Dimensions of Monstrosity in Contemporary Narratives A. Ng, 2004-09-14 Interweaving psychoanalysis, gender and cultural studies, and postmodern theories of geopolitics, this study of the monster in contemporary narratives demonstrates that the monster (and monstrosity) is largely a cultural and ideological production. Figures such as the serial-killer, the monstrous child, deformed bodies and spatially-influenced monstrosity will be considered through analyses of texts by Peter Ackroyd, Bret Easton Ellis, and Angela Carter (among others). The conclusion proposes that language itself becomes monstrous when it attempts, and fails, to articulate the monster.

The Hardened Years of Dr. Joseph C. Calkowski Joseph Calkowski, 2017-09-18 Everyone has a dream, but it can often be difficult to find the inspiration to pursue our dreams and fulfill our greatest hopes especially when we are young and lack experience. Yet through the stories and lives of the generations before us, we can find a blueprint for success. In *The Hardened Years of Dr. Joseph C. Calkowski*, author Joseph Calkowski shares his autobiography and legacy with the next generation so that they too can learn from his failures and successes, seeing in his life a way to keep pursuing their hopes and dreams. Joseph invites us to walk in his shoes and see how he grew, how he lived, and what he lived for. Through the good times, the bad times, and all the fun and crazy times in between, Joseph's life story can inspire us to press on and reach for the future. Even to this day, Joseph Calkowski's legacy is still unfolding, and his hope is that the story of his hardened years will motivate this generation to forge their own legacies and accomplish all that they hope.

No Endings, Only Beginnings Bernie S. Siegel, MD, Cynthia J. Hurn, 2020-03-24 Dr. Bernie Siegel--revered thought-leader, retired surgeon, and prolific author--offers meaningful life-lessons inspired by the significant quotes pulled from his notebooks. Make your own Bible. Select and collect all the words and sentences that in all your readings have been to you like the blast of a trumpet. - Ralph Waldo Emerson We have all come across a sentence in a book or a line of poetry that seems to jump off the page as if it has been patiently waiting for you to discover it in this precise instant. At times, the lyrics of a song or words spoken in a play can feel as if God is speaking directly to you, guiding you on your quest for truth and authenticity in this weird and wonderful life. From the words of great thinkers and quiet moments with God, to snippets of conversation with patients, and moments shared with his late-wife, Bobbie, Dr. Bernie Siegel has curated his most meaningful stories, lessons, and quotes from a lifetime of journals in *No Endings, Only Beginnings*. With this book, he

encourages you not just to learn from his advice and experience, but to create your own book of collected wisdom-your life manual for growing, loving, and healing-as you continue to shape your personal understanding of the answers to life's big questions.

Not Your Time to Die Ron Stock,2015-11-05 Believe in guardian angels? If not, you may well become a believer after reading *Not Your Time to Die*, thanks to Rollos hip guardian angel, Leslie. When you travel with Rollo Flowers through life's difficulties, certain death, and emotional adversities, you be looking over your shoulder and wishing for your own guardian angel. Rollo, an aged athlete, ends up competing in the Rio Olympics and becomes a true inspiration for all ages. Throughout his heart-pounding, stride-for-stride final race, Rollos exhilaration and excitement can be felt until he crosses the finish line to a shocking conclusion. Through carefully crafted prose, Ron Stock encourages the reader to thoughtfully reflect on when it is anyone's time to die, especially their own. Recalling your own past narrow escapes with death may well make you wonder whether a guardian angel was looking out for you too. *Not Your Time to Die* is a wonderful, imaginative story that fondly and humorously reflects on our own mortality.

Reading and Responsibility Derek Attridge,2010-05-27 What is the importance of deconstruction, and the writing of Jacques Derrida in particular, for literary criticism today? Derek Attridge argues that the challenge of Derrida's work for our understanding of literature and its value has still not been fully met, and in this book, which traces a close engagement with Derrida's writing over two decades and reflects an interest in that work going back a further two decades, shows how that work can illuminate a variety of topics. Chapters include an overview of deconstruction as a critical practice today, discussions of the secret, postcolonialism, ethics, literary criticism, jargon, fiction, and photography, and responses to the theoretical writing of Emmanuel Levinas, Roland Barthes, and J. Hillis Miller. Also included is a discussion of the recent reading of Derrida's philosophy as 'radical atheism', and the book ends with a conversation on deconstruction and place with the theorist and critic Jean-Michel Rabate. Running throughout is a concern with the question of responsibility, as exemplified in Derrida's own readings of literary and philosophical texts: responsibility to the work being read, responsibility to the protocols of rational argument, and responsibility to the reader.

