The Good Life Method Meghan Sullivan, Paul Blaschko, 2023-01-03 "At once revolutionary and conservative . . . positively warm, oddly free of moralizing, welcoming of disagreement and engagement." —Los Angeles Review of Books Two philosophers ask and answer the big questions about the search for faith and happiness For seekers of all stripes, philosophy is timeless self-care. University of Notre Dame philosophy professors Meghan Sullivan and Paul Blaschko have shepherded thousands of students on the journey to faith and happiness in their blockbuster undergraduate course God and the Good Life. Now they invite us into their classroom to wrestle with the big questions about how to live and what makes life meaningful. They distill guidance from Aristotle, Plato, Marcus Aurelius, Iris Murdoch, and W. E. B. Du Bois to work through issues like what justifies our beliefs, whether we should practice a religion, and what sacrifices we should make for others. The Good Life Method applies the timeless wisdom of philosophy to real-world case studies that explore love, finance, truth,

and more. In so doing, this book pushes us to escape our own caves, ask stronger questions, explain our deepest goals, and wrestle with suffering, the nature of death, and the existence of God.

I Don't Do Disability and Other Lies I've Told Myself Adelle Purdham, 2024-11-05 “A tender, beautifully written essay collection that is about so much more than parenting a child with a disability.” — Erin Pepler, author of *Send Me Into The Woods Alone* A raw and intimate portrait of family, love, life, relationships, and disability parenting through the eyes of a mother to a daughter with Down syndrome. With the arrival of her daughter with Down syndrome, Adelle Purdham began unpacking a lifetime of her own ableism. In a society where people with disabilities remain largely invisible, what does it mean to parent such a child? And simultaneously, what does it mean as a mother, a writer, and a woman to truly be seen? The candid essays in *I Don't Do Disability and Other Lies I've Told Myself* glimmer with humanity and passion, and explore ideas of motherhood, disability, and worth. Purdham delves into grief, rage, injustice, privilege, female friendship, marriage, and desire in a voice that is loudly empathetic, unapologetic, and true. While examining the dichotomies inside of herself, she leads us to consider the flaws in society, showing us the beauty, resilience, chaos, and wild within us all.

Though we do it all the time, Harvard professor Alison Wood Brooks argues that conversation is one of the most complex, demanding, and delicate of all human tasks, rife with possibilities for misinterpretation and misunderstanding. And yet conversations can also be a source of great joy, each one offering an opportunity to express who we are and learn who others are—to feel connected, loved, and alive. In *Talk*, Brooks shows why conversing a little more

effectively can make a big difference in the quality of our close personal relationships as well as our professional success. Drawing on the new science of conversation, Brooks distills lessons that show how we can better understand, learn from, and delight each other. The key is her TALK Maxims: Topics: Choose topics and manage them well Asking: Ask more questions Levity: Use humor to keep conversations fizzy Kindness: Prioritize their partners conversational needs Through experiments ranging across the conversational spectrum—from speed daters who ask too few questions (or too many), to future business leaders averse to topic forethought, to traffic stops that reveal the essence of kind language—Brooks takes us inside the world of conversation, giving us the confidence and the advice to approach any interaction with more creativity and compassion. Addressing our face-to-face conversations as well as those we have by phone, email, text, and social media, Talk is a thoughtful guide for anyone seeking to better establish and sustain their relationships. You're Not Listening Kate Murphy, 2020-01-07 When was the last time you listened to someone, or someone really listened to you? If you're like most people, you don't listen as often or as well as you'd like. There's no one better qualified than a talented journalist to introduce you to the right mindset and skillset—and this book does it with science and humor. - Adam Grant, #1 New York Times bestselling author of Originals and Give and Take **Hand picked by Malcolm Gladwell, Adam Grant, Susan Cain, and Daniel Pink for Next Big Ideas Club** An essential book for our times. -Lori Gottlieb, New York Times bestselling author of Maybe You Should Talk to Someone At work, we're taught to lead the conversation. On social media, we shape our personal narratives. At parties, we talk over one another. So do our politicians. We're not listening. And no one is listening to us. Despite living in a world where technology allows constant digital communication and opportunities

to connect, it seems no one is really listening or even knows how. And it's making us lonelier, more isolated, and less tolerant than ever before. A listener by trade, New York Times contributor Kate Murphy wanted to know how we got here. In this always illuminating and often humorous deep dive, Murphy explains why we're not listening, what it's doing to us, and how we can reverse the trend. She makes accessible the psychology, neuroscience, and sociology of listening while also introducing us to some of the best listeners out there (including a CIA agent, focus group moderator, bartender, radio producer, and top furniture salesman). Equal parts cultural observation, scientific exploration, and rousing call to action that's full of practical advice, *You're Not Listening* is to listening what Susan Cain's *Quiet* was to introversion. It's time to stop talking and start listening.

