The Death of the Grown-Up Diana West,2008-09-16 A provocative look at the rise of youth culture, the worship of perpetual adolescence, and the sorry spectacle of adults shirking the responsibilities of maturity. Firebrand conservative columnist Diana West looks at the mess America is in and wonders Where did all the grown-ups go? Diana West sees a US filled with middle-age guys playing air guitar and thinks No wonder we can't stop Islamic terrorism. She sees a landscape littered with Baby Britneys, Moms Who Mosh, and Dads too young to call themselves mister and wonders Is there a single adult left anywhere? But, the grown-ups are all gone. The disease that killed them was incubated in the sixties to a rock-and-

roll score, took hold in the seventies with the help of multiculturalism and left us with a nation of eternal adolescents who can't decide between good and bad, a generation who can't say no. With insightful wit, Diana West takes readers on an odyssey through culture and politics, from the rise of rock 'n' roll to the rise of multiculturalism, from the loss of identity to the discovery of diversity, from the emasculation of the heroic ideal to the PC-ing of Mary Poppins, all the while building a compelling case against the childishness that is subverting the struggle against jihadist Islam in a mixed-up, post-9/11 world. From the inability to nix a sixteen year-old's request for Marilyn Manson concert tickets to offering adolescents parentally-funded motel rooms on prom night to rationalizing murderous acts of Islamic suicide bombers with platitudes of cultural equivalence, West sees us on a slippery slope that's lead to a time when America has forgotten its place in the world. The result of such indecisiveness is, ultimately, the end of Western civilization as we know it. Diana West serves up a provocative critique of our dangerously indecisive world leavened with humor and shot through with insight.

The Complete Lyrics of Johnny Mercer Johnny Mercer, Robert Kimball, Barry Day, Miles Kreuger, Eric Davis, 2009-10-20 The seventh volume in Knopf's critically acclaimed Complete Lyrics series, published in Johnny Mercer's centennial year, contains the texts to more than 1,200 of his lyrics, several hundred of them published here for the first time. Johnny Mercer's early songs became staples of the big band era and were regularly featured in the musicals of early Hollywood. With his collaborators, who included Richard A. Whiting, Harry Warren, Hoagy Carmichael, Jerome Kern, and Harold Arlen, he wrote the lyrics to some of the most famous standards, among them, "Too Marvelous for Words," "Jeepers Creepers," "Skylark," "I'm Old-Fashioned," and "That Old Black Magic." During a career of more than four decades, Mercer was nominated for the Academy Award for Best Song an astonishing eighteen times, and won four: for his lyrics to "On the Atchison, Topeka, and the Santa Fe" (music by Warren), "In the Cool, Cool, Cool of the Evening" (music by Carmichael), and "Moon River" and "Days of Wine and Roses" (music for both by Henry Mancini). You've probably fallen in love with more than a few of Mercer's songs-his words have never gone out of fashion-and with this superb collection, it's easy to see that his lyrics elevated popular song into art.

The Oxford Companion to Sugar and Sweets , 2015-04-01 A sweet tooth is a powerful thing. Babies everywhere seem

to smile when tasting sweetness for the first time, a trait inherited, perhaps, from our ancestors who foraged for sweet foods that were generally safer to eat than their bitter counterparts. But the science of sweet is only the beginning of a fascinating story, because it is not basic human need or simple biological impulse that prompts us to decorate elaborate wedding cakes, scoop ice cream into a cone, or drop sugar cubes into coffee. These are matters of culture and aesthetics, of history and society, and we might ask many other questions. Why do sweets feature so prominently in children's literature? When was sugar called a spice? And how did chocolate evolve from an ancient drink to a modern candy bar? The Oxford Companion to Sugar and Sweets explores these questions and more through the collective knowledge of 265 expert contributors, from food historians to chemists, restaurateurs to cookbook writers, neuroscientists to pastry chefs. The Companion takes readers around the globe and throughout time, affording glimpses deep into the brain as well as stratospheric flights into the world of sugar-crafted fantasies. More than just a compendium of pastries, candies, ices, preserves, and confections, this reference work reveals how the human proclivity for sweet has brought richness to our language, our art, and, of course, our gastronomy. In nearly 600 entries, beginning with à la mode and ending with the Italian trifle known as zuppa inglese, the Companion traces sugar's journey from a rare luxury to a ubiquitous commodity. In between, readers will learn about numerous sweeteners (as well-known as agave nectar and as obscure as castoreum, or beaver extract), the evolution of the dessert course, the production of chocolate, and the neurological, psychological, and cultural responses to sweetness. The Companion also delves into the darker side of sugar, from its ties to colonialism and slavery to its addictive qualities. Celebrating sugar while acknowledging its complex history, The Oxford Companion to Sugar and Sweets is the definitive guide to one of humankind's greatest sources of pleasure. Like kids in a candy shop, fans of sugar (and aren't we all?) will enjoy perusing the wondrous variety to be found in this volume.

