Before the Coffee Gets Cold Toshikazu Kawaguchi, 2019-09-24 One of the most popular BookTok books on TikTok in 2022 In a small back alley in Tokyo, there is a café which has been serving carefully brewed coffee for more than one hundred years. But this coffee shop offers its customers a unique experience: the chance to travel back in time. In *Before the Coffee Gets Cold*, we meet four visitors, each of whom is hoping to make use of the café's time-travelling offer, in order to: confront the man who left them, receive a letter from their husband whose memory has been taken by early onset Alzheimer's, to see their sister one last time, and to meet the daughter they never got the chance to know. But the journey into the past does not come without risks: customers must sit in a particular seat, they cannot leave the café, and finally, they must return to the present before the coffee gets cold ... Toshikazu Kawaguchi's beautiful, moving story explores the age-old question: what would you change if you could travel back in time? More importantly, who would you want to meet, maybe for one last time?

When Tradition Meets Celebration My City Links, 2025-06-02 Raja: A rich amalgamation of tradition, celebration, and family connect Festivals and traditions have a way of rekindling memories tucked away between the folds of life experiences accumulated over the years. Nothing illustrates this better than Raja, the annual agrarian festival that is celebrated with great enthusiasm across Odisha. Our Cover Story looks at the family bonding and emotions that the festival has traditionally been associated with. We also reach out to Odias in other parts of the country and the world to get a sense of what Raja means to them. In CityZen, we zero in on a startup that is using technology, particularly AI, to ensure that quality healthcare is available in the rural areas. Founder Priyadarshi Mohapatra opens up about his organisation's guiding principles and operational model in addition to plans of expansion into more underserved regions. As the world prepares to mark the Pride

Month in June, City Lights brings you conversations with persons who identify as being part of the LGBTQIA+ community, capturing myriad hues of struggles, hopes, and aspirations. Operation Sindoor, India's fierce response to the dastardly Pahalgam terror attack by Pakistan-backed terrorists, was marked by the use of armed drones for precision attacks. Drones produced by a Bhubaneswar-based company played a key role when it came to terrain mapping and target identification. Founder Boddhisatwa Sanghapriya tells us more about it in City Tech. A fast-paced life, particularly when it comes to working professionals in urban areas, has led to a proliferation of quick delivery services for food and groceries as well as items of daily use. Scratch beneath the surface, however, and one is exposed to the dark and troubled underbelly of these operations. Read more about it in City Beat. The run-up to Raja invariably sees excitement build up as the Odia film industry lines up new releases for an eager audience. ScreenShots brings you the lowdown on what to expect during the festive season. CityFlix reviews 'Superboys of Malegaon', a movie that is as much about celebrating films as it is about saluting the indomitable spirit of those involved in making them. It is, in fact, an inspiring if somewhat poignant take on life itself. As our reviewer puts it, "It's about the courage to dream, even if the dream is stitched together with tape, wire, and undying hope." Elsewhere in the edition, City Literature explores the work of Japanese playwright Toshikazu Kawaguchi while City Tales continues with the series on temple tanks in Bhubaneswar.

**Hand-Book of Practical Cookery** Pierre Blot,2020-07-20 Reproduction of the original: Hand-Book of Practical Cookery by Pierre Blot

*Hand-Book of Practical Cookery for Ladies and Professional Cooks* Pierre Blot,2013-07-16 Published in 1867 in New York, Hand-Book of Practical Cookery was authored by the first American celebrity chef, Pierre Blot. An immigrant from France, Blot opened the first French cooking school in America and created this epicurean collection as an extension of his celebrated classes. In Hand-Book of Practical Cookery, Blot emphasizes the “good things in life” and wisely states in the preface, “Food is the most important of our wants; we cannot exist without it.” Basing recipes on precise and scientific measurements and including clear explanations of techniques and definitions, the Hand-Book of Practical Cookery, for Ladies and Professional Cooks includes recipes such as Beef Tongue with Sauces, Cabinet Pudding, Fried Celery, Duck with Garniture, Roasted Eel, and Candied Pears. After the book’s release in 1867, the New York Times positively reviewed it and ended with the bold statement, “The book ought to be in the hands of every housekeeper in the land”—and its value is still evident to modern-day cooks. This edition of Hand-Book of Practical Cookery, for Ladies and Professional Cooks was reproduced by permission from the volume in the collection of the American Antiquarian Society, Worcester, Massachusetts. Founded in 1812 by Isaiah Thomas, a Revolutionary War patriot and successful printer and publisher, the society is a research library documenting the lives of Americans from the colonial era through 1876. The society collects, preserves, and makes available as complete a record as possible of the printed materials from the early American experience. The cookbook collection comprises approximately 1,100 volumes.

Reading the Seasons Germaine Leece,Sonya Tsakalakis,2021-03-30 It's an old cliché that books 'transport you'; but as any avid reader will tell you, there's far more to them than that. Alongside comfort and retreat, books offer insight into ourselves and others; they tell us how the world is, was or might be; they are windows into other worlds, whose meanings resonate through the ages. It's this multiplicity that is at the heart of bibliotherapy, the ancient practice of reading for therapeutic effect. Reading the Seasons charts the evolution of a friendship through candid letters between bibliotherapists Germaine Leece and Sonya Tsakalakis. Ignited by a shared love of reading, of finding a book for every occasion, every emotion - both for themselves and for their clients - their conversations soon confront life's ups and downs. The authors they reach for range from Stephen King to Javier Marias, Helen Garner to Maggie O'Farrell, as they reflect upon loss, change, parenting, careers, simple pleasures, travel, successes, fears and uncertainty. Reading the Seasons not only offers an entryway to new titles but affirms the power of books to console, heal and hold us together as friends and as individuals.
