**Ota River in the Leveled Cityscape of Hiroshima, Japan**, 2019 Description: View of cityscape leveled by atomic bomb blast. This photo shows overview of the blast center; Ota River visible at center. Hiroshima, Japan. Copy of 2012.056.051.

*Seven Streams Of The River Ota* Robert Lepage, Eric Bernier, 1996-11-04 Of all Lepage's magic boxes, this is the masterpiece (Independent on Sunday) Early one August morning in 1945, several kilos of uranium dropped over Japan changed the course of human history. Fifty years later, Hiroshima's vitality is striking: the city where survival itself seemed unimaginable today incarnates the notion of renaissance. Robert Lepage and Ex Machina's *The Seven Streams of the River Ota* makes Hiroshima a literal and metaphoric site for theatrical journey through the last half-century. In *The Seven Streams*, Hiroshima is a mirror in which seeming opposites - East and West, tragedy and comedy, male and female, life and death - are revealed as reflections of the same reality.

Hiroshima, The Seven Streams of the River Ota, directed by Robert Lepage, [conception by Éric Bernier, Gérard Bibeau, Normand Bissonnette, Rebecca Blakenship, Marie Brassard, Anne-Marie Cadieux, Normand Daneau, Richard Fréchette, Marie Gignac, Patrick Goyette, Robert Lepage and Ghislaine Vincent]., 1995

*A Place Called Hiroshima* Betty Jean Lifton, 1990 Photographs and text record Hiroshima as it appears now and tells the story of some of the survivors.

**River Through Hiroshima**, 2019 Description: River through Hiroshima.

Hiroshima No Pika, 1982-08 A retelling of a mother's account of what happened to her family during the Flash that destroyed Hiroshima in 1945.

*Hiroshima* John Hersey, 1946 Describes the effect of the bombing of Hiroshima on six survivors of the atomic blast.

*Hiroshima*, 2018-06-05 I'll search you out, put my lips to your tender ear, and tell you. . . . I'll tell you the real story--I swear I will.--from *Little One* by Toge Sankichi Three Japanese authors of note--Hara Tamiki, Ota Yoko, and Toge Sankichi--survived the atomic bombing of Hiroshima only to shoulder an appalling burden: bearing witness to ultimate horror. Between 1945 and 1952, in prose and in poetry, they published the premier first-person accounts of the atomic holocaust. Forty-five years have passed since August 6, 1945, yet this volume contains the first complete English translation of Hara's *Summer*

Flowers, the first English translation of Ota's *City of Corpses*, and a new translation of Toge's *Poems of the Atomic Bomb*. No reader will emerge unchanged from reading these works. Different from each other in their politics, their writing, and their styles of life and death, Hara, Ota, and Toge were alike in feeling compelled to set down in writing what they experienced. Within forty-eight hours of August 6, before fleeing the city for shelter in the hills west of Hiroshima, Hara jotted down this note: Miraculously unhurt; must be Heaven's will that I survive and report what happened. Ota recorded her own remarks to her half-sister as they walked down a street littered with corpses: I'm looking with two sets of eyes—the eyes of a human being and the eyes of a writer. And the memorable words of Toge quoted above come from a poem addressed to a child whose father was killed in the South Pacific and whose mother died on August 6th—who would tell of that day? The works of these three authors convey as much of the real story as can be put into words.

Masako's Story Kikuko Otake, 2011-12-28 On August 6, 1945, when the world's first atomic bomb was dropped on Hiroshima, the Furuta family was living one mile away from the hypocenter. Five year old Kikuko, her mother, Masako, and her two brothers barely escaped with their lives. However, their soldier father was not so fortunate. Masako never talked about her family's experiences on that day and the grim days following the bombing. Then one day, Masako started to talk about what happened—breaking a silence of nearly fifty years. Written by Kikuko (Furuta) Otake, now a retired assistant professor of Japanese in the United States, Masako's story is a collection of prose-poetry, based on the true story of her family's tragedy. It is written with an Objectivist lineation similar in its understated power to Charles Reznikoff's *Testimony*. Kikuko Otake's *Masako's Story* is a powerful addition to the literature of the Atomic Bomb, and yet more evidence that we should all work together to stop the Nuclear madness.

*May the Seven Rivers of Hiroshima Reach the Galaxy* Kunito Okamura, 2012-10 Merriam Press World War 2 History Series. This is Kunito Okamura's story of how his parents survived the atomic bombing of Hiroshima. He was born after the war, and witnessed the re-birth of Hiroshima. This book is based on the story told by his parents about their tough experiences of the atomic bombing in Hiroshima. Though the story was about the cruel tragedy, it was not intended to blame anyone. He felt that such a sad history of war should be passed on to the coming generations so as not to repeat such a senseless thing ever again. Also what drove him to this work was the people's dedication to Hiroshima's recovery by helping each other. Their vivid faces in contrast to their shabby clothing were branded into his young brain despite their sad fate of losing houses and families. Their faces looked rather shining because of the hope and dream for their and Japan's bright future. 49 photos, 4 maps.

