Forgotten Origin Steven Strong,Evan Strong,2011-03-29 Forgotten Origin is the third in a series of books dedicated to the first Homo sapiens: the Australian Aboriginal people. Steven Strong and Evan Strong continue in their investigation into the global impact of Aboriginal people sailing from, never to, Australia no less than 50,000 years ago, paying particular attention to the shared principles found within many Gnostic scriptures and the Dreaming. As radical as this theory may appear, the rigor applied, whether through mtDNA, Y Chromosomes, skull morphology or historical accounts, and the religious ancestry upon which this hidden history is founded, demands serious consideration. This is not their story. Steven Strong and Evan Strong make no claim to speak on behalf of anyone. They do, however, have the right to relay that which Aboriginal culture-custodians insist is true. The First Australians are unique, and in no way descended from Africans or any other race. Forgotten Origin is merely another reminder of this hidden truth.

The secret books of the Egyptian Gnostics Jean Doresse,1958

THE PATH OF THE HOLY GRAIL Luigi Antonio Macrì,2024-11-05 This book is not so much an addition to the long bibliography already existing on the subject, but rather an examination of a particular element, already present in the literary tradition of the Grail: the arrival of the Marys in the south of France and the subsequent journey of Joseph of Arimathea to Glastonbury, Wales, Great Britain. My intention is to focus, among the many themes of the Grail, mainly on the “path of the Holy Grail”, that is, the journey of the Marys from Palestine to their arrival in Provence, in the south of France, as told by Jacopo da Varazze, or Varagine, (1228-1298) and before him by Rabanus Maurus (776-856). Joseph of Arimathea is also mentioned as part of the group that, starting from the south of France, founded the first church in Great Britain, on the plain of Glastonbury, another extraordinary place with very strong ties to the Grail and the Arthurian cycle. Some of the main characters, such as Mary Magdalene and Joseph of Arimathea, have been represented in a comparative way, using the canonical and apocryphal gospels and some codices and documents found at Qumran.

The Secrets of the Gods Claudiu Gilian, 2017-03-22 What would it be like to realize one day that everything you believed to be true was nothing but a lie? That you lived in an illusion constantly fed by those around you? That reality is often diametrically opposed to the chimera that was inoculated to you? That to learn the truth you need to forget everything you know? - What is God? - Are aliens real? - Is the material universe just an illusion? - Why are we here, where do we come from and where do we go after death? - Is Earth a prison? - Are humans the descendants of the gods of the past? - Is the Bible just a collection of plagiarized myths? - Was Christianity invented by Philo of Alexandria? - Was the Garden of Eden located on the territory of today's Romania? - Are Lucifer and Adam the same character? - Is Noah's Ark one of the Giza pyramids? - Is the Great Pyramid an interdimensional travel device? - Was the prophet Abraham a descendant of the Akkadian emperor Sargon the Great? - Was Moses really Pharaoh Akhenaton? - Is there an unseen war between the Aryan and Semitic races? - Did Alexander the Great discover the source of life in Dacia? - Did Pharaoh Tutankhamun's family practice black magic? - Does the Asteroid Belt come from the Mariana Trench? - Are the fallen angels at the top of the Masonic pyramid? - Is time travel possible? - Is the Apocalypse an event of the past? - Was Jesus possessed? All these questions (and many more) can be answered by *The Secrets of the Gods*, a secret history of the world, based on the decoding of ancient myths, as well as on the results of modern scientific research. A unique and controversial interpretation of universal history, which brings to the general public the secrets of the gods, until now reserved only for the initiated.

Egyptian magic, by S.S.D.D. Florence Farr, 1896

Gnosticism Robin Sacredfire, Gnosis is a Greek word meaning “knowledge”. In this case, knowledge acquired by direct experience and personal understanding, contrary to knowledge acquired by the accumulation of information. Gnosis is the essence of humanity’s wisdom, expressed in art, science, philosophy and religious traditions. It is the understanding of sacred geometry and the rules that control the whole universe. It was the faith of the Christians who were persecuted by the Catholic Church, and later the faith of the Knights Templar, once they discovered the Gnostic gospels. The path of Gnosis is developed through meditation, by opening the Third Eye, traveling astrally, developing psychic abilities, talking to saints, avatars, guides, and even by talking to the dead. The ultimate purpose is to develop an aura of Saint and finally merge with God. Those who follow this path, develop mastery once in possession of powers that transcend their body, such as fortunetelling, premonitions, telepathic abilities, and so on. And they do know that darkness is necessary for there to be light, they embrace it, but they ultimately work on the side of the light to bring order out of chaos. They are co-creators with God, builders or masons that co-create with the architect of the universe, God.

The Egyptian Foundations of Gnostic Thought [microform] Daniel Richard McBride, 1994

The Secret of Ka Freddy Ramoon, 2024-06-14 This book lifts the veil on the meaning of an ancient initiatory symbol of Ancient Egypt, it is the ka, generally represented by the hands raised above the head, as indicated by the Statue of the ka of

king Hor (XIIIth dynasty) currently kept at the Egyptian Museum in Cairo as illustrated on the first cover of this book. Ka symbolizes an invisible part of the human being which once developed by the practices confer on the initiate enormous spiritual powers. This book is suitable for anyone wishing to discover some of the supreme wisdom of the highest initiates in ancient Egypt. Its content revolves around a central question: what is Ka?
