Escape from Incel Island Margaret Killjoy,2023-02 To cope with rising misogynist violence, the US government offered people a golden opportunity: any man who felt like they were owed a free woman could move to a remote island and be given one. The offer was, of course, a trap. Five years later, wise-cracking special ops mercenary Mankiller Jones and their companion Dr. Morrison venture to Incel Island on an important mission for the military, and in the process become the first women (or people perceived as women) the inhabitants of Incel Island have seen in years. Along with a ragtag group of Nice Guys, Mankiller and Dr. Morrison encounter hordes of CHUDs, Volcels, Betas, and the King of the Incels himself as they try to escape the island prison. On Incel Island, somebody's about to get laid?to rest.

The Sapling Cage Margaret Killjoy,2024-09-24 In the gripping first novel in the Daughters of the Empty Throne trilogy, author Margaret Killjoy spins a tale of earth magic, power struggle, and self-invention in an own-voices story of trans witchcraft. Lorel has always dreamed of becoming a witch: learning magic, fighting monsters, and exploring the world beyond the small town where she and her mother run the stables. Even though a strange plague is killing the trees in the Kingdom of Cekon and witches are being blamed for it, Lorel wants nothing more than to join them. There's only one problem: all witches are women, and she was born a boy. When the coven comes to claim her best friend, Lorel disguises herself in a dress and joins in her friend's place, leaving home and her old self behind. She soon discovers the dark powers threatening the kingdom: a magical blight scars the land, and the power-mad Duchess Helte is crushing everything between her and the crown. In spite of these dangers, Lorel makes friends and begins learning magic from the powerful witches in her coven. However, she fears that her new friends and mentors will find out her secret and kick her out of the coven, or worse.

The Defenders Almanac T. L. Simons,Margaret Killjoy,Patricia Noonan,2025-07-15 The creators of the cooperative board game *Defenders of the Wild* present an illustrated guidebook to the besieged lands of the Commonwealth and a rules-

light tabletop roleplaying game for collaboratively telling your own stories of animal resistance to the machine invasion. Each story requires a storyteller and 2 or more players to roleplay as the main characters: animal Defenders embarking on a life-changing mission in the war against the machines. The Defenders Almanac features extensive reproductions of in-world documents such as histories, maps, botanical guides, short stories, and diagrams that are all paired with evocative illustrations. The final section of the book details the complete rules for a bespoke and streamlined roleplaying game system designed for quickly diving into short stories of sabotage, rescues, escapes, espionage, heists, and other forms of clandestine resistance. Players build animal characters using a character web that expands as the story progresses unlocking new proficiencies and abilities. Significant actions are resolved using six-sided dice and the average story lasts 3-5 chapters that are each approximately 1 session of gameplay. Can the Defenders work together to navigate the complexities of the Commonwealth and defeat the machine occupation? Or will the Land of the Fire Oaks succumb to a devastating industrial winter? It's up to you and your comrades to decide.
