Khalad Hroub

Sectarianism in Islam Adam R. Gaiser, 2022-11-24 Offers an accessible introduction the main medieval Muslim sects and schools, challenging readers to approach the subject with new methodologies.

Imams and Emirs Fuad Ishaq Khuri, 2014-07-01 In this classic, comprehensive study of Islamic sects in the contemporary Arab world, Khuri focuses on the Sunni, Shi'a, Alawis, Druze, Ibadis, Zaidis, Yazidis and the Maronites (who, although Christian, are included because they share certain distinguishing features). His placements of these groups on a single comparative scale was unprecedented. Khuri argues that conflicts among Muslims arise from the struggle between two opposing forces: religious, doctrinaire authorities (imams) and leaders who derive their authority from power and coercion (emirs). He discusses the role of dogma but also, uniquely, the critical factors that differentiate sects from religious communities and religions from sects. Following a thorough review of the structural characteristics of individual sects, Khuri addresses issues of religious change, dealing with the interplay between religions, states and nationalism. Here he explores the contradictions between modern state structures and the Islamic umma, showing how some religious concepts had begun to take on nationalistic meanings.

Introduction to Islamic Law Jonathan G. Burns , 2014-01-09 "I highly recommend 'Introduction to Islamic Law: Principles of Civil, Criminal, and International Law under the Shari'a' to scholars and any individual who desires to learn about the Shari'a and its basic values through an objective, methodical study." Mohamed A. 'Arafa, Ph.D. Assistant and Adjunct Professor of Law Alexandria University Faculty of Law, Egypt Islamic law (Shari'a) is an all-inclusive legal tradition that creates a seamless web reaching from the public sphere into the private sphere of life. Thus, the Shari'a recognizes no bifurcation between legislation and religion, no wall of separation between the mosque and the state, and no compartmentalization of morality, faith, and law. Nonetheless, the duties under Islamic law can be divided into two large subcategories, the first and most important of which mainly concerns the private, individual relationship between God and man. In contrast, the second duty mainly concerns the public, transactional relationships among individuals which - in a secular framework - is most analogous to "law." Introduction to Islamic Law begins with an overview of Islam as a whole, including a discussion of the sources of Islamic law and sectarian distinctions. Then, the book thoroughly addresses the secondary duties of Islamic law, which govern daily transactions between individuals, including the law of contracts,

property, banking and finance, and familial relations as well as criminal law and procedure and the law of war. The legal rules embodied within the Shari'a are mandatory in jurisdictions adhering to a strict application of Islamic law. However, Islamic law remains highly influential even in Muslim-majority countries with secular legal codes. Nevertheless, given recent developments in the Arab world, as well as the rise of terrorism in the name of Islam, the Shari'a is a subject that has seeped into the national dialogue of wholly secular, non-Muslim jurisdictions. Thus, *Introduction to Islamic Law* is offered for scholars and students – both Muslim and non-Muslim, with or without a legal background – for the purpose of obtaining a basic understanding of the foundational concepts of the Shari'a.

War and Peace in Islam SM Farid Mirbagheri, 2012-03-13 Mirbagheri traces the revival of Islamic/ist movements, and embarks on a theoretical study of some of the fundamental concepts in Islam and International Relations such as the self, Jihad, peace and universalism. Contemporary cases of conflict in the Middle East are analysed to pose a challenge to the universalist discourse of Western liberalism.

Political Islam Khalad Hroub, 2012-06-15 This volume offers a comprehensive discussion of the contemporary debates within political Islam, providing an in-depth analysis of the specific movements, countries and regions in the Arab world and Israel. The contributors contend that the evolution of Islamic movements is contextual rather than ideological. Therefore, Islamic movements are best understood individually within their own historical, socio-political and cultural setting. Political Islam is an essential reference for academics, researchers and the media, as well as general readers with an interest in Islamic political debates. Contributors include Abdullah Baabood, Youcef Bouandel, Abdelwahab El-Affendi, Kamal Helbawy, Roel Meijer, Ibrahim Moussawi, Tariq Ramadan, Tilde Rosmer, Murad Batal al-Shishani, Sara Silvestri and Camille Tawil.

