## California (State).

The Chinatown War Scott Zesch,2012-06-29 In October 1871, a simmering, small-scale turf war involving three Chinese gangs exploded into a riot that engulfed the small but growing town of Los Angeles. A large mob of white Angelenos, spurred by racial resentment, rampaged through the city and lynched some 18 people before order was restored. In *The Chinatown War*, Scott Zesch offers a compelling account of this little-known event, which ranks among the worst hate crimes in American history. The story begins in the 1850s, when the first wave of Chinese immigrants arrived in Los Angeles in the wake of the 1849 California gold rush. Upon arrival, these immigrants usually took up low-wage jobs, settled in the slum neighborhood of the Calle de los Negros, and joined one of a number of Chinese community associations. Though such associations provided job placement and other services to their members, they were also involved in extortion and illicit businesses, including prostitution. In 1870 the largest of these, the See-Yup Company, imploded in an acrimonious division. The violent succession battle that ensued, as well as the highly publicized torture of Chinese prostitute Sing-Ye, eventually provided the spark for the racially motivated riot that ripped through L.A. Zesch vividly evokes the figures and events in the See-Yup dispute, deftly situates the riot within its historical and political context, and illuminates the workings of the early Chinese-American community in Los Angeles, while simultaneously exploring issues that continue to trouble Americans today. Engaging and deeply researched, *The Chinatown War* above all delivers a riveting story of a dominant American city and the darker side of its early days that offers powerful insights for our own time.

**The Sleep of Reason** David James Smith,2011-09-15 Friday, February 12 1993. Two outwardly unremarkable ten-year-old boys, Robert Thompson and Jon Venables, began their day playing truant and ended it running an errand for a local video shop. In between they abducted and killed the toddler James Bulger. *The Sleep of Reason* is the harrowing, sensitive, definitive account of this terrible crime and its consequences. In a new Preface (which considers the re-arrest of Jon Venables in February 2010) David James Smith writes: 'It is as true now as it was then that the murder has never really been explained and the motive for the crime remains a mystery. This book, the result of considerable research and a painstaking, sometimes distressing assembly of the facts, was my attempt to offer some insight and understanding.' 'Surprisingly evocative, even moving... immensely valuable.' Times 'Dramatic and disturbing.' Anita Brookner, Observer 'Compelling and compassionate.' Times Educational Supplement

*Aurora* Dr. Lynne Fenton,Kerrie Droban,2022-07-19 A compelling look at violence and trauma from the psychiatrist who treated mass shooter James Holmes, perpetrator of the infamous movie theater massacre. As an expert and speaker on mass shootings and gun violence, Dr. Lynn Fenton knew it was impossible to “spot a killer.” But when she met her new patient, troubled grad student James Holmes, the hair on her arms stood up. She feared he was going to kill. Yet she could find no way to thwart him. A few months later, Holmes struck: he entered a packed movie theater and opened fire, killing twelve people and wounding seventy; some were left brain damaged, several were paralyzed for life. Immediately the familiar debates reignited: The crisis of mental health access. More restrictive gun laws vs more “good guys with guns.” The morality of the death penalty. The legitimacy of the insanity defense. But what about the victims and bystanders whose lives would never be the same? Dr. Fenton’s memoir is a voice for them. Her inability to thwart Holmes’s mass murder made her a scapegoat and elicited innumerable death threats. Her chilling account provides an intimate look at her life before and after the Aurora massacre, as well as alarming insight into the sinister patient who called himself “fear incarnate.” With unprecedented access to thousands of pages of documents, audio and video recordings, trial transcripts, medical records, and notes, *Aurora* attempts to answer the question Holmes himself posed in his infamous notebook: “Why? Why? Why?”

