Modern Hospitality Whitney Miller, 2011-07-05 Known by TV viewers as the Mississippi belle whose demure demeanor belied nerves of steel and true culinary skill, America watched Whitney Miller crush the competition and become the first winner of MasterChef Season 1. Now Whitney's long-awaited dream of writing her first cookbook has come true as she shares her favorite recipes and entertaining secrets in Modern Hospitality. As a little girl in small-town Mississippi, Whitney grew up cooking at the elbows of true masters of Southern cuisine: her mother, grandmothers, and great-grandmothers. From the secret to making perfect, flaky biscuits to the art of whipping up Sunday supper for a crowd, Whitney not only learned how to create much-loved dishes for friends and family but also discovered the most essential ingredient for any meal: hospitality. In Modern Hospitality, Whitney offers a fresh take on classic dishes passed down throughout generations of Southern women. In addition to providing more than 75 original recipes that showcase regional ingredients and authentic flavors, Whitney also shares her stories of family, tradition, and suggestions for effortless entertaining. Bring a taste of the South into your home with dishes like Oven-Fried Catfish, Shrimp and Sausage with Grits Soufflé, Mississippi Cheesesteak, and Sweet Potato Peanut Butter Blondies. With recipes this simple, elegant, and delicious, it's easy to turn any occasion into something special.

I Want to Change My Life Barrie Gunter, 2014-07-24 Competition talent shows have been among the most popular on television in the 21st century. The producers of these shows claim to give ordinary people extraordinary opportunities to change their lives by showcasing a specific skill leading to a new career trajectory. Most participants will claim that they entered to get a big break and to develop a career they have always dreamed of. To what extent do these shows deliver on such promises? Following through what happens to leading contestants in singing, entertainment, modelling, cooking and business entrepreneur competitions, this book shows that few go on to achieve lasting success in their chosen career. Many return to obscurity or to their previous lives. Some enjoy a low level career in the new direction delivered by the competition they entered. Just a few become truly successful. The pop and entertainment themed contests have discovered just a handful of major pop stars and entertainers out of many hundreds who have taken part after the initial auditions. Turning to the cookery or business franchises, there are few who go on to achieve lasting success in their chosen career. In these it is equally likely that the winners go on to enjoy success with media careers rather than as chefs or entrepreneurs. The most successful franchise of all is the fashion model competition (Next Top Model), which has yielded a high hit rate in terms of career success. What the analysis here also reveals is that it isn't only the winners who ultimately benefit the most from their appearances in these shows. Moreover, television picks its own stars by recruiting contestants because they are telegenic or have a good backstory as much as for their relevant talents. In this way, a talent hungry medium has co-opted these franchises to replenish its own needs.
