**Symbolism 17: Latina/o Literature** Rüdiger Ahrens, Florian Kläger, Klaus Stierstorfer, 2017-10-10 The complex nature of globalization increasingly requires a comparative approach to literature in order to understand how migration and commodity flows impact aesthetic production and expressive practices. This special issue of Symbolism: An International Journal of Critical Aesthetics explores the trans-American dimensions of Latina/o literature in a trans-Atlantic context. Examining the theoretical implications suggested by the comparison of the global North-global South dynamics of material and aesthetic exchange, this volume highlights emergent Latina/o authors, texts, and methodologies of interest in for

comparative literary studies. In the essays, literary scholars address questions of the transculturation, translation, and reception of Latina/o literature in the United States and Europe. In the interviews, emergent Latina/o authors speak to the processes of creative writing in a transnational context. This volume suggests how the trans-American dialogues found in contemporary Latina/o literature elucidates trans-Atlantic critical dialogues.

Dirty Laundry Maggie Rowe,Andersen Gabrych,Eddie Pepitone,Kevin Nealon,Laura Silverman,Amy Stiller,Mary Birdsong,Richard Belze,Randy Sklar,Taylor Negron ,C. Brian Smith,Jonathan Schmock,Claudia Lonow,2010-01-01 Every other Thursday on Santa Monica Boulevard's Comedy Central Stage, a motley assortment of prolific Hollywood writers, actors, and comics convene to reveal the most personal—and colorful—parts of their lives. Their soul-baring monologues reveal the sources of their creative genius, from wacky families, to psycho exes, random ramblings, and unbelievable Hollywood insights. This hilarious collection, featuring a foreword by Arrested Development's Mitch Hurwitz and Jim Vallely, includes some of their best confessions. **The Doctor Who Sat for a Year** Brendan Kelly, 2019-03-22 As a psychiatrist, Brendan Kelly is used to extolling the benefits of a daily meditation practice, but following his own advice is a different story. Finding the time to sit quietly every day isn't easy when you're already trying to juggle a stressful job, a busy family life, a cinema addiction, a cake habit and low-level feelings of guilt over an unused gym membership. But this is the year he is going to do it. Can he improve his life by meditating for 15 minutes every day? Will it improve his relationships with his family and patients? And will he ever be more Zen than Trixie the cat? The Doctor Who Sat for a Year is a funny, thoughtful and inspiring book about embracing both meditation and our imperfections. 'An excellent introduction to the path of meditation ... The author describes both how difficult meditation can be in the face of daily distractions and, ultimately, how easy it becomes when simple choices are put in place.' Michael Harding

**Notes on the Art of Life** Haim Shapira, 2023-08-08 Told in a positive, no-nonsense tone, this is the ultimate tour of philosophers, artists and academics throughout the ages by philosopher Haim Shapira. Notes on the Art of Life is Haim Shapira's version of Sei Shonagon's Pillow Book - a discursive and intensely personal collection of thoughts on life; a tribute to the importance of the here and now; the value of the moment and of paying attention to it. This is a personal, cheerful and idiosyncratic tour through the thoughts and experiences of philosophers, artists and academics, finding a path through the contradictions of philosophy and the intractable challenges of life (both existential and mundane). Content includes: Exploring a wide range of philosophies, from Aristotle to Zhuang Zhu and Epicurus to Socrates Tour the arts and thoughts of Abd al-Rahman III to Tolstoy, via Chekhov and Goethe Examine a myriad of essential topics, from silence and regret to happiness and other small things of absolute importance. And arriving finally at love. This book is like having a chatty and quite excitable friend guide you round a library of good books and different schools of thought. A companion who aims to comfort and reassure you about the complexities and challenges of life and of thinking about life.

**Second Wave Positive Psychology** Itai Ivtzan, Tim Lomas, Kate Hefferon, Piers Worth, 2015-10-23 Positive psychology is currently equated with theory and research on the positive aspects of life. The reality could not be further from the truth. Positive psychology investigates and researches some of the most difficult and painful experiences. Second Wave Positive

Psychology: Embracing the Dark Side of Life is an innovative and groundbreaking textbook that explores a variety of topics we consider to be part of the 'dark' side of life while emphasising their role in our positive functioning and transformation as human beings. This more nuanced approach to the notions of 'positive' and 'negative' can be described as the 'second wave' of Positive Psychology. Positive Psychology is one of the fastest growing and least understood branches of psychology. Exploring topics at the heart of Positive Psychology, such as meaning, resilience, human development, mortality, change, suffering, and spirituality, this book engages with so-called 'negative' matters from a Positive Psychology angle, showing how the path of personal development can involve experiences which, while challenging, can lead to growth, insight, healing and transformation. Containing useful resources, case studies, practical exercises and chapter summaries, Second Wave Positive Psychology is an essential guide for undergraduate and postgraduate students studying positive psychology, as well as clinicians wanting to know more about the subject. It will also be relevant to the layperson who is interested in positive psychology.

Loathing Logan Mari Villarreal, 2022-06-22 Sophie Patterson had always been a quiet shy girl. She hid away from everyone, sticking to her three wonder trio; Best friend to Alexa Garlik, and Troy Michaelson. The three protected each other and stood up for one another. That is unless it came from Sophie's biggest pain and most ruthless prankster, Logan Spencer. He was ruthless, senseless, a big flirt that made any girl fall for him with just a smile. He longed for each day to come to school to make Sophie's life miserable. There was something about her that he despised. Whether it was her nerdiness or the way she was immune to his charm, she was not quite sure. All she knew was that he was bound to make her life a living hell. Will his plot to make her life a living hell succeed? Or will he find himself falling in love with her as he finds himself clashing paths with her more than often? Will she give him a chance at proving his love for her? Or is the damage too much for her to bear?

**Restorative Embodiment and Resilience** Alan Fogel, Ph.D., 2021-09-28 An expanded take on traditional Embodied Self-Awareness therapy, ideal for practitioners in all areas of body-focused work, including yoga, meditation, and somatic psychotherapy Embodied Self-Awareness (ESA) is a somatic approach to treat trauma and other mental health concerns by helping people connect directly to thoughts, sensations, and emotions as they arise within the body. Here, psychologist Alan Fogel introduces Restorative ESA, an expansion of traditional ESA that incorporates three new and unique ESA states: Restorative, Modulated, and Dysregulated. Using a research-backed approach, Fogel explains their underlying neuroscience with concrete examples to illustrate how these states impact our personal and professional lives. Fogel shows that wellness is more than the ability to moderate one's inner state by regulating and tolerating emotions. By shifting from states of doing to allowing, from activation to receptivity, and from thinking to felt experience, we can access the expansive power of the restorative state and heal the body, mind, and spirit.

*The 28 Day Happy Challenge* Tanishka no legal surname,2015-06-03 Imagine waking up like you did as a small child, happy to be alive and excited by what the day will bring! We all start life this way...rising with the sun and beaming with JOY! Then we encounter disappointments with the inevitable loss of innocence and it gets harder to get up in the morning with a smile on our face. Being happy comes from making choices that become habits. If happy habits aren't modeled for us we don't create happiness as a way of being. So this is an invitation - to anchor happiness habits into your daily life through fun, heart warming and practical suggestions. Just one suggestion a day to create a life filled with happy moments you will cherish for a lifetime. The choice is yours; keep doing what you're doing and experience more of the same or give it a try for 28 days - the time it takes to anchor a new way of living a heart centered existence.
