Aller Retour New York Henry Miller, 1993 Aller Retour New York is truly vintage Henry Miller, written during his most creative period, between Tropic of Cancer (1934) and Tropic of Capricorn (1939). Miller always said that his best writing was in his letters, and this unbuttoned missive to his friend Alfred Perlès is not only his longest (nearly 80 pages!) but his best--an exuberant, rambling, episodic, humorous account of his visit to New York in 1935 and return to Europe aboard a Dutch ship. Despite its high repute among Miller devotees, Aller Retour New York has never been easy to find. It was first brought out in Paris in 1935 in a limited edition, and a second edition, Printed for Private Circulation Only, was issued in the United States ten years later. It is now available in paperback as a Revived Modern Classic, with an introduction by George Wickes that illuminates the people and personal circumstances which inform Aller Retour New York.

Plexus Henry Miller, 2007-12-01 The "uproariously funny" second book in the Rosy Crucifixion trilogy, "may be Miller's masterpiece" (Choice). "Plexus is the core volume in The Rosy Crucifixion: the volume which has the most complete description of Henry Miller's basic values, beliefs, opinions, judgments, both at the time of his 'Crucifixion' and at the later time when the trilogy was written. Plexus is simply the most marvelous volume of emotion and ideas and visions and nightmares about man and society in the twentieth century—with art as the link perhaps, or as the soul's refuge—that I have read in many a long year. There is absolutely no subject in the world that Henry Miller does not seem to know about, want to talk about, and to evaluate with the deep authority of wisdom. He is probably the most learned of all our American writers, the most open to ideas and feelings, and yes, the most worshipful of all the aspects of life, as well as the most critical literary spokesman of our time." —Maxwell Geismar

Henry Miller George Wickes, 1966 A concise study of Miller's literary character, that focuses on the impact of his works Tropic of Cancer and Tropic of Capricorn

The Best of Henry Miller, Etc Henry Miller,1964

Henry Miller and How He Got That Way Katy Masuga,2011-02-23 Identifying six significant writers--Whitman, Dostoevsky, Rimbaud, Lewis Carroll, Proust and D. H. Lawrence--Katy Masuga examines their influence on Miller's work as well as Miller's retroactive impact on their writing. She explores four forms of intertextuality in relation to each 'ancestral' author: direct allusions, unconscious style, reverse influence and participation of the ancestral author as part of the story within the text. The study is informed by the theories of polyvocality from Bakhtin, Barthes and Kristeva and of language games and the indefatigability of writing in the work of Blanchot, Wittgenstein and Deleuze. By presenting Miller in intertextual context, he emerges as a noteworthy modernist writer whose contributions to literature include the struggle to find a distinctive voice alongside a distinguished lineage of literary figures.

Henry Miller Lawrence J. Shifreen,1979 No descriptive material is available for this title.

From Your Capricorn Friend Henry Miller,Irving Stettner,1984 Presents the best of Miller's contributions to Stroker magazine, which included prose, letters, and drawings ranging in subject matter from his daily activities to Isaac Bashevis Singer's Nobel Prize acceptance speech.

Henry Miller Robert Ferguson,2012-04-17 Bohemian, egoist and prophet of sensualism, Henry Miller remains to many writers and readers a literary lion. Born in Brooklyn in 1891, son of a tailor of German extraction, Miller would embrace a freewheeling existence that carried him through umpteen jobs and sexual encounters, providing rich source material for the novels he would write. Greenwich Village and Paris in the 1920s offered rich pickings, as did Miller's ten-year affair with Anais Nin. But he was 69 before *Tropic of Cancer* was legally published in the US and made him famous, almost 30 years from its composition and long after his peers had devoured it in contraband French editions. Robert Ferguson reveals Miller as a amalgam of vulnerability and insouciance, who endured thirty years of official opprobrium but won the respect of Orwell, T.S. Eliot and Lawrence Durrell, and readers by the thousand. 'This impressive biography [is] good, dirty fun.' Observer 'Engaging and perceptive.' Economist 'Lively and entertaining.' J.G. Ballard

The Unknown Henry Miller Arthur Hoyle,2016-08-02 Henry Miller was one of the most distinctive voices in twentieth-century literature, yet he remains misunderstood. Better known in Europe than in his native America for most of his career, he achieved international success and celebrity during the 1960s when his banned "Paris" books—beginning with *Tropic of Cancer*—were published here and judged by the Supreme Court not to be obscene. *The Unknown Henry Miller* recounts Miller's career from its beginnings in Paris in the 1930s but focuses on his years living in Big Sur, California, from 1944 to 1961, during which he wrote many of his most important books, including *The Rosy Crucifixion* trilogy, married and divorced twice, raised two children, painted watercolors, and tried to live out a credo of self-realization. Written with the cooperation of the Henry Miller and Anaïs Nin estates, *The Unknown Henry Miller* draws on material previously unavailable to