Sabina Spielrein and the Beginnings of Psychoanalysis Pamela Cooper-White,Felicity Brock Kelcourse,2019-01-25 Sabina Spielrein stands as both an important and tragic figure—misunderstood or underestimated by her fellow analysts (including Jung and Freud) and often erased in the annals of psychoanalytic history. Her story has not only been largely forgotten, but actively (though unconsciously) repressed as the figure who represented a trauma buried in the early history of psychoanalysis. *Sabina Spielrein and the Beginnings of Psychoanalysis* joins the growing field of scholarship on Spielrein's distinctive and significant theoretical innovations at the foundations of psychoanalysis and serves as a new English language source of some of Spielrein's key works. The book includes: Four chapters by Felicity Brock Kelcourse, Pamela Cooper-White,

Klara Naszkowska, and Adrienne Harris spanning Spielrein's life and exploring her works in depth, with new insights about her influence not only on Jung and Freud, but also Piaget in Geneva and Vygotsky and Luria in Moscow. A timeline providing readers with important historical context including Spielrein, Freud, Jung, other theorists, and historical events in Europe (1850-1950). Twelve new translations of works by Spielrein, ten of which are the first ever translations into English from the original French, German, or Russian. Spielrein's life and works are currently undergoing a serious and necessary critical reclamation, as the fascinating chapters in this book attest. Sabina Spielrein and the Beginnings of Psychoanalysis will be of great significance to all psychoanalysts, psychoanalytic psychotherapists, analytical psychologists, and scholars of psychoanalysis interested in Spielrein and the early development of the field.

More Musings on Faith by an Ordinary Bloke Geoffrey Ring, 2024-12-06 Geoffrey Ring's latest book delves further into his personal journey of faith. He explores the relevance of the Church, religion and the existence of God. If you have ever wondered about these, or just don't believe, then this book is for you. It is certainly a unique perspective from someone who isn't ordained, has had no formal theological training, does not profess to be an ecclesiastical expert but, as the title suggests, is just an ordinary bloke. A bloke who has found comfort and solace at some of the most trying times in his life by turning to his faith. *More Musings on Faith by an Ordinary Bloke* is the story of a journey that he didn't always realise he was on but one that, in the end, showed him how he could survive difficult times. It's a book that is suitable for all ages, for those trying to make sense of that RI lesson, have found traditional help inadequate, or are just trying to understand what folk see in all this faith stuff. It won't give you all the answers. It's all about an invitation to share the journey to try and find them.

The God Who Became Human Graham Cole, 2013-05-14 Seeking an answer to Anselm's timeless question, Why did God become man? Graham Cole follows Old Testament themes of preparation, theophany and messianic hope through to the New Testament witness to the divinely foretold event. This *New Studies in Biblical Theology* volume concludes with a consideration of the theological and existential implications of the incarnation of God.

Religion is for Fools! (Revised 2013) Bill Medley, 2012-12-01 As a religious sceptic, Bill Medley investigates the five major world religions: Buddhism, Christianity, Hinduism, Islam and Judaism, from a layman's perspective. He attempts to see what can be known, if anything, about a 'God' or an 'afterlife' from logic and tangible evidence. Originally written as a letter to his sister-in-law, in *Religion is For Fools!* he shares his findings with her and tries to address her objections. Bill Medley worked as a professional entertainer for fifteen years. His stand-up comedy routines sometimes included satires on religion. Here he gives it a more serious examination. 'Absolutely brilliant! ... If all those who argue over religion had a copy of this book it would revolutionise the relationship between me and my bank manager.' Bill Medley 'This book has dramatically

changed my whole attitude towards typing.' Diana Medley (wife)

Consciousness and the Aconscious in Psychoanalytic Theory Ahmed Fayek, 2014-09-09 In the last few decades consciousness has become a major topic of interest for neurologists, psychologists, and a host of other professionals in various disciplines. Their concerted efforts to define consciousness led them mostly to the same impasse: the leap from the body to the mind, or to the particular link that makes the mind an attribute of consciousness. In 1895 Freud put together a project for a Psychology for the Neurologists. It comprised the elements of a theory of consciousness as a manifestation of the continuous homeostatic pursuit of stability; an aconscious condition. Although he made a distinction between the aconscious and the unconscious in many of his important works, he did not clearly define the ways in which the two could co-exist in a unified theory. In *Consciousness and the Aconscious in Psychoanalytic Theory*, Ahmed Fayek summarizes current arguments and debates stemming from neurological and phenomenological perspectives. He presents the notion that consciousness needs to be considered a human phenomenon and not simply a manifestation of brain activity, which is an occurrence shared by all organisms. Using Freud's theories as they relate to consciousness, Fayek places his own theory of the aconscious within the context of Freudian thought.

