**COMPLETE ETHIOPIAN BIBLE IN ENGLISH 88 SCRIPTURES.** JASON. LONG,2025

**Americans With African Roots Empowered.** El Piper,2025-08-19 Americans With African Roots Empowered (A'WA'RE™) offers a grounded and insightful exploration of the history and identity of the Hebrew Israelites, tracing their journey from biblical times through centuries of exile, colonization, and cultural erasure. Beginning with King James VI and I, the book examines how his influence shaped the Bible's translation and how this version was used to reinforce imperial agendas. Through careful comparison with ancient texts such as the Ethiopian Bible and analysis of removed or suppressed scriptures, the book reveals how religious doctrine was reshaped to justify colonization and slavery. The transformation of the Hebrew Israelite faith into a tool of European dominance is laid bare, showing how key elements of biblical history were distorted or omitted. Spanning events from the founding of Jamestown to the transatlantic slave trade, this work connects pivotal historical moments to the ongoing journey of a people whose story has often been hidden. It also explores the cultural endurance and prophetic traditions of the Hebrew Israelites, the evolving role of women, and the spiritual impact of the King James Bible on African-American communities. This is both a historical reexamination and a call to rediscover truth, identity, and legacy in the face of centuries of misrepresentation.

**The Revelation Commentary** Dennis James Woods,2025-04-27 Jesus prophesied that the great tribulation would be an unprecedented time of distress that would never occur again. Nothing in history compares to what the Bible declares is coming on this world. The book of Revelation gives specific details of this time that no other book in the world contains. With all its vital information why is it that so many Christians do not read Revelation? Have popular rapture theories convinced many that Revelation does not apply to the church? Would God providentially place Revelation in the New Testament if the church really didn’t need it? In this powerful verse-by-verse commentary, Dennis James Woods presents a unique Prewrath interpretation of Revelation, critiquing the widely accepted Pretribulation rapture theory. The commentary argues that Revelation was written for the church and that much of its content directly applies to believers. Woods provides historical context, theological analysis, and practical insights, offering an alternative eschatological framework that challenges traditional dispensational thought while emphasizing the necessity of preparing for end-time events. Revelation is the only book in the world with specific details that tell us where this world is heading. It’s the only book in the Bible that begins with

a special blessing for those who read it. If the church is to be raptured before the Antichrist comes—praise God! But what happens if that's wrong? Then the book of Revelation, marginalized by so many, will become a vital guide for prophetic events to come.

*'the Real Scriptures' of God - New Testament* James Platter, 2012-09 Inside the covers of this book you will find the Real Scriptures' of the Christian churches. Many church leaders know that other Christian churches hold to these books but they are only willing to state what they have been brain-washed to believe, that is about the other inferior books: It isn't in the canon (of scripture) formed of course by the early Catholic Church at various stages and Councils from the fourth century A.D. therefore no one has the right to change what is in the canon of scripture and the Catholic Church changed it in their councils not in agreement of other Christians but to hide their offence at the words of God. They would not even imagine that different churches have different scriptures and assume that the correct canon of scripture must be the one first declared by the Catholic Church and its priests but other priests must be considered demented or apostate, but they are not affected by the changes they made to the canon of Scripture over many centuries. They will not consider the canons of Orthodox Churches or others because they vary in different regions of the world. So is European Christianity based in the Vatican City right about all its holy scriptures while everyone else's church scriptures are false scriptures? Ethiopia it seems got most books of scripture right even with their translation into an ancient language! The Real Scriptures', edited by James Platter above, a layman who formerly studied the scriptures for many years with the Baptist Bible Fellowship in San Dimas, California in the United States, but now rejects the reduced 1627 A.D. Version of the KJV Bible, and formally learned the Greek language of the New Testament at Capernwray Missionary Fellowship, Moss Vale, N. S. W. Australia under the Reverend Alan Catchpoole in 1973.

**The Blackwell Companion to Eastern Christianity** Ken Parry, 2010-05-10 THE BLACKWELL COMPANION TO EASTERN CHRISTIANITY "Consistently highly readable and engrossing. This is an excellent overview of Eastern Christianity." Expository Times "A masterful description of the major living traditions of Eastern Christianity. Its 24 chapters, each written by an accomplished scholar in the field, address the dominant ethnic and cultural categories of Eastern Christianity (Arab, Byzantine, etc.) along with their most characteristic features (liturgy, iconography, and hagiography). Each offers a concise, well-organized, and highly readable overview of the tradition in question, along with a representative bibliography ... Highly recommended." CHOICE "Christian emigration, not least from the Middle East, means that there are growing communities of Eastern Christians in the West ... Eastern Christians are now companions to Western; and the latter will learn much about the former from this Blackwell companion." Church Times "A distinctive addition to the companion series and to its chosen sphere of knowledge." Reference Reviews "A worthwhile collection, and one that should prove useful." Ecclesiastical History Recent political events in the Middle East and Eastern Europe have brought Eastern

Christianity to global attention. The Blackwell Companion to Eastern Christianity provides an unparalleled account of the history and development of these vital Christian traditions, at the same time placing contemporary events in their full context. The companion provides authoritative and lively essays on the main Eastern Orthodox traditions, such as the Greek, Russian, and Georgian churches, as well as the Oriental Orthodox traditions, including the Armenian, Coptic, and Syrian churches. The in-depth articles, which are written by an international team of experts, offer a comprehensive survey of the history, theology, doctrine, worship, art, culture, and politics that make up the churches of Eastern Christianity.