biographers, including interviews with Lepska Warren, Miller's third wife. Behind the "bad boy" image, Arthur Hoyle finds a man whose challenge of literary sexual taboos was part of a broader assault on the dehumanization of man and commercialization during the postwar years, and he makes the case for restoring this groundbreaking writer to his rightful place in the American literary canon. Skyhorse Publishing, along with our Arcade, Good Books, Sports Publishing, and Yucca imprints, is proud to publish a broad range of biographies, autobiographies, and memoirs. Our list includes biographies on well-known historical figures like Benjamin Franklin, Nelson Mandela, and Alexander Graham Bell, as well as villains from history, such as Heinrich Himmler, John Wayne Gacy, and O. J. Simpson. We have also published survivor stories of World War II, memoirs about overcoming adversity, first-hand tales of adventure, and much more. While not every title we publish becomes a New York Times bestseller or a national bestseller, we are committed to books on subjects that are sometimes overlooked and to authors whose work might not otherwise find a home.

Tropic of Cancer Henry Miller, 2015 Set in Paris in the 1930s, this novel features a starving American writer who lives a bohemian life among prostitutes, pimps, and artists. It asks us to reconsider everything we know about art, freedom, and morality.

What You Need To Read To Know Just About Everything Allen Scarbrough, 2002-08-15 This book is designed as a guide to the world's great literature for the uninitiated or marginally familiar. Author commentary guides the reader into the why's of each work and its importance for a self-education. Designed as a one year program for self education this book will also aid in the critical understanding of what literature has to offer the enlightened soul.

The Philosopher's Diet Richard Watson, 2018-04-01 A philosopher's guide to losing weight, and keeping it off, by embracing a whole new approach to life, by the author of The Philosopher's Demise. In this slim volume, a middle-aged philosopher takes on the weighty double challenge of comprehending an expanding universe while fighting an expanding waistline. Witty, thoughtful, and practical, this is a thinking person's guide to the how—and why—of watching what you eat. "I urge you to live at the peak of enjoyment of life," Richard Watson writes. "Descartes said that the essence of the soul is self-consciousness. If you want to enjoy your life, pay attention to what you are doing. Control as much of your life as you can. Live in full consciousness. And don't stop thinking for yourself." Here's an erudite and fascinating combination of common sense, Cartesian philosophy, and the presumption that understanding the mysteries of weight loss and the universe are somehow compatible, even sympathetic, ambitions. If Descartes had written a treatise on losing weight to maintain discipline amidst life's vicissitudes, it would have read much like this. Richard Watson wants you to lose weight, as he did, while gaining new wisdom about yourself—and what you eat.

Seven Contemporary Authors Thomas B. Whitbread, 2014-09-10 These seven critical essays, each on a twentieth-century novelist, are disparate in content, but all are concerned with the problem of evil and inhumanity and with the paradoxes of

human existence. Each essay discusses a different author, but this independence of subject is resolved into a central theme through the interpretive approach followed by the seven critics. Each of the contributors presents his subject against the background of the current disillusionment and frustration of our age. Underlying each essay are undertones of the absurdity of life today for those who consider it thoughtfully, and the contrast between what men would like reality to be and what they actually find. This unity of theme—the problem of evil, of inhumanity, of meaninglessness, the concern for the human being and his future—is developed in an interesting manner. It was exploited in different ways by the seven modern novelists discussed in the essays, and it is presented with different analytical techniques by the seven critics. Yet the reader senses the unity of feeling and purpose amid the diversity of fictional content and critical evaluation. Besides the interpretive Introduction by Thomas B. Whitbread, the book contains the following essays: R. W. Lewis, The Conflicts of Reality: Cozzens' The Last Adam Alan Friedman, The Pitching of Love's Mansion in the Tropics of Henry Miller Roger D. Abrahams, Androgynes Bound: Nathanael West's Miss Lonelyhearts George Clark, An Illiberal Education: William Golding's Pedagogy Vance Ramsey, From Here to Absurdity: Heller's Catch-22 Anthony Channell Hilfer, George and Martha: Sad, Sad, Sad Robert G. Twombly, Hubris, Health, and Holiness: The Despair of J. F. Powers

Library Journal, 1877 Includes, beginning Sept. 15, 1954 (and on the 15th of each month, Sept.-May) a special section: School library journal, ISSN 0000-0035, (called Junior libraries, 1954-May 1961). Also issued separately.

Fine Books Alfred William Pollard, 1912

In the Spirit of Powys Denis Lane, 1990 This work is a collection of essays on the work of John Cowper Powys, the English novelist and Nobel nominee. The critical intention of these essays is to provide a picture of Powys's achievement.
