The Art of the One Call Close Freddy Freundlich, 2020-01-15 What's a one-call close? It's the art of closing a sale in one attempt, one call, really! It could either be in-person, over the phone, or through the internet. What defines a sale? The process might be different in every industry, but essentially, they all share the same underlying factor... A sale is a closed

deal! A payment, a purchase order, or a bona fide contract. This book is not about semantics or you trying to prove me wrong. When it comes to the sales-game, I'm right, most of the time! That's the nut of it, most of the time. Of course, there are always exceptions to every rule. And yes, I'm sure that there are certain people, industries, or products that might not have success with this system, but then again, who cares? It is about the majority! We are talking about most of the time and most people. However, regardless of your current situation, here's something I can guarantee you... Even if your product, and/or industry is an exception to the rule, you will still close more deals and quicker than before. All you need to do is follow my simple recipe. This is the bottom line... To be a one-call close salesperson. Now, you should know that a one-call close salesperson is not necessarily a person who closes every sale in one close. Rather, it's a person who has a one-call close mindset. A one-call closer understands, lives, and believes the concept of a one-call close. 80% of people involved in the sales profession can be classified as salesclerks or order-takers. They do well, but they are not professionals. 15% are professional salespeople. Indeed, they are professionals, they're proud of their profession, and they take it seriously. Here's the catch... Only 5% are one-call closers, they are the cream of the crop. A one-call closer approaches sales like he/she approaches life. They never really sell anything, they just have conversations, and make friends. They make it look effortless! Selling is easy for them, it's like a hobby, it's who they are! Every sale flows to them freely, easily, and copiously.

The Lost Art of Closing Anthony Iannarino, 2017-08-08 “Always be closing!” —Glengarry Glen Ross, 1992 “Never Be Closing!” —a sales book title, 2014 “?????” —salespeople everywhere, 2017 For decades, sales managers, coaches, and authors talked about closing as the most essential, most difficult phase of selling. They invented pushy tricks for the final ask, from the “take delivery” close to the “now or never” close. But these tactics often alienated customers, leading to fads for the “soft” close or even abandoning the idea of closing altogether. It sounded great in theory, but the results were often mixed or poor. That left a generation of salespeople wondering how they should think about closing, and what strategies would lead to the best possible outcomes. Anthony Iannarino has a different approach geared to the new technological and social realities of our time. In *The Lost Art of Closing*, he proves that the final commitment can actually be one of the easiest parts of the sales process—if you’ve set it up properly with other commitments that have to happen long before the close. The key is to lead customers through a series of necessary steps designed to prevent a purchase stall. Iannarino addressed this in a chapter of *The Only Sales Guide You’ll Ever Need*—which he thought would be his only book about selling. But he discovered so much hunger for guidance about closing that he’s back with a new book full of proven tactics and useful examples. *The Lost Art of Closing* will help you win customer commitment at ten essential points along the purchase journey. For instance,

you'll discover how to: · Compete on value, not price, by securing a Commitment to Invest early in the process. · Ask for a Commitment to Build Consensus within the client's organization, ensuring that your solution has early buy-in from all stakeholders. · Prevent the possibility of the sale falling through at the last minute by proactively securing a Commitment to Resolve Concerns. The Lost Art of Closing will forever change the way you think about closing, and your clients will appreciate your ability to help them achieve real change and real results.\

Closing Sales is Easy Tom Hopkins,2014-09-29 The fun part of selling yourself, a product or a service is the demonstration or presentation. But the aspect of selling that makes you successful is having the ability to close the sale, get the decision made in your favor, get the check, credit card, purchase order or a signature on an agreement. Closing the sale is where most people balk, feel uncomfortable or even stall. They just can't bring themselves to ask someone for money -- even when the person will receive incredible benefits in exchange for that money. Even worse, people ask for the sale and when the buyer doesn't immediately jump at it, they change the subject and stop the sale themselves. Don't let this happen to you. When done properly, the move into closing the sale is smooth as silk. And when you handle the close as Tom Hopkins teaches you, you'll walk away with more business than you thought you could ever get. Knowledge builds competence and confidence. Become a more confident (and more successful) salesperson. Get started by reading and implementing the strategies in this book. It'll be the best return on your money you've ever gotten!
