The heavily favored Michigan Spartans and the underdog Troy Trojans meet in the first game in the semifinals, and it's there that the fates of Malcolm, Roko, Crispin, and M.J. intertwine. As the last moments tick down on the game clock, you'll learn how each player went from being a kid who loves to shoot hoops to a powerful force in one of the most important games of the year. Which team will leave the Superdome victorious? In the end it will come down to who has the most skill, the most drive, and the most heart. Volponi nails it when it counts in this dynamic story. —Booklist, starred review Volponi adroitly renders authentic and inspired basketball action. —The New York Times Book Review

Cold Pizza for Breakfast Christine Lavin,2010-06 As one of the top folk musicians in the country, Christine Lavin has seen it all--and she still loves the music and the life she feels privileged to lead. Published in honor of her twenty-fifth anniversary as a full-time, independent touring musician, *Cold Pizza for Breakfast: A Mem-wha?* is a memoir of road stories and adventures across the United States, Canada, and Australia. "I've changed a few names to spare hurt feelings," Christine notes, "but all these stories are true. Hey, I have eight brothers and sisters--you think they'd let me make things up?" *Cold Pizza for Breakfast* is rich with details from two-plus decades of songwriting and performing. The memoir begins with the hysterical tale of Christine's being booed in West Palm Beach when she opened for Joan Rivers--with a coda that demonstrates Christine's nimble mind and sense of the absurd--and recounts her circuitous route to becoming one of folk music's most respected and beloved songwriters and performers. Christine explains: "Instead of a business plan, I've followed hunches, my intuition, and my heart, and I have had the good fortune of meeting astounding people along the way who helped point me in the right direction. OK, a few pointed me in the wrong direction, too. But I always somehow managed to recover." Christine is an engaging and generous writer, often putting an informative and warm spotlight on other musicians. Learn delicious details about Dave Van Ronk's unique method of writing music, the stanza of a famous song that

Bob Dylan had never heard, and how Ervin Drake came to write "It Was a Very Good Year." Read about the unlikely beginnings of the folk super-group "The Four Bitchin' Babes," still going strong today, and how Christine's music has found a home with some of today's brightest Broadway stars. Photographs and memorabilia from Christine's fantastic voyage, song lyrics, an extensive appendix including an index and Christine's list of her 1,000 favorite songs that she has played while guest-DJing in New York City--all this combines with Christine's incomparable sense of humor to make *Cold Pizza for Breakfast: A Mem-wha?* an irresistible read and an invaluable resource for anyone who is interested in how songs get made, how musicians learn, and the business of music.

IT MAY CAUSE SLEEP DEPRIVATION, ALIENATION OF FRIENDS AND FAMILY, WEIGHT LOSS OR GAIN, NEGLECT OF YOUR BASIC NEEDS AS WELL AS THE NEEDS OF LOVED ONES AND/OR DEPENDENTS, AND DECREASED PERFORMANCE ON THE JOB. THE DISTINCTION BETWEEN FANTASY AND REALITY MAY BECOME BLURRED. PLAY AT YOUR OWN RISK. NOT RESPONSIBLE FOR SUICIDE ATTEMPTS. No such warning was included on the latest and greatest release from the Warcraft series of massive multiplayer online role-playing games—World of Warcraft (WoW). So when Ryan Van Cleave—a college professor, husband, father, and one of the 11.5 million Warcraft subscribers worldwide—found himself teetering on the edge of the Arlington Memorial Bridge, he had no one to blame but himself. He had neglected his wife and children and had jeopardized his livelihood, all for the rush of living a life of high adventure in a virtual world. A fabulously written and gripping tale, *Unplugged* takes you on a journey through the author's semireclusive life with video games at the center of his

experiences. Even when he was sexually molested by a young school teacher at age eleven, it was the promise of a new video game that had lured him to her house. For Ryan, the virtual world was a siren-song he couldn't ignore, no matter the cost. When A Child Grieves Corinne Masur, 2021-10-05 For many years, debate has raged as to whether children are capable of embarking on a true mourning process. In *When a Child Grieves*, Corinne Masur provides an excellent overview of the myriad psychoanalytic theories on the subject and demonstrates conclusively that children can and do mourn. She describes how children and adolescents experience grief and how the mourning process can go awry. Dr Masur provides ample guidelines for the evaluation and treatment of children and adolescents struggling with their grief, alongside a multitude of clinical examples to illustrate her salient points. One detailed and poignant case history is returned to throughout the book, that of a three-year-old who lost his father to suicide. This sensitive and important work fills a void in the literature and will become a key text for trainees and qualified psychoanalysts, psychotherapists, clinicians, and other professionals working with bereaved children.

