**Stomp Off, Let's Go** Ricky Riccardi,2025-01-06 The revelatory origin story of one of America's most beloved musicians, Louis Armstrong How did Louis Armstrong become Louis Armstrong? In *Stomp Off, Let's Go*, author and Armstrong expert Ricky Riccardi tells the enthralling story of the iconic trumpeter's meteoric rise to fame. Beginning with Armstrong's youth in New Orleans, Riccardi transports readers through Armstrong's musical and personal development, including his initial trip to Chicago to join Joe King Oliver's band, his first to New York to meet Fletcher Henderson, and his eventual return to Chicago, where he changed the course of music with the Hot Five and Hot Seven recordings. While this period of Armstrong's life is perhaps more familiar than others, Riccardi enriches extant narratives with recently unearthed archival materials, including a rare draft of pianist, composer, and Armstrong's second wife Lillian Lil Hardin Armstrong's autobiography. Riccardi similarly tackles the perceived notion of Armstrong as a sell-out during his later years, highlighting the many ways in which Armstrong's musical style and personal values in fact remained steady throughout his career. By foregrounding the voices of Armstrong and his contemporaries, *Stomp Off, Let's Go* offers a more intimate exploration of Armstrong's personal and professional relationships, in turn providing essential insights into how Armstrong evolved into one of America's most beloved icons.

**Treating the Traumatized Child** Scott Sells, Ellen Souder,2017-12-15 This book builds upon my early work and the work and others by offering a comprehensive guide to practitioners interested in facing and helping to heal trauma and manage the drama systemically with a special focus on children and adolescents. The FST Model is a contribution to the fields of trauma, family sciences, and human development practice. --Charles R. Figley, PhD; Kurzweg Chair in Disaster Mental Health at Tulane University in New Orleans This is the first book that addresses trauma treatment for child and adolescents using a Family Systems Trauma (FST) model which goes beyond individual therapy to include the child and their entire family. Co-written by a renowned family therapist who created the Parenting with Love and Limits® model, it delivers a research-based , step-by-step approach that incorporates the child's immediate family along with their extended family to treat the traumatized child or adolescent. Using a stress chart, the child or adolescent's trauma symptoms are quickly identified. This strategy guides therapists in accurately diagnosing root causes of the child's trauma and culminates in the creation of co-created wound playbooks to heal trauma in both the child as well as other family members. Additional helpful features include extensive case examples, a menu of trauma techniques, wound playbook examples, evaluation forms, client handouts, and other practical tools to provide the therapist with a complete guide to implementing this approach. Child and family therapists, social workers, mental health counselors, and psychologists working in a variety of settings will find this

book a valuable resource. Key Features: Provides a step-by-step, practice focused, time-limited model Uses a family systems approach for addressing child and adolescent trauma--the only book of its kind Includes useful tools such as checklists, client handouts, and evaluation forms
