*The Fantasy of Disability* Jeffrey Preston, 2016-07-15 What are the unconscious fantasies circulating in representations of disability? What role do these fantasies play in defining the condition of disability? What can these fantasies teach us about human vulnerability writ large? *The Fantasy of Disability* explores how popular culture texts, such as *Degrassi: The Next Generation* and *Glee*, fantasize about what life with a physical disability must be like, while at the same time exerting tremendous pressure on disabled individuals to conform their identity and behaviour to fit within the margins of these societally perpetuated archetypes. Rather than merely engaging with how disability is represented, though, this text investigates how representations of disability reveal their nondisabled producers to be perpetually anxious subjects, doomed to fear not just the disabled subject but the very reality of disability lurking within. Situated at the nexus of disability studies, media studies and psychology, this text presents an innovative way of analyzing representations of disability in popular culture, inverting the psychoanalytic gaze back upon the nondisabled to investigate how disability can become a lens through which to interrogate the normate subject.

Queer in the Choir Room Michelle Parke, 2014-10-28 These new essays examine the many ways that issues of gender and sexuality intersect with other identities and practices--including race, religion, disability, music and education--on the Fox hit program *Glee*. With gender and sexuality concerns at the crux, the authors tackle such specific aspects of the show as the coming out narrative, *Glee* fandom and fan fiction, representation of sex education, and the intersection of Broadway music and queerness. The aim of these essays is to open up a dialogue about *Glee*--which is often dismissed by critics and fans alike--and to reveal how scholars are critically engaging with the show around issues of gender and sexuality.

**The World of Musicals** Mark A. Robinson, 2014-04-17 This wide-ranging, two-volume encyclopedia of musicals old and new will captivate young fans—and prove invaluable to those contemplating staging a musical production. Written with high school students in mind, *The World of Musicals: An Encyclopedia of Stage, Screen, and Song* encompasses not only Broadway and film musicals, but also made-for-television musicals, a genre that has been largely ignored. The two volumes cover significant musicals in easily accessible entries that offer both useful information and fun facts. Each entry lists the work's writers, composers, directors, choreographers, and cast, and includes a song list, a synopsis, and descriptions of the original production and important revivals or remakes. Biographical entries share the stories of some of the brightest and most celebrated talents in the business. The encyclopedia will undoubtedly ignite and feed student interest in musical theatre. At the same time, it will prove a wonderful resource for teachers or community theatre directors charged with selecting and producing shows. In fact, anyone interested in theatre, film, television, or music will be fascinated by the work's tantalizing bits of historical and theatre trivia.

**Susan Boyle, Professional Singer: The Third Six Months** Lucyb Lightner, 2011 This book is the third in a series chronicling the significant daily occurrences in the public arena of the Susan Boyle world as she pursued her dream of becoming a Professional Singer and became an International Singing Sensation. The information was gleaned from available public sources and the Forum at Susan-Boyle.com for the six months from July 1 thru December 31, 2010. The absolute highlight of this six-month period, July 1 to December 31, 2010, in Susan's professional career, and, as a devout Catholic, of her life, was performing at the Papal Mass and meeting Pope Benedict XVI at Bellahouston Park in Glasgow on September 16. Other highlights include the publication of her memoir, *The Woman I was Born to Be*; the release and incredible success of her second album, *The Gift*; her music video of *Perfect Day*; plus many interviews and performances in the United Kingdom and United States.

*Reconstructed World* Barbara Roberts, 1996-06-18 Born in Leicester, England, and raised in a working-class family, Richardson emigrated to northern Manitoba in 1911. She was influential in the women's and peace movements in both countries. Devoutly religious, she challenged orthodoxy and worked outside the mainstream churches for peace and social justice. She cofounded one of the earliest suffrage groups in Manitoba and was a key activist in peace movements during the Boer War and World War I. She also served as an information centre for international antiwar news and ran an internationally focused women's peace crusade in World War I from her Manitoba farmhouse via the post and newspaper columns. Richardson was also a gifted writer and poet. She wrote on a variety of women's movement issues for British and Canadian newspapers and magazines, including *Woman's Century*, the magazine of the National Council of Women of Canada. Her outcries against war, her indictment of militarism, and her call for women and men to stand together for justice were powerful messages that still have resonance today. Tragically, poor health, both mental and physical, interfered with Richardson's work and prevented her from achieving the recognition attained by feminist contemporaries such as Nellie McClung.