Arnold Wesker Reade W. Dornan, 2014-05-01 The only collection of essays on one of Britain's Angry Young Men, this book contains discussions of most of Wesker's published plays with an emphasis on the more recent works. Essays reevaluate the plays that made Wesker a household name in Britain (the *Trilogy*, *The Kitchen*, and *Chips with Everything*). Clive Barker, co-director of Centre 42, gives a fresh account of that movement, and playwright Paul Levitt provides a previously unrecorded history of *Caritas*, *Blood Libel*, and *Shylock*. A personal profile of Wesker by novelist Margaret Drabble is reprinted from an earlier article. Original essays cover the theory and practice of theatre-Wesker's in-text stage directions, British television's adaptation of his plays, and an actor's and a director's perspectives on working with the playwright. Major international Weskerian critics are assembled here: Klaus Peter Møller and Heiner Zimmermann from Germany; Rossana Bonadei, Angela Locatelli, and Alessandra Marzola from Italy; Keith Gore, Glenda Leeming, Martin Priestman, Jeremy Ridgman, Margaret Rose, and Robert Wilcher from Great Britain; Menakshi Ponnuswami from India; Robert Gross, Kimball King, and Robert Skloot from the United States. These essays take a wide range of critical approaches from an exploration of gender, to semiotics, biography, and the New Historicism. This is the most comprehensive collection of criticism on Arnold Wesker to date. Every major Weskerian scholar writing in English has contributed a piece to this casebook. Originating in Germany, Italy, Great Britain, India, and the United States, their essays create an international cultural context for Wesker's plays. They also position his work among his contemporaries, in his historical era, and in the political and theatrical

environment that defines his world. Furthermore, they form a biographical profile of Wesker, often giving us firsthand accounts of turning points in his career. Finally, some essays evaluate and interpret the major plays, dissecting and scrutinizing the formal elements that make them distinct. Their critical approaches are varied in that they make liberal use of semiotics, Bakhtinian and communication theory, cultural studies, and traditional readings. Their contributions compose a multi-faceted view of Wesker's life and work setting out fresh arguments for all his plays.

The Signifying Body Penelope Ingram,2009-01-01 How do we live ethically? What role do sex and race play in living or being ethically? Can ethics lead to ontology? Can literature play a role in ethical being? Drawing extensively on the work of Luce Irigaray, Frantz Fanon, and Martin Heidegger, Penelope Ingram argues that ethical questions must be understood in light of ontological ones. It is only when sexual and racial difference are viewed at an ontological level that ethics is truly possible. Central to the connection between ontology and ethics is the role of language. Ingram revisits the relationship between representation and matter in order to advance a theory of material signification. She examines a number of twentieth-century film and literary texts, including Neil Jordan's *The Crying Game*, J. M. Coetzee's *Foe*, Toni Morrison's *Paradise*, and Don DeLillo's *The Body Artist*, to demonstrate that material signification, rather than representation, is crucial to our experience of living authentically and achieving an ethical relation with the Other. By attending closely to Heidegger's, Irigaray's, and Fanon's positions on language, this original work argues that the literary text is indispensable to a revealing of the relationship between ontology and ethics, and through it, the reader can experience a state of authentic Being ethically.

Littell's Living Age ,1903

Terry Pratchett Craig Cabell,2012-06-04 The extraordinary life story of one of the most beloved writers in the world, including his courageous battle with Alzheimers With worldwide sales of more than 65 million copies in 37 languages, Terry Pratchett's novels are eagerly awaited by his legions of fans year after year. Featuring an in-depth look at the man and his work, as well as on-screen adaptations and a collector's guide, this is essential reading for any fan. His first Discworld novel, *The Colour of Magic*, was released in 1983 and ever since then the series, with its whimsical heroes and fiendish foes, has delighted both young and old alike. In 2007 Pratchett announced that he had been diagnosed with Alzheimer's disease. He has courageously faced the disease head-on, equaling the determination of his characters in his vivid and satirical novels. This book examines his extraordinary life, showcased against the backdrop of more than 40 years of irreverent artistic achievements. For devoted fans it features appendices of more than 60 pages listing Pratchett's works on screen and at the theatre, a complete UK bibliography and collector's guide, and a note about cats.

African Church Fathers - Ancient and Modern Hans S. A. Engdahl,2021-01-26 This critical and close reading of two

African theologians, Origen (185 – 254) and Mbiti (1931 – 2019), focuses on the following areas: philosophy (African philosophy and religion and Platonic cosmology), ecclesiology and eschatology; a parallel presentation of these three themes leads to a fourth theme, that of the resurrection, where it is argued that there exists a consensus and a convergence between the two. This reading also highlights two convictions that partly have caused strong criticism: Mbiti has suggested that African philosophy and religion have a conception of time of their own, Origen that all and everything is gradually moving towards an apokatastasis, at which point all will be saved. Yet, the contention is that even more important to both Mbiti and Origen is the resurrection of Jesus Christ. In order to establish the impact of the resurrection on their lives as Christians and as theologians, a contrast reading has been undertaken, i.e. texts are identified which underline the need to forge a link between the resurrection and the earthly ministry of Jesus. These texts also underwrite the conviction of Mbiti as well as Origen of the resurrection as something which must be lived in church and society, corporately as well as in personal devotion. The fact of resurrection creates a new mode of life.
