The Life and Work of Muhammad Jalal-ud-Din Rumi Afzal Iqbal, 1964

The Life and Work of Jalal-Ud-Din Rumi Afzal Iqbal, 2014-10-01 Rumi is perhaps the only example in world literature of a devoted prose writer who suddenly burst forth into poetry during middle age to become a truly great mystical poet for all time. This book, a long-overdue reckoning of his life and work, begins with a description and examination of the living conditions in 13th-century Persia. Building on this context, the author proceeds to fully analyze the formative period of Rumi's life leading up to 1261—when he began the monumental work of writing the Mathnawi. Toward the end of the book, the author investigates Rumi's thought and includes translations of those portions of the Mathnawi that have been hitherto unavailable in English. Combining an unparalleled familiarity with the source material, a total and critical understanding of the subject, and a powerful and readable prose style, this is an extraordinary study of a truly remarkable poet and mystic.

The Life and Work of Jalaluddin Rumi Afzal Iqbal, 1999 Rumi is perhaps the only example in world literature of a devoted prose writer who suddenly burst forth into poetry during middle age to become a truly great mystical poet for all time. This book, a long-overdue reckoning of his life and work, begins with a description and examination of the living conditions in 13th-century Persia. Building on this context, Afzal Iqbal proceeds to fully analyze the formative period of Rumi's life leading up to 1261—when he began the monumental work of writing the Mathnawi. Toward the end of the book, Iqbal more generally investigates Rumi's thought and includes translations of those portions of the Mathnawi that have been hitherto unavailable in English. Combining an unparalleled familiarity with the source material, a total and critical understanding of the subject, and a powerful and readable prose style, this is an extraordinary study of a truly remarkable poet and mystic.

Signs of the Unseen, 1999-10-19 This translation of Rumi's Fihi ma Fihi should easily become the standard English edition of this important collection of his discourses, conversations, and commentaries on various and sundry topics. In many cases the discussions preserved in this book provide the most sustained exposition available of Rumi's thought on a given topic.

Rumi and Islam, 2011-07-21 Discover the richness of Rumi's spiritual tradition—through facing-page commentary that brings his writings to life for you. This book you are now holding is a selection of what I believe are the best of Rumi's accounts of the compassionate actions, sayings, and qualities of the Prophet, which include Rumi's own inspired comments

and explanations. It is my hope that you will be surprised and uplifted by the profound wisdom that Jalaluddin Rumi conveys through these stories and sayings. —from the Preface This great Sufi poet and teacher can become a companion for your own spiritual journey. The lyric and wisdom poetry of Mawlana Jalaluddin Rumi has been an inspiration throughout the Middle East and Asia for over seven hundred years. Recently, it has also become popular in Western countries through translations and interpretive poetic versions in English. But while popular renderings have created the appreciation of Rumi the mystic, there is little understanding today of the religious and spiritual traditions from which the great mystic came. Rumi and Islam—Selections from His Stories, Poems, and Discourses examines not the popularized Rumi of universal love but the Sufi disciple whose works express deep reverence for the Prophet Muhammad. Ibrahim Gamard focuses on Rumi's place within the Sufi tradition of Islam, as one of the greatest Muslim followers of the Prophet Muhammed, and on the Islamic foundations of his lover-Beloved mystical poetry. By probing verse by verse Rumi's spiritual teachings, Gamard provides insight into the mystical side of the Qur'an and Islam, a religion that holds a deep love of God at its core. Now you can experience the profound and uplifting wisdom of Rumi even if you have no previous knowledge of Sufism or Islam. This SkyLight Illuminations edition presents the most important of Rumi's writings, mainly from the Mathnawi, with insightful yet unobtrusive commentary that conveys how his teachings about the nature of love for God and God's love for us can increase our understanding of Islamic wisdom in the West.

Mevlevi Manuscripts, 1268-c. 1400 Cailah Jackson, 2024-05-02 This book provides a detailed and carefully researched catalogue of over 140 manuscripts related to the Mevlevi Sufis in their formative period during the thirteenth and fourteenth centuries. It also offers an in-depth and rigorous analysis of the manuscript material, which reveals much about the role of manuscripts in early Mevlevi life, the identity of disciples who were scribes and manuscript owners, and the geographical spread of the Sufi group. The Mevlevi Sufis were one of the most important and prominent socio-religious groups to emerge in late medieval Anatolia, following the Mongol conquests of the 1240s. Sometimes known colloquially as the 'whirling dervishes,' the Mevlevi became particularly powerful under Ottoman rule in the early modern period, even counting some sultans as their disciples. However, there is still much to learn about their earliest days, following the death of their 'patron saint' Jalal al-Din Rumi in 1273. Rumi is of course also notable as the author of the Masnavi, an extensive work of Sufi poetry

written in rhyming couplets that is the core of Mevlevi ritual and learning. Beyond Mevlevi circles, Rumi remains very popular today as a 'mystic' poet. This study sheds new light on the intellectual culture of his time.