The Complete Lyrics of Irving Berlin Robert Kimball, Linda Emmet, 2005-12 (Applause Books). Gathered together in one volume for the first time, here are all of the incomparable song lyrics of Irving Berlin the lyrics of more than 1,200 songs, 400 of which have never before appeared in print along with anecdotal, historical, and musicological commentary and dozens of photographs. Berlin came from a poor immigrant family and began his career as a singing waiter, but by the time he was nineteen he was publishing his songs and quickly found fame with Alexander's Ragtime Band in 1911. In the extraordinary six decades that followed, Berlin wrote one popular hit after another: Blue Skies * Always * Cheek to Cheek * White Christmas * God Bless America * There's No Business Like Show Business * and many more. He also wrote a number of the classics of musical theater's Golden Age, climaxing with Annie Get Your Gun . He penned three Astaire and Rogers films Top Hat, Carefree , and Follow the Fleet as well as the scores of Holiday Inn, Easter Parade , and other films. The breadth of his accomplishment is staggering.

Kurdistan on the Global Stage Diane E. King, 2013-12-31 Anthropologist Diane E. King has written about everyday life in

the Kurdistan Region of Iraq, which covers much of the area long known as Iraqi Kurdistan. Following the overthrow of Saddam Hussein's Ba'athist Iraqi government by the United States and its allies in 2003, Kurdistan became a recognized part of the federal Iraqi system. The Region is now integrated through technology, media, and migration to the rest of the world. Focusing on household life in Kurdistan's towns and villages, King explores the ways that residents connect socially, particularly through patron-client relationships and as people belonging to gendered categories. She emphasizes that patrilineages (male ancestral lines) seem well adapted to the Middle Eastern modern stage and viceversa. The idea of patrilineal descent influences the meaning of refuge-seeking and migration as well as how identity and place are understood, how women and men interact, and how "politicking" is conducted. In the new Kurdistan, old values may be maintained, reformulated, or questioned. King offers a sensitive interpretation of the challenges resulting from the intersection of tradition with modernity. Honor killings still occur when males believe their female relatives have dishonored their families, and female genital cutting endures. Yet, this is a region where modern technology has spread and seemingly everyone has a mobile phone. Households may have a startling combination of illiterate older women and educated young women. New ideas about citizenship coexist with older forms of patronage. King is one of the very few scholars who conducted research in Iraq under extremely difficult conditions during the Saddam Hussein regime. How she was able to work in the midst of danger and in the wake of genocide is woven throughout the stories she tells. Kurdistan on the Global Stage serves as a lesson in field research as well as a valuable ethnography.

When Music Migrates Jon Stratton,2016-02-17 When Music Migrates uses rich material to examine the ways that music has crossed racial faultlines that have developed in the post-Second World War era as a consequence of the movement of previously colonized peoples to the countries that colonized them. This development, which can be thought of in terms of diaspora, can also be thought of as postmodern in that it reverses the modern flow which took colonizers, and sometimes settlers, from European countries to other places in the world. Stratton explores the concept of 'song careers', referring to how a song is picked up and then transformed by being revisioned by different artists and in different cultural contexts. The idea of the song career extends the descriptive term 'cover' in order to examine the transformations a song undergoes from artist to artist and cultural context to cultural context. Stratton focuses on the British faultline between the post-war African-Caribbean settlers and the white Britons. Central to the book is the question of identity. For example, how African-Caribbean people have constructed their identity in Britain can be considered through an examination of when 'Police on My Back' was written and how it has been revisioned by Lethal Bizzle in its most recent iteration. At the same time, this song, written by

