The narrative is supported by more than 40 primary documents that highlight perspectives from all sides of the struggle. Throughout the book, the author examines how underlying issues, group motives, religious and cross-cultural clashes, diplomacy and imperialism, and the arrival of the modern era shaped this volatile region. Maps, photographs, chronologies, public opinion polls, and discussion questions help facilitate student understanding. A fully updated final chapter makes this the most current history of the topic.

East examines the profound and often dramatic transformations of the region in the past two centuries, from the Ottoman and Egyptian reforms, through the challenge of Western imperialism, to the impact of US foreign policies.