*Unraveled* Travis Sutton Byrd,2024-01-12 It was called “the summer of dynamite.” In 1929, on the eve of the Great Depression, the southern textile belt—from the rayon mills of upper East Tennessee to the bleacheries and weave rooms of

the Carolina piedmont—exploded in a full-on civil war marked by political intrigue, kidnapping, attempted and outright murder, rioting, and the threat of armed insurrection against the state. Communists agitated in Gastonia, North Carolina; the American Federation of Labor led organizing efforts in nearby Marion; and the regional elite was forced to choose sides as its forces collided with those of the millworkers and rival unions battling for organizational supremacy. Drawing on never-before-utilized sources, including minutes of corporate board meetings, union rosters, scrapbooks kept by local residents, courtroom testimony, a wide assortment of news reports, and ballads written by striking workers, Travis Sutton Byrd has woven together a complex and arresting account of the textile strikes that signaled the passage of the great mill-building campaigns of the New South into the modern era. Focusing especially on labor unrest in the town of Marion, while intertwining that story with events elsewhere in the textile belt, Byrd shows in fascinating detail the ways in which the industrial culture of the New South came unraveled during one fateful summer. With fearful memories of turn-of-century Fusion politics—a coalition between the working class and the Republican Party—shaping the response of the region’s Democratic, business-as-usual elite, the outcome was a campaign by the AFL to “Organize the South,” an effort that laid the groundwork for reform under Franklin Roosevelt’s New Deal. With its novelistic narrative and rich cast of characters—owners and politicians, millhands and reporters, reformers and radicals—Unraveled will seize the attention of anyone interested in the politics of class, culture, and regional transformation. Travis Sutton Byrd is an independent historian and writer who lives in Asheville, North Carolina. A historical consultant for the International Brotherhood of Electrical Workers, he has lectured on union history in the South at various forums and symposiums. The 1991 recipient of the Thomas Wolfe Prize for Short Fiction, he was also the Madison County, North Carolina, site director for the statewide Support Our Schools program.

**The Mammoth Book of CSI** Roger Wilkes, 2007-02-22 Using the latest modern technology available to forensic science, crime scene investigators answer questions others never even thought to ask. This book contains more than thirty fascinating modern cases of forensic detective work. Genetic fingerprinting, blood splatter analysis, laser ablation, toxicology, ballistics analysis - the whole range of forensic techniques is featured. The investigators trust only the evidence to speak for those who cannot speak for themselves: the victims. The cases featured include: - Tommie Lee Andrews, the first person to be convicted as a result of DNA evidence, for raping a woman during a burglary; - Jeffrey Gafoor, convicted of murder in 2003 when crime scene evidence collected twelve years previously resulted in a match with his nephew; - Richard W. Rogers, convicted of the murder of two of his numerous gay male victims, through vacuum metal deposition, technology which saves fingerprints from

plastic bags; - Dr. Sam Sheppard, the murder trial based on blood evidence that inspired the TV series *The Fugitive*; - Edwin Bush, the first murderer in Britain to be brought to book thanks to an identikit picture; - Derrick Todd Lee, the Baton Rouge Serial Killer, only nailed by DNA evidence after a flawed FBI profile led big-shot investigators astray. These cases - usually successful, but also sometimes dangerously flawed - offer a remarkable insight into real-life scene-of-crime investigation.

**Materialising the Future** Venere Ferraro, Pirjo Kääriäinen, Paz Morer-Camo, Anke Pasold, 2023-05-20 This open access book offers a host of theoretical knowledge at the basis of new EM&Ts (namely, Interactive Connected Smart Materials, Wearables (ICS), Nanomaterials, Advanced Growing Materials, and Experimental Wood-Based Materials), as communicated through the unique design teaching method developed within the context of the European Project DATEMATS, a result of the creative workshops held by the four higher education institutions that were partners in the project, stressing the pros and cons of the method and offering ideas for further development and improvement. The modern age requires its own innovations in regards to both social and industrial progress, innovations made possible by Emerging Materials and Technologies (EM&Ts). Frameworks for designing both with and for the new materials are presented, educating designers about the opportunities offered by EM&Ts and how to take advantage of them. At the same time, the book explains how the method developed through the knowledge generated at research centers and universities can be communicated to companies across various industries that stand to gain from it, linking the assorted stakeholders, and includes a final chapter based on feedback from both students and business professionals as to the benefits of academic/industrial cooperation. This is an open access book.