THE WHISPERING POET: An Anthology of Igbo and Other Proverbs Dandy Ahaoma Ahuruonye, 2024-08-31 In the realm of literature, where words weave the fabric of culture and tradition, Dandy Ahaoma Ahuruonye's "The Whispering Poet: An Anthology of Igbo and Other Proverbs" stands as a monumental work. This encyclopaedia is not merely a collection of sayings; it is a treasure trove of wisdom, a bridge between generations, and a testament to the enduring power of language. Introduction "The Whispering Poet" is a meticulously curated anthology that delves into the rich tapestry of Igbo proverbs, alongside a selection of maxims from various cultures around the world. Ahuruonye, with his profound understanding of both local and regional proverbs, offers readers a rare insight into the roots of these diverse pearls of wisdom. The book is a celebration of the Igbo tradition, where proverbs are regarded as cherished patrimony, bequeathed by wise ancestors to teach and guide their progeny. Ahuruonye's introduction sets the stage for the journey ahead, providing a historical and cultural context for Igbo proverbs. He eloquently explains the significance of these proverbs in shaping Igbo identity, values, and worldview. The author's passion for his subject is evident in his writing, as he invites readers to embark on a journey of discovery and appreciation. The Igbo saying, "Ilu bụ ịnyịnya nke asụsụ Igbo; ya mere ọbụrụ na eziokwu na-efu efu, anyi ga-eji ilu Igbo chọta ya" translates to Proverbs are the horses of the Igbo language; so, if the truth goes missing, we use Igbo proverbs to find it. Another Igbo saying, Nganga siri: Ọ gaghi ekwe omume. Ahumahu siri: Ọbụ ihe ize ndụ. Iche echiche siri: Onweghi isi. Mana obi takwunyere ha si ~ Burugodi ụzọ nwalee ya! translates to "Pride says: It's impossible. Experience says: It's risky. Reason says: It's pointless. But the heart whispered to them ~ Just try it!" These anthologies are defined by the way each proverb encapsulates the essence of truth and reflection, making them powerful vehicles for conveying wisdom. Review As already emphasised, Ahuruonye's encyclopaedia is a captivating exhibition of historical proverbs of traditional Igbo origin, presented alongside proverbs from other cultures. This juxtaposition not only highlights the universality of proverbial wisdom but also underscores the unique cultural contexts from which these sayings emerge. The book is divided into sections that allow readers to explore proverbs with parallel applications, making it a versatile reference for both academic and personal use. One of the most striking features of "The Whispering Poet" is its comprehensive approach. The book reviews the history of proverbs from ancient Egypt to medieval Israel, and from the NOK civilisation to the Nri and Benin Kingdoms. This historical context enriches the reader's understanding and appreciation of the proverbs, situating them within a broader narrative of human experience. Ahuruonye's prose is both lyrical and scholarly, a blend that makes the book accessible to a wide audience. His descriptions are vivid, bringing to life the cultural landscapes from which these proverbs originate. For instance, he writes, "In the heart of the Igbo land, where the palm trees sway to the rhythm of the wind, proverbs are the silent whispers of the ancestors, guiding the living with their timeless wisdom." Such

lines not only paint a picture but also evoke a sense of connection to the past. The book contains over 400 original images from certified and authentic sources, adding a visual dimension to the proverbs. These images serve as cultural artefacts, as well as escorts, providing a tangible link to the traditions and histories discussed in the text. The inclusion of these visuals makes the book not just a literary work but also a cultural archive. This book is a must-have for anyone interested in Igbo culture, African literature, or the power of proverbs. It is a valuable resource for scholars, students, and general readers alike. The Whispering Poet is a testament to Ahuruonye's dedication to preserving and promoting Igbo heritage, and it is a work that will continue to inspire and enrich readers for generations to come. Memorable Lines and Quotes "The Whispering Poet" is replete with memorable lines that resonate with readers long after they have turned the last page. Some of the standout quotes include: "A bird that flies off the earth and lands on an anthill is still on the ground." This Igbo proverb reminds us of the importance of humility and perspective. "When the moon is shining, the cripple becomes hungry for a walk." This saying speaks to the human tendency to desire what seems just out of reach. Proverbs are the whispers of the ancestors, guiding us through life's challenges. A wise person knows when to speak and when to listen. The tongue is a powerful weapon, capable of both healing and harming. Yes; The Whispering Poet is more than just an anthology; it is a gateway to a rich and vibrant culture. It is a book that will leave you pondering its wisdom long after you have finished reading.