American Freak Show Willie Geist, 2010-10-12 This is not the first book written about quantum mechanics, but it just might be the last. The theory presented inside these pages is so revolutionary that it has stunned the scientific community into reconsidering centuries of thought about the behavior of energy and matter. Prepare to have your mind blown. Sorry, that's the introduction to Willie Geist's next book--the culmination of his life's work. Look for it next spring, just in time for Mother's Day. This book is about his other passion: freaks. When he's not in the lab, Geist spends his time on MSNBC's Morning Joe sifting through the wreckage of American politics and popular culture. These days, that's a big job. With an Alaska hockey mom turning, almost overnight, into a national icon and threatening to move from Wasilla to the White House, with the world's most famous athlete now associated less with the Masters and more with the strippers, and with reality TV

working around the clock to ensure the constitutional right of every man, woman, and child to fifteen minutes of fame, Geist's business is thriving. In his hilarious first book, *American Freak Show*, Geist takes the smart, biting observation loved by his television audience to new satirical extremes. The real-life characters who now haunt our daily lives are cast as stars in completely made-up scenes that, frankly, are not all that far from reality. Geist treats us to the first look at President Sarah Palin's unconventional inaugural address, performed live on WWE's Monday Night Raw after her renegade victory in the 2012 election. We go inside the ballroom for a Dean Martin-style welcome roast of Bernie Madoff upon his arrival in Hell, with Pol Pot serving as sidesplitting roastmaster. Geist provides us with never-before-seen FBI wiretap transcripts of the more mundane, but equally profane, telephone conversations of former Illinois governor Rod Blagojevich. And George W. Bush's batting-cage-and-waterslide-themed plans for a presidential library are laid out publicly for the first time. From Obama to Oprah, Afghanistan to Lohan, and Snooki to the Salahis, Willie Geist spares no one as our host of this wild *American Freak Show*. You'll laugh out loud while weeping for the future of America.

The Chocolate Cake Clock... Irundy Ramos, 2015-01-16 When I was a teenager, I spent my vacations in my father's farm. In that period of time, about 30 to 40 days, I had nothing to do except things for fun: riding horses, swimming, hunting, fishing, farm activity, barbecue parties with my brothers, cousin and my best friend Marcus Aragao Vergne. In that period, the time has stopped. None of those activities required me to have a wristwatch, I had no time for anything. Of consequence, I lost completely the sense of time, did not recognize if that moment were morning or night wherever. I was lost in time. I did not know in what day or month we were but I realized only specific days and hours: Saturdays 9:00 AM, because my punctual family left the farm heading to the nearest town to do shopping and groceries. My notion of time moved accuracy weekly, I mean, between two shoppings, I was lost in time. Recently, I am passing through a similar experience. Due to being sick of Parkinson's and being disabled, I do not work anymore and rarely leave from home. Of consequence, I lost the sense of time. Today, I no longer have a family going shopping on Saturdays 9:00 AM, but I have something happening regularly every week. The Episcopal Church gives me a chocolate cake on Tuesdays 9:00 AM, but I got a problem: how to realize when is Tuesday 9:00 AM? In order to resolve the problem, I used the problem as a solution for itself. I'll explain; I got a brilliant idea: Just cut the cake in 21 slices, where each slice has been eaten in a period of 8 hours, because my stomach clock is infallible. Then from the reminiscent of slices, I could estimate the accuracy of time and I built a diagram that shows the correspondence between the time/hours and the reminiscent number of slices. Easy, very easy. What is easier than that is only an hourglass. This is diagram of the regressive or count-down to understand the works of the Chocolate Cake Clock.
