Queer Aging in North American Fiction Linda M. Hess,2019-01-24 Exploring representations of queer aging in North American fiction, this book illuminates a rich yet previously unheeded intersection within American culture. At a time when older LGBTQ persons gradually gain visibility in gerontological studies and in the media, this work provides a critical perspective concerned with the ways in which the narratives and images we have at our disposal shape our realities. Each chapter shines a spotlight on a significant work of queer fiction, beginning with post-WWII novels and ending with filmic representations of the 2010s, exploring narratives as both reflections and agents of broader cultural negotiations concerning queer sexuality and aging. As a result, the book not only redresses queer aging's history of invisibility, but also reveals narratives of queer aging to be particularly apt in casting new light on the ways in which growing older is perceived and conceptualized in North American culture.

The Green Hour Todd Christopher,2010 The National Wildlife Federation's GreenHour.org is a website devoted to giving parents and caregivers the information, tools, and inspiration they need to get their kids and themselves outside. The NWF recommends that parents give their kids a Green Hour every day a time for unstructured play and interaction with the natural world, which can take place in a garden, a backyard, the park down the street, or any place that provides safe and accessible green space where children can learn and play. With the same goal of offering families fun ways to explore nature, the book is a field guide to outdoor adventure offering activities, fun facts, science lessons, and practical advice for engaging children in outdoor nature play that presents teachable moments and open-ended exploration of the natural world. Here are a range of starting points for nature-themed outdoor activities and explorations, beginning in your own backyard and progressively moving farther afield, all of them adaptable for children of different ages, abilities, and learning styles

Children's Literacy Practices and Preferences Jane Sunderland,Steven Dempster,Joanne Thistlethwaite,2016-03-31

Over the past few decades there have been intense debates in education surrounding children's literacy achievement and ways to promote reading, particularly that of boys. The Harry Potter book series has been received enthusiastically by very many children, boys and girls alike, but has also been constructed in popular and media discourses as a children's, particularly a boys', literacy saviour. *Children's Literacy Practices and Preferences: Harry Potter and Beyond* provides empirical evidence of young people's reported literacy practices and views on reading, and of how they see how the Harry Potter series as having impacted their own literacy. The volume explores and debunks some of the myths surrounding Harry Potter and literacy, and contextualizes these within children's wider reading.

Young Children and the Environment Julie Davis,Sue Elliott,2024-01-05 This text is a practical resource that explores how early childhood educators can work to tackle issues of sustainability.

Literacy in Grades 4-8 Nancy L. Cecil,Joan P. Gipe,Merrill E. Marcy,2017-07-05 Comprehensive yet succinct and readable, *Literacy in Grades 4-8, Third Edition* offers a wealth of practical ideas to help preservice and practicing teachers create a balanced and comprehensive literacy program while exploring the core topics and issues of literacy in grades 4 through 8. It addresses teaching to standards; differentiating instruction for readers and writers; motivating students; using assessment to inform instruction; integrating technology into the classroom; working with English learners and struggling readers; and connecting with caregivers. Selected classroom strategies, procedures, and activities represent the most effective practices according to research and the many outstanding classroom teachers who were observed and interviewed for the book. The Third Edition includes added material connecting the Common Core State Standards to the instruction and assessment of literacy skills; a combined word study and vocabulary chapter to help readers integrate these important topics in their teaching; more on technology, including comprehension of multimodal texts, enhancing writing instruction with technology tools, and teaching activities with an added technology component; added discussion of teacher techniques during text discussions, strategic moves that help students become more strategic readers. Key features: In the Classroom vignettes; more than 50 activities,some with a technology component; questions for journal writing and for projects and field-based activities; troubleshooting sections offering alternative suggestions and activities for those middle-grade students who may find a particular literacy focus challenging.

