The Historians' History of the World: England, 1485-1642 Henry Smith Williams, 1904

**"The" Historians' History of the World** Henry Smith Williams, 1907

*A Man for All Seasons* Robert Bolt, 1996 Literature for life

Renaissance Festivals Kimberly Tony Korol-Evans, 2009-10-21 This ethnographic study of contemporary American Renaissance fairs focuses on the Maryland Renaissance Festival, in which participants recreate sixteenth-century England through performances of theater, combat-at-arms, processions, street hawking, and meticulously faithful historical reconstructions. It is also partly an autobiographical account of interactive improvisation, subcultures within the festival framework, the delineation between living history and historical elaboration, and a new understanding of performers and patrons.

**The Historical Novel** Jerome De Groot, 2009-09-10 The historical novel is an enduringly popular genre that raises crucial questions about key literary concepts, fact and fiction, identity, history, reading, and writing. In this comprehensive, focused guide, Jerome de Groot offers an accessible introduction to the genre and critical debates that surround it, including: the development of the historical novel from early eighteenth-century works through to postmodern and contemporary historical fiction different genres, such as sensational or 'low' fiction, crime novels, literary works, counterfactual writing and related issues of audience, value, and authenticity the many functions of historical fiction, particularly the challenges it poses to accepted histories and postmodern questioning of 'grand narratives' the relationship of the historical novel to the wider cultural sphere with reference to historical theory, the internet, television, and film key theoretical concepts such as the authentic fallacy, postcolonialism, Marxism, queer and feminist reading. Drawing on a wide range of examples from across

the centuries and around the globe The Historical Novel is essential reading for students exploring the interface of history and fiction.

Bourgeois Equality Deirdre Nansen McCloskey, 2020-03-04 How standards of living have skyrocketed since 1800, and the political philosophy that made it possible: Persuasive...richly detailed and erudite.— Financial Times There's little doubt that most humans today are better off than their forebears. Stunningly so, the economist and historian Deirdre McCloskey argues in this concluding volume of her trilogy celebrating the oft-derided virtues of the bourgeoisie. The poorest of humanity, McCloskey shows, will soon be joining the comparative riches of Japan and Sweden and Botswana. Why? Most economists—from Adam Smith and Karl Marx to Thomas Piketty—say the Great Enrichment since 1800 came from accumulated capital. McCloskey disagrees, fiercely. Our riches, she argues, were made not by piling brick on brick, bank balance on bank balance, but by piling idea on idea. Capital was necessary, but in the same way that oxygen is necessary for a fire. Nor were institutions the drivers: the World Bank orthodoxy of add institutions and stir hasn't worked. McCloskey builds a powerful case for the initiating role of ideas—ideas for electric motors and free elections, of course, but more deeply the bizarre and liberal ideas of equal liberty and dignity for ordinary folk. Liberalism arose from theological and political revolutions in northwest Europe, yielding a unique respect for betterment and its practitioners, and upending ancient hierarchies. Commoners were encouraged to have a go, and the bourgeoisie took up the Bourgeois Deal, and we were all enriched. Few economists or historians write like McCloskey—her ability to invest the facts of economic history with the urgency of a novel, or of a leading case at law, is unmatched. She summarizes modern economics and modern economic history with verve and lucidity, yet sees through to the really big scientific conclusion. Not matter, but ideas. Big books don't come any more ambitious, or captivating, than *Bourgeois Equality*.

Satire in the Elizabethan Era William Jones, 2017-11-28 This book argues that the satire of the late Elizabethan period goes far beyond generic rhetorical persuasion, but is instead intentionally engaged in a literary mission of transideological perceptual translation. This reshaping of cultural orthodoxies is interpreted in this study as both authentic and activist in the sense that satire represents a purpose-driven attempt to build a consensual community devoted to genuine socio-cultural change. The book includes explorations of specific ideologically stabilizing satires produced before the Bishops' Ban of 1599, as well as the attempt to return nihilistic English satire to a stabilizing theatrical form during the tumultuous end of the reign of Elizabeth I. Dr. Jones infuses carefully chosen, modern-day examples of satire alongside those of the Elizabethan Era, making it a thoughtful, vigorous read.

*Tudor Victims of the Reformation* Lynda Telford, 2016-10-31 This book describes a selection of people caught up in the turmoil that presaged the reformation - a period of change instigated by a king whose desire for a legitimate son was to brutally sweep aside an entire way of life. The most famous and influential of the victims were the two people closest to

Henry VIII. His mentor, Cardinal Thomas Wolsey, a great churchman and a diplomat of consummate skill. The other was to be the Kings second wife, Anne Boleyn. These two adversaries, equally determined to succeed, had risen above the usual expectations of their time. Wolsey, of humble birth, became a prince of the church, enjoying his position to the full, before coming into conflict with a woman who had no intention of being another passing fancy for the king. She would become the mother of one of the greatest and most famous of Englands monarchs. They were brought down by the factions surrounding them and the selfish indifference of the man they thought they could trust. Though they succumbed to the forces aligned against them, their courage and achievements are remembered, and their places in history assured.

**Church and State Under the Tudors** Gilbert William Child,1890

The Life of Henry the Eighth, and History of the Schism of England Audin (M., Jean Marie Vincent),1852

The Month ,1889

*A Companion to English Renaissance Literature and Culture* Michael Hattaway,2008-04-15 This is a one volume, up-to-date collection of more than fifty wide-ranging essays which will inspire and guide students of the Renaissance and provide course leaders with a substantial and helpful frame of reference. Provides new perspectives on established texts. Orientates the new student, while providing advanced students with current and new directions. Pioneered by leading scholars. Occupies a unique niche in Renaissance studies. Illustrated with 12 single-page black and white prints.

Lives of the Queens of England, from the Norman Conquest Strickland,1844

**The Cleaving of Christendom** Warren Hasty Carroll,2000 This fourth of a projected six volumes is primarily concerned with the split in Christendom caused by the Protestant revolt caused by Martin Luther and his followers. It covers in detail the years between the emergence of Luther as a major figure and the beginning of the personal reign of Louis XIV in France in 1661, with separate discussions of the missionary efforts and accomplishments of the Church in America and the Orient during these years. It explores in depth how the great division of Christendom came about.