the Guyanese migrant Eddy Grant for his mixed-race group The Equals, crossed the racial faultline when it was picked up by the punk-rock group, The Clash. Conversely, 'Johnny Reggae', originally a pop-ska track written about a skinhead by Jonathan King and performed by a group of studio artists whom King named The Piglets, was revisioned by a Jamaican studio group called The Roosevelt Singers. After this, the character of Johnny Reggae takes on a life of his own and appears in tracks by Jamaican toasters as a Rastafarian. Johnny's identity is, then, totally transformed. It is this migration of music that will appeal not only to those studying popular music, but

Nobody Knows Where the Blues Come From Robert Springer, 2009-09-23 Musicians and music scholars rightly focus on the sounds of the blues and the colorful life stories of blues performers. Equally important and, until now, inadequately studied are the lyrics. The international contributors to *Nobody Knows Where the Blues Come From* explore this aspect of the blues and establish the significance of African American popular song as a neglected form of oral history. "High Water Everywhere: Blues and Gospel Commentary on the 1927 Mississippi River Flood," by David Evans, is the definitive study of songs about one of the greatest natural disasters in the history of the United States. In "Death by Fire: African American Popular Music on the Natchez Rhythm Club Fire," Luigi Monge analyzes a continuum of songs about exclusively African American tragedy. "Lookin' for the Bully: An Enquiry into a Song and Its Story," by Paul Oliver traces the origins and the many avatars of the Bully song. In "That Dry Creek Eaton Clan: A North Mississippi Murder Ballad of the 1930s," Tom Freeland and Chris Smith study a ballad recorded in 1939 by a black convict at Parchman prison farm. "Coolidge's Blues: African American Blues from the Roaring Twenties" is Guido van Rijn's survey of blues of that decade. Robert Springer's "On the Electronic Trail of Blues Formulas" presents a number of conclusions about the spread of patterns in blues narratives. In "West Indies Blues: An Historical Overview 1920s-1950s," John Cowley turns his attention to West Indian songs produced on the American mainland. Finally, in "Ethel Waters: 'Long, Lean, Lanky Mama,'" Randall Cherry reappraises the early career of this blues and vaudeville singer

SODOM HAS BOUNCED BACK: A Response to Contemporary Challenges Faced by Young Christians

Sikhumbuzo Dube, 2014-10-24 The city of Sodom had not only become the hub of variety of activities but a rendezvous for perpetrators of all forms of vice. The crime and vice must have been fuelled by economic pressures among other factors.

Although the economy of Sodom was thriving, many young people could have been living in abject poverty. Many unemployed young people killed their time by beer drinking and loitering - as a result they got hooked to a number of sexual mores. Beautiful young women signed up with rich businessmen who hired them out for escort services to wealthy visitors. The city adult book and video stores, the one night (fornicatory) stands and porn shops were teeming with wicked men of Sodom. This book addresses current hot potatoes like homosexuality, lesbianism, revisionist gay theology, the occult, music television and its impact, premarital/non-marital sex and materialism through looking glasses of Lot's story. It focuses on a redemptive ministry approach to these issues.

Expressive Therapies for Sexual Issues Sana Loue, 2012-08-24 This text is intended to help social work practitioners move beyond both these often-accepted constructions of sexuality and the range of methods that are available to social workers in their clinical practice. Various themes are apparent throughout each of the chapters in this volume: the range of sexual experience and expression that exists across individuals; a recognition of our society's responses to expressions of sexuality, including the social, attitudinal, and cultural barriers that inhibit the expression of healthy sexuality and that constrain our approaches to assisting individuals with their recovery from trauma; the need to consistently and painstakingly examine our own assumptions relating to sexuality in order to be more effective with our clients; and the delicate balance that is often required when working with clients around issues of sexuality in the context of institutions, community, and societal structures.