Screen-Smart Parenting Jodi Gold,2014-10-20 Even for today's most tech-savvy parents, managing kids' technology use is a huge challenge fraught with uncertainties. What kinds (and amounts) of screen time boost learning and development--and what kinds may be harmful? What is the right age for a game console or a smartphone? How can kids and teens be protected from cyberbullying and learn to be good digital citizens? What impact do parents' technology habits have? In her busy psychiatry practice--and while raising her own kids--Jodi Gold sees everyday both the mind-boggling benefits and the serious downsides of technology. In a positive, accessible style, she gives parents a wealth of practical strategies for navigating the digital frontier and creating realistic, doable rules and expectations for the whole family--

Creativity in Primary Education Anthony Wilson,2014-12-04 An alien spaceship crash landed in my playground today For one primary school in England, this was not an ordinary day. It was a fabulous day of inspiration, writing, drawing, discovering and learning for the pupils, the staff and the parents. But the best thing of all? The only truly out of the ordinary thing was the alien spaceship. So how do you make creativity a more everyday part of primary teaching? Teachers and trainees agree that creativity is a fabulous thing. But to get creative approaches into everyday teaching, you need to tackle the question - what is creativity? This book explores this question in an accessible and practical way. It helps trainees to do more than 'know it when they see it', by helping them to understand the separate and very diverse elements of creativity. The third edition of this popular text retains key material, but it has been updated and revised to include two new chapters on the creative curriculum, along with links throughout to the Standards and the new National Curriculum. This book will help you enhance your teaching so you and the children in your class can be: fellow explorers, adventurous discoverers and spontaneous investigators!

Palliative and Serious Illness Patient Management for Physician Assistants Nadya Dimitrov,Kathy Kemle,2021-09-09 From its beginning with Eugene Stead, MD at Duke University, the Mission of the Physician Assistant profession has been to create, increase or expand health care access in areas and populations with the greatest need.¹ Dr. Henry Silver's Child Health Associate Program at the University of Colorado is a good example as is Dr. Hu Myer's Alderson Broaddus Program which serves isolated rural communities in West Virginia.² Dr. Richard Smith's MEDEX Program at the University of Washington was also designed specifically to serve rural and medical underserved communities of the Pacific Northwest.³--

Inquiry-Based Literature Instruction in the 6-12 Classroom Sean Ruday,Katie Caprino,2020-12-29 This practical and engaging book will help you learn how to teach literature with an inquiry-based approach. Inquiry-based literature instruction is an effective method to facilitate student engagement, motivation, and understanding in middle and high school English Language Arts (ELA) classrooms. Easy-to-implement and adaptable for many types of texts, this method encourages students to make authentic connections between texts, their lives, and real-world issues. In this classroom-ready resource,

Ruday and Caprino walk through this instructional approach to demonstrate how using essential questions and a variety of texts will engage students in thought-provoking inquiry and promote meaningful learning. This book features: Three inquiry-based units applicable for middle and high school ELA and English classrooms. A range of models of what inquiry-based literature instruction looks like in practice. A chapter on culturally responsive teaching and supporting English Language Learners (ELLs). Guides, templates, and resource lists to help you plan your own inquiry-based literature teaching. Throughout the book Ruday and Caprino share a wealth of insights and resources to support you when putting inquiry-based instruction into practice.

Volume 2: Housing and Home Brian Doucet, Pierre Filion, Rianne van Melik, 2021-07-22 This book casts light on how the virus has impacted the experience of home and housing through the lens of wider urban processes around transportation, land use, planning policy, racism and inequality, and offers crucial insights for reforming cities to be more resilient to future crises.

Children's Active Transportation Richard Larouche, 2018-06-15 Children's Active Transportation is a rigorous and comprehensive examination of the current research and interventions on active transportation for children and youth. As the travel behaviors of these groups tend to be highly routinized, and their mobility faces unique constraints, such as parental restrictions, mandatory school attendance, and the inability to drive a motor vehicle before late adolescence, this book examines the key factors that influence travel behavior among children and youth, providing key insights into lessons learned from current interventions. Readers will find a resource that clearly demonstrates how critical it is for children to develop strong, active transportation habits that carry into adulthood. - Discusses the correlates that exist between children's active transportation using a social and ecological model - Summarizes active transportation interventions that show what works to increase non-motorized modes of travel in children - Describes the factors that influence the implementation and effectiveness of interventions