*Careless Whispers* Carlton Stowers, 2001-01-15 When the bodies of three teenagers were found on the shores of Lake Waco, Texas in July, 1982, even seasoned lawmen were taken aback by the savage mutilation and degradation they had been subjected to. Yet only 52 days after the gruesome triple-murder was discovered, frustrated authorities suspended the case indefinitely. Patrol Sergeant Truman Simons, who had been called to the scene that night, saw the carnage first-hand -- and vowed to find the ferocious killer or killers. He soon became a man with a mission, risking his career and his family's safety in search of evidence. Plunging himself into a netherworld of violence and evil, Simons finally got close enough to a murderous ringleader to hear his careless whispers--and ultimately, put him and his three accomplices behind bars for the brutal slayings. Now, in his Edgar Award-winning account of the Lake Waco killings, acclaimed true crime writer Carlton Stowers lays bare the facts behind the tragic crimes, the twisted predators, and the heroic man who broke the investigation--with important updated information based on new developments in the case.

*Reports of Cases Argued and Determined in the High Court of Chancery [in Ireland] During the Time of Lord Chancellor Sugden.* By Thomas Jones and E. D. Latouche. 1844(-46). IRELAND [Ireland -1922]. Court of Chancery, 1848

What Happened To Robert Thompson: Bestsellers in 2023 The year 2023 has witnessed a remarkable surge in literary brilliance, with numerous captivating novels enthralling the hearts of readers worldwide. Lets delve into the realm of popular books, exploring the engaging narratives that have charmed audiences this year. What Happened To Robert Thompson : Colleen Hoover's "It Ends with Us" This touching tale of love, loss, and resilience has captivated readers with its raw and emotional exploration of domestic abuse. Hoover masterfully weaves a story of hope and healing, reminding us that even in the darkest of times, the human spirit can triumph. Uncover the Best : Taylor Jenkins Reids "The Seven Husbands of Evelyn Hugo" This intriguing historical fiction novel unravels the life of Evelyn Hugo, a Hollywood icon who defies expectations and societal norms to pursue her dreams. Reids captivating storytelling and compelling characters transport readers to a bygone era, immersing them in a world of glamour, ambition, and self-discovery. What Happened To Robert Thompson : Delia Owens "Where the Crawdads Sing" This captivating coming-of-age story follows Kya Clark, a young woman who grows up alone in the marshes of North Carolina. Owens spins a tale of resilience, survival, and the transformative power of nature, captivating readers with its evocative prose and mesmerizing setting. These top-selling novels represent just a fraction of the literary treasures that have emerged in 2023. Whether you seek tales of romance, adventure, or personal growth, the world of literature offers an abundance of compelling stories waiting to be discovered. The novel begins with Richard Papen, a bright but troubled young man, arriving at Hampden College. Richard is immediately drawn to the group of students who call themselves the Classics Club. The club is led by Henry Winter, a brilliant and charismatic young man. Henry is obsessed with Greek mythology and philosophy, and he quickly draws Richard into his world. The other members of the Classics Club are equally as fascinating. Bunny Corcoran is a wealthy and spoiled young man who is always looking for a good time. Charles Tavis is a quiet and reserved young man who is deeply in love with Henry. Camilla Macaulay is a beautiful and intelligent young woman who is drawn to the power and danger of the Classics Club. The students are all deeply in love with Morrow, and they are willing to do anything to please him. Morrow is a complex and mysterious figure, and he seems to be manipulating the students for his own purposes. As the students become more involved with Morrow, they begin to commit increasingly dangerous acts. The Secret History is a masterful and thrilling novel that will keep you guessing until the very end. The novel is a cautionary tale about the dangers of obsession and the power of evil.