Art, Allegory and the Rise of Shi'ism in Iran, 1487-1565 Kia Chad Kia, 2019-06-03 Transforming our understanding

of Persian art, this impressive interdisciplinary book decodes some of the world's most exquisite medieval paintings. It reveals the hidden meaning behind enigmatic figures and scenes that have puzzled modern scholars, focusing on five 'miniature' paintings. Chad Kia shows how the cryptic elements in these works of art from Timurid Persia conveyed the mystical teachings of Sufi poets like Rumi, Attar and Jami, and heralded one of the most significant events in the history of Islam: the takeover by the Safavids in 1501 and the conversion of Iran to Shiism.

In Search of Essence Safwan Rushdie, 2007-12-01 A delightful feat by an imaginative subconscious, this book is an assembly of poetry inspired by different women the author encountered while searching for his life companion. The poems have a coherent theme, which is the appreciation of feminine attributes and beauty. A deeper understanding of the poet's motivation emerges by reading the verses successively. The book climaxes with a narration of an enlightening epiphany into the inner nature and source of attraction to feminine beauty, (with glossary).

The Devil's Redemption : 2 Volumes Michael J. McClymond, 2018-06-05 2018 Book Award Winner, The Gospel Coalition (Academic Theology) A Choice Outstanding Academic Title for 2019 Will all evil finally turn to good, or does some evil remain stubbornly opposed to God and God's goodness? Will even the devil be redeemed? Addressing a theological issue of perennial interest, this comprehensive book (in two volumes) surveys the history of Christian universalism from the second to the twenty-first century and offers an interpretation of how and why universalist belief arose. The author explores what the church has taught about universal salvation and hell and critiques universalism from a biblical, philosophical, and theological standpoint. He shows that the effort to extend grace to everyone undermines the principle of grace for anyone.

Persian Language, Literature and Culture Kamran Talattof, 2015-03-05 Critical approaches to the study of topics related to Persian literature and Iranian culture have evolved in recent decades. More specifically, authors explore the nuances of these topics; literature and life, poetry and nature, culture and literature, women and literature, freedom of literature, Persian language, power, and censorship, and issues related to translation and translating Persian literature in particular. In dealing with these seminal subjects, contributors acknowledge and contemplate the works of Ahmad Karimi Hakkak and other pioneering critics, analysing how these works have influenced the field of literary and cultural studies. Fundamentals Of Rumis Thought Sefik Can,2006-01-01 This work attempts to present Rumi to the English-speaking world and to shed light on his life as seen from within the Islamic mystical tradition. The knowledge presented in this work comes from Sefik Can, a great expert of Rumi and who used to be the highest authority, Sertariq, of the Mevlevi Sufi order in Turkey until he passed away on January 24, 2005. Two aspects of this work make it unique. The first is that the book was originally authored by a man who is ninety five years old and who has dedicated his entire life to the teachings of Rumi. Such a Mevlevi's view of Rumi makes this work greatly valuable. The second important contribution to the book is the foreword, which was translated by from the original turkish, written by M. Fethullah Gulen, a prominent Muslim thinker and interfaith activist of Turkey.

Sufi Warrior Saints Harry S. Neale,2022-03-24 This book presents a thematic collection of hagiographical stories of Sufi saints, often referred to as friends of Gods. Despite the diverse wealth of Sufi works, much of the rich, global and centuries old literature of Sufi warrior-saints, has yet to be translated into English. Examining hagiographical depictions of Sufi mujahids, Neale corrects frequent misunderstandings of the term jihad in relation to Sufi thought and practice. Using Sufi hagiography, treatises, travel narratives and Muslim histories, each chapter comprises the lives of Sufi saints during significant historical events, from the Crusades to the Mongol Invasion and in regions ranging from Islamic Spain to North Africa and India. Using Persian and Arabic sources, this compendium of translated hagiographies gives us a sense of the range, themes and global dissemination of the Sufi literature on war and heroism.

Friedrich Rosen Amir Theilhaber,2020-09-07 The German lacuna in Edward Said's 'Orientalism' has produced varied studies of German cultural and academic Orientalisms. So far the domains of German politics and scholarship have not been conflated to probe the central power/knowledge nexus of Said's argument. Seeking to fill this gap, the diplomatic career and scholarly-literary productions of the centrally placed Friedrich Rosen serve as a focal point to investigate how politics influenced knowledge generated about the "Orient" and charts the roles knowledge played in political decision-making regarding extra-European regions. This is pursued through analyses of Germans in British imperialist contexts, cultures of lowly diplomatic encounters in Middle Eastern cities, Persian poetry in translation, prestigious Orientalist congresses in northern climes, leveraging knowledge in high-stakes diplomatic encounters, and the making of Germany's Islam policy up to the Great War. Politics drew on bodies of knowledge and could promote or hinder scholarship. Yet, scholars never systemically followed empire in its tracks but sought their own paths to cognition. On their own terms or influenced by "Oriental" savants they aligned with politics or challenged claims to conquest and rule.