The Crash of A Civilization Kanchan Banerjee, 2022-07-13 The Current condition of each citizen, the society, and the nation are the result of a deeply complex history. But what we know from history books, especially academic textbooks, are constructs based on the narratives of political powers, colonists, and outdated socioeconomic analysts. The time has come to know and understand our true history from fresh and updated perspectives. The subject of this book is how foreign ideologies and forces Christian, Islamic, and later colonists, western and Marxists' profound and long-term influence have impacted India, her society, and people. With a computer science back-ground, Kanchan Banerjee makes this remarkable and significant contribution, attempting to depict the current era with unique and lively storytelling using carefully studied evidence, logical deduction, and analysis. He has given detailed and comprehensive descriptions and assessments from pre-Islamic Arabia's history, foreign attacks and invasions of the Huns, the Turks to the Islamic rule and occupation in Delhi, and the British colonial and imperial atrocities. How did the crash and fall of a great ancient civilization happen? How has it been wounded the body and soul of a nation to break into several pieces? And what is the way to change the direction to the path of recovery and revival? This book is an effort to find the answers to these questions from our true history. If we know our

past, we can change our future as well.

ISLAM VS CHRISTIANITY - THE FINAL HOLOCAUST Vishnu, 2019-07-23 This book is a comparison of Christianity and Islam, and about the fanatics in Islam whose only purpose of existence is to subjugate the world. 9/11 was but a small example of what the Islamists have as their final strategy for world domination. This book gives facts and figures of Islamic terror in the second half of the twentieth century. It shows the maniacally rabid and fanatical mindset of the Islamists, with the ultimate purpose of creating a worldwide Islamic Caliphate. It is about the impending struggle, which will be a clash of civilizations; a final holocaust—a doomsday scenario.

Hadith to Denomination Abdul Waheed, Today, Islam is the most widespread religion in the world. The religion of Islam is a symbol of unity because it gives equal place to everyone in the mosque, no one small, no big, no rich, no poor, everyone offers namaz together equally. The two main sects of Islam are Shia and Sunni. But still they agree on belief on three subjects – God, Quran and Prophet. There is a hadith that Hazrat Muhammad had said that till the Domsday, Islam will be divided into 73 sects. Don't know which sects the 73 belong to, but still there are many differences and sects between Sunni and Shia. The book discusses the Aqeedah (belief) and Hadith of the sects, along with other famous persons and other topics. Please read it and submit your opinion. An Introduction to the Religion and History of Islam Ikenga R. A. Ozigbo, 1988 This book provides an account of the origins, development and character of Islam as a religion, civilisation and form of society, and instrument of power. It covers the spread of Islam from Morocco through sub-Saharan Africa to Afghanistan and from Turkey through inner Asia and Indo-Pakistan to the East Indies over a time period from the sixth century AD until the second half of the twentieth century. It includes a study of the prophet Muhammad, a study of the basic principles of Islam, a survey of the classical age and the Calliphal State and the emergence of Islamic sects and schools of law. The latter part of the book studies globally the 500 years of the middle period of Islamic history and its politics, Islam in modern times, and concludes with a historical profile of Islam in Nigeria from its inception in the eleventh century until the present. The author is a historian at the University of

Nigeria and a cultural Christian. The work is based on fact and is essentially historical in interpretation. It intends to be scholarly in content but manageable for the general reader, and particularly pertinent and informative in the context of Nigeria and existing anxieties between Christianity and Islam.

Life as a Weapon Riaz Hassan, 2014-09-11 Suicide bombing has become a weapon of choice among terrorist groups because of its lethality and ability to cause mayhem and fear. But who carries out these acts, and what motivates them? By undertaking analysis of the information in the most comprehensive suicide terrorism database in the world, *Life as a Weapon* seeks to question and in turn undermine the common perception that the psychopathology of suicide bombers and their religious beliefs are the principal causes. Instead, the book presents a cocktail of motivations that drive suicide bombers, and explains how their actions achieve multiple purposes – community approval, political success, liberation of the homeland, personal redemption or honour, refusal to accept subjugation, revenge, anxiety, defiance. Since the configuration of these driving factors is also specifically related to the circumstances of political conflict in each different country, it is only through gaining understanding and knowledge of these conditions that appropriate policies and responses can be developed that will protect the public and counter the scourge of suicide bombings. *Life as a Weapon* is a pivotal text in the discussion surrounding suicide bombings, and as such it is of relevance to undergraduate students, postgraduates, and researchers working in areas such as Security Studies, Middle Eastern Studies, Terrorism, Criminology and Political Science.