A Comedy of Nobodies Baron Ryan, 2024-05-21 Seinfeld meets Fleabag in *A Comedy of Nobodies*, the debut story collection from popular internet filmmaker Baron Ryan. Charlie knows he's not the main character in his own story. He's just another schmuck in the Ivy League looking to be somebody. He plays in a terrible jazz band, falls in love too easily, and struggles with the human being business. Written in a wry, comedic style, *A Comedy of Nobodies: A Collection of Stories* traces one fall semester in the lives of four typical but unforgettable university students who, as compensation for their existential anxieties, just want to feel understood. As Charlie tries to find love using the scientific method, babysits a toddler for student financial aid, jumps out a window to escape a jealous football player's wrath, and enrages a packed hockey stadium by replacing the national anthem with a jazz-trio rendition of "American Pie," he discovers that the answers to life's most pressing questions are almost always just more questions.

Every Day Should be Valentine's Day Jennifer Basye Sander, 2020-02-04 Amp up the love, romance, and beauty in your life! Rest assured this is not a book about how to buy your way to a more romantic life. Money stress is anti-romance. Instead, we are here to help you create a more romantic life and make the most of what you already have. The ideas and suggestions collected here are not always about dewy-eyed romance, but also about compromise, and having positive experiences that bond you as a couple. A few examples include: Your Turn to Choose—do something your partner loves, even if you aren't as enthusiastic about it. Maybe you can attend a musical one night, and visit a brewery the next. Mix it up! Pick-a-Date—using small scraps of paper, each of you should write out twenty ideas on how to spend a day, an evening, or even an hour. Ideas could include "pack a picnic and go to the park," or "go to that restaurant we've been wanting to try," or even "have a movie marathon at home." Fill a jar with the pieces of paper, shake it up, and pull out an idea when it's time for a date! Get a Smaller Bed—lounging on a huge, king-size bed might seem like an ultimate couples' goal, but in any kind of small space you need to work things out and come to an agreement faster than if there was room to spread out and get away from each other. Though Valentine's Day has been around for centuries, it's become so commercialized it can be easy to feel wiped out after the onslaught of advertisements. So hey, take back your power—celebrate every day instead! This book will

offer fresh ideas and inspire you to see the romance in everyday life.

Romantic Relationships and Media Valerie Ellen Kretz, 2024-12-15 In this book, Valerie Kretz utilizes examples from pop culture and everyday life to provide an examination of current research on romantic relationships and media, with an emphasis on entertainment and digitally-mediated communication. By dividing the book into two major sections – relationship trajectories and different aspects of relationships – Kretz establishes a framework through which to explore relevant theoretical and empirical findings, drawing on established literature, examples in the media, and the lived experiences of interview participants. Kretz covers a wide range of topics through these frameworks, including online dating, representations of love in film and television, social media and romantic jealousy, parasocial romance, and digital breakups, among others. Ultimately, Kretz argues that all available evidence demonstrates the complexity of this intersection, due to the separate roles that several distinct factors like medium, content, social context, frequency of use, and individual differences all play a role in how these intersections are constructed in the real world. Finally, the book identifies potential directions for future research as scholars continue to unpack this complex relationship.

Sitting at a Crossroad Adriana Forsman, 2025-07-03 She didn't have an engagement ring, or get down on one knee, or ask that magical four-word question, but Adriana Forsman knew her secret girlfriend had essentially just proposed. Their forbidden love had led Forsman to the greatest crossroads moment of her life. Would she choose to serve Jesus or be with the woman she loved? Or could she choose both? Forsman's attraction to women began freshman year of Bible college in a uniquely complicated situation with her new best friend. From that moment forward, her coming-of-age years did not go according to plan. *Sitting at a Crossroad* vulnerably chronicles the twists and turns of her love life through confessions, secrecy, heartbreak, manipulation, false accusations, getting caught, and falling in love—all of it leading to a life-defining moment of decision. Forsman's journey through the convergence of Christian faith and bisexuality provides insight into the inner conflict queer Christians face as she shares this raw piece of her life. It is a story of love, friendship, self-discovery, and faith—not only her own faith, but the faithfulness of God, a faithfulness that knows no bounds.

Time Is the Thing a Body Moves Through T Fleischmann, 2019-06-04 W. G. Sebald meets Maggie Nelson in an autobiographical narrative of embodiment, visual art, history, and loss. How do the bodies we inhabit affect our relationship with art? How does art affect our relationship to our bodies? T Fleischmann uses Felix Gonzáles-Torres's artworks—piles of candy, stacks of paper, puzzles—as a path through questions of love and loss, violence and rejuvenation, gender and sexuality. From the back porches of Buffalo, to the galleries of New York and L.A., to farmhouses of rural Tennessee, the

artworks act as still points, sites for reflection situated in lived experience. Fleischmann combines serious engagement with warmth and clarity of prose, reveling in the experiences and pleasures of art and the body, identity and community.
