Frances Hodgson Burnett Carol Greene, 1995 A biography of the author of many popular novels and plays for both adults and children.

Frances Hodgson Burnett Gretchen Gerzina, 2004 Hugely successful in her own time for adult novels and plays, Frances Hodgson Burnett (1849-1924) would be astounded to find out she is remembered for a handful of books for children, but most of all for the enormously popular Secret Garden. This fascinating biography-the first to have the full cooperation of Burnett's descendants and relatives-examines her life with lively intelligence, sensitivity, and fascinating new, never-before-published material. Burnett's life was full of those reversals of fortune that mark her work. Following modest beginnings in mid-Victorian Manchester, she arrived in post-Civil War Tennessee at the age of fifteen with her widowed mother and two sisters. Burnett was the breadwinner of the family from the age of seventeen, eventually publishing a total of fifty-two books and writing and producing thirteen plays. She made and spent a fortune in her lifetime, was generous and profligate, yet anxious about money and obsessively hardworking. Constantly restless and inventive, Burnett's personal life was as complex as her professional one. Her first marriage to a southern doctor disintegrated as a result of her notorious flirtations and a scandalous affair, and her subsequent marriage to an English doctor turned actor suffered a similar fate. She understood the intensity and loneliness of the thoughtful child, but was herself a largely absent mother of two sons-overwhelmed by guilt when tragedy struck one of them; the other one never got over being the model for Little Lord Fauntleroy. A woman of contrasts and paradoxes, this quintessentially British writer was equally at home in the United States, which honored her with a memorial in Central Park. Frances Hodgson Burnett reinvented for herself and for generations to come in both

countries the magic and the mystery of the childhood she never had.

Beyond the Secret Garden Ann Thwaite,2020-08-06 The definitive and revealing biography of the author of The Secret Garden. Frances Hodgson Burnett's favourite theme in her fiction was the reversal of fortune, and she herself knew extremes of poverty and wealth. Born in Manchester in 1849, she emigrated with her family to Tennessee because of the financial problems caused by the cotton famine. From a young age she published her stories to help the family make ends meet. Only after she married did she publish Little Lord Fauntleroy that shot her into literary stardom. On the surface, Frances' life was extremely successful: hosting regular literary salons in her home and travelling frequently between properties in the UK and America. But behind the colourful personal and social life, she was a complex and contradictory character. She lost both parents by her twenty-first birthday, Henry James called her the most heavenly of women although avoided her; prominent people admired her and there were many friendships as well as an ill-advised marriage to a much younger man that ended in heartache. Her success was punctuated by periods of depression, in one instance brought on by the tragic loss of her eldest son to consumption. Ann Thwaite creates a sympathetic but balanced and eye-opening biography of the woman who has enchanted numerous generations of children.