Rising from the Ashes Dr. Akiko Mikamo, 2013-09 This is a true and incredible story of a Japanese adolescent, Shinji Mikamo, who miraculously survived the first atomic bombing of human kinds. He was on top of his house roof with nothing to shield him at only 3/4 of a mile (1,200m) from the epicenter in Hiroshima on August 6, 1945 toward the end of the World War

II. But what made Shinji stand out from most of the survivors of Hiroshima and Nagasaki, or even of many other man-made disasters in our history, he never hated Americans as aggressors. He somehow saw things from a much bigger perspective even in the very strict Japanese military government's mind control of civilians during the war. As one of his three legacy-carrying daughters, Dr. Akiko Mikamo wrote his story to send out the messages of human love and power of forgiveness to remind the world our worst enemies of yesterday could become the best friends of tomorrow.

**Hiroshima Notes** Kenzaburō Ōe, 1996 Hiroshima Notes is a powerful statement on the Hiroshima bombing and its terrible legacy by the 1994 Nobel laureate for literature. Oe's account of the lives of the many victims of Hiroshima and the valiant efforts of those who cared for them, both immediately after the atomic blast and in the years that follow, reveals the horrific extent of the devastation. It is a heartrending portrait of a ravaged city -- the human face in the midst of nuclear destruction.

The Road from Hiroshima Marc Kaminsky, 1984

**Hiroshima** Richard von Lenzano, 2020-07-23 A text that creates tension and whose precise descriptions shock the reader immersed in a brutal event not to be forgotten. The chronological narrative which deliberately depicts the moments until the bomb was dropped and the cruel consequences for the people of Hiroshima and Nagasaki, consequences difficult to endure. One thinks to feel the devastating heat, like a hellfire...the pain, the suffering of the people. Have you forgotten everything? A question that that should touch, shake and remind us, because the cloak of forgetting often covers history, if we don't learn from the past, mistakes will be repeated. Even today the world powers think of new weapons which can destroy mankind and the earth. Let us hope that they will never be used.

No More Hiroshimas James Kirkup, 2004

One Sunny Day Hideko Tamura Snider, 1996 Every year when the days begin to stretch and the penetrating heat of summer rises to a scorching point, I am brought back to one sunny day in a faraway land. I was a young child waiting for my mother to come home. On that day, however, the sun and the earth melted together. My mother would not come home... Hideko was ten years old when the atomic bomb devastated her home in Hiroshima. In this eloquent and moving narrative, Hideko recalls her life before the bomb, the explosion itself, and the influence of that trauma upon her subsequent life in Japan and the United States. Her years in America have given her unusual insights into the relationship between Japanese and American cultures and the impact of Hiroshima on our lives.

Features that help you study include Chapter-by-chapter summaries and commentaries A map of Hiroshima that shows the location of the main characters and areas of greatest destruction A glossary that helps you get the most out of your reading A critical essay that describes the people and events that led to the decision to drop the bomb. A review section that tests your knowledge Classic literature or modern-day treasure—you'll understand it all with expert information and insight from CliffsNotes study guides.

*Hiroshima* John Hersey, 1989-03-01 The classic tale of the day the first atom bomb was dropped offers a haunting evocation of the memories of survivors and an appeal to the conscience of humanity

**To Hell and Back** Charles Pellegrino, 2015-08-06 Drawing on the voices of atomic bomb survivors and the new science of forensic archaeology, Charles Pellegrino describes the events and the aftermath of two days in August when nuclear devices, detonated over Japan, changed life on Earth forever. *To Hell and Back* offers readers a stunning, “you are there” time capsule, wrapped in elegant prose. Charles Pellegrino’s scientific authority and close relationship with the A-bomb survivors make his account the most gripping and authoritative ever written. At the narrative’s core are eyewitness accounts of those who experienced the atomic explosions firsthand—the Japanese civilians on the ground. As the first city targeted, Hiroshima is the focus of most histories. Pellegrino gives equal weight to the bombing of Nagasaki, symbolized by the thirty people who are known to have fled Hiroshima for Nagasaki—where they arrived just in time to survive the second bomb. One of them, Tsutomu Yamaguchi, is the only person who experienced the full effects of both cataclysms within Ground Zero. The second time, the blast effects were diverted around the stairwell behind which Yamaguchi’s office conference was convened—placing him and few others in a shock cocoon that offered protection while the entire building disappeared around them. Pellegrino weaves spellbinding stories together within an illustrated narrative that challenges the “official report,” showing exactly what happened in Hiroshima and Nagasaki—and why. Also available from compatible vendors is an enhanced e-book version containing never-before-seen video clips of the survivors, their descendants, and the cities as they are today. Filmed by the author during his research in Japan, these 18 videos are placed throughout the text, taking readers beyond the page and offering an eye-opening and personal way to understand how the effects of the atomic bombs are still felt 70 years after detonation.
