international scholars and explores how the Christian tradition can help us understand the theological foundations for the option for the poor. The central focus of the book revolves around the question, How can one live a Christian life in a world of destitution? The contributors are concerned not only with a social, economic, or political understanding of poverty but above all with the option for the poor as a theological concept. While these essays are rooted in a solid grounding of our present "reality," they

look to the past to understand some of the central truths of Christian faith and to the future as a source of Christian hope. Following Gustavo Gutiérrez's essay on the multidimensionality of poverty, Elsa Tamez, Hugh Page, Jr., Brian Daley, and Jon Sobrino identify a central theological premise: poverty is contrary to the will of God. Drawing on scripture, the writings of the early fathers, the witness of Christian martyrs, and contemporary theological reflection, they argue that poverty represents the greatest challenge to Christian faith and discipleship. David Tracy and J. Matthew Ashley carry their reflection forward by examining the option for the poor in light of apocalyptic thought. Virgilio Elizondo, Patrick Kalilombe, María Pilar Aquino, M. Shawn Copeland, and Mary Catherine Hilkert examine the challenges of poverty with respect to culture, Africa, race, and gender. Casiano Floristán and Luis Maldonado explore the relationship between poverty, sacramentality, and popular religiosity. The final two essays by Aloysius Pieris and Michael Signer consider the option for the poor in relationship to other major world religions, particularly an Asian theology of religions and the meaning of care for the poor within Judaism.