ISLAM & THE QURAN Edward D. Andrews, 2023-06-13 In his latest work, *ISLAM & THE QURAN: Examining the Quran & Islamic Teachings*, renowned scholar Edward D. Andrews delves into the intricacies of one of the world's most influential religions. This comprehensive study is an exploration of Islam, the Quran, and their impact on our world. Starting with the history of Islam, Andrews expertly traces the path from Muhammad's calling to the diverse, global community that follows this faith today. By investigating the role of the Quran, along with the hadiths and Islamic law, Andrews seeks to understand Islam's principles and the interpretations that have shaped its practices over time. The book further examines the Islamic teachings, the concept of abrogation, and the much-debated topic of Jihad. It critiques the teachings that contradict biblical texts and navigates through controversial areas with a scholarly precision that respects the sensitivity of the subject matter. In an analysis of the Quran, Andrews investigates its authenticity and supposed 'miracle.' Is it truly a divine revelation, or does it stem from human conception? He contrasts Quranic interpretation of Jesus and other biblical figures with those in the Bible, unravelling historical and archaeological validation of the scriptures along the way. From evaluating the Quran's internal harmony to understanding the meaning of Jihad, the book digs deep into the heart of Islam. It touches upon the various Muslim sects, their religious practices, and provides a comprehensive look at the punishment for apostasy in Islam. In addressing frequent Muslim criticisms against the New Testament, Andrews not only defends biblical accuracy but also delves into a detailed analysis of Bible difficulties, offering practical procedures for resolving them. Closing with an insightful

examination of Islamic eschatology and the Nation of Islam and its unique beliefs, the book provides a glossary of technical terms and a bibliography for further study.

ISIS Brian L. Steed,2019-10-01 This illuminating work offers readers a comprehensive overview of ISIS, with more than 100 in-depth articles on a variety of topics related to the notorious terrorist group, and more than a dozen key primary source documents. ISIS formed through a combination of a rise in violent extremist ideologies demonstrated on September 11, 2001; the invasion of Iraq; and the Syrian Civil War. This book provides insight into ISIS from its beginnings to the present, through coverage of its people, organizations, and operations. The book begins with an overview of ISIS, which provides context for each of the reference entries that follow. The introductory material also includes entries on the causes and consequences of the conflict between ISIS and the West. The book contains more than 100 reference entries on general and specific topics ranging from key leaders to major terrorist attacks and affiliated organizations. It also includes a carefully curated selection of primary sources that come from a variety of sources including national-level strategy documents, presidential addresses, and ISIS itself. The book concludes with a detailed chronology and annotated bibliography.

The Plain Truth about God 101 Allan W. Janssen,2006-07 Allan W. Janssen has published: The Plain truth About God-101 (what the church doesn't want you to know). God-101 presents a fascinating insight into how the original cult teachings of Jesus were altered by Greek philosophy, Pagan beliefs and Pauline thought to become the sayings of The Christ and the basis of our modern Bible. God-101 gives an analysis of how the priesthood has corrupted Christianity and the other major religions. It shows how Dogma has led to the polarization of different sects within the same religion, (Catholic/Protestant - Shiite/Sunni) and how religious strife affects society as a whole, including the upcoming world - wide clash between Christianity and Islam! The book can be reviewed at <http://www.God-101.com> or <http://groups.msn.com/God-101>

Muhammad and Islam Bharat Singh,2021-04-05 What was so special about Muhammad that caused people to follow him, obey him, and trust him when he declared he was a prophet? Bharat Singh, a retired professor, covers the prophet's extraordinary achievements in this academic work. He examines how in a short period, from the time Muhammad became a prophet to his death, he successfully converted most Arabs and many others to Islam. At the same time, he also established an Arab kingdom and developed a religious doctrine based on Allah's messages and his examples, followed by about two billion Muslims today. In simple language, the author answers questions such as: • What are the doctrines, beliefs, and rituals of Islam? • What is the meaning behind the traditions and practices of Muslims? • How does the Quran shape behavior in daily life, social customs, gender issues, marriage, divorce, legal and illegal sexual relationships, and more? • Why Muslims put faith in the divinely inspired judicial system of sharia instead of laws formed by humans. Knowing the

immense curiosity in the west of the violent acts carried by some Muslim groups claiming their actions as jihad sanctioned under Islam, Dr. Singh reviews jihad's doctrine and history. He also devotes a chapter to the jihadi agenda of around last hundred years and prominent terrorist organizations like Muslim Brotherhood, Hamas, Al-Qaida, ISIS, Taliban, and Hezbollah.
